

A scenic landscape featuring rolling mountains and a valley. The sun is setting or rising on the right side, creating a warm, golden glow across the sky and the mountain peaks. The foreground shows dark, silhouetted mountain ridges, while the background features more distant, hazy mountain ranges.

There are better things ahead
than any we leave behind.

The Eternal Code Pasquale De Marco,2025-05-20 In this thought provoking and inspiring book Pasquale De Marco takes readers on a journey to explore the eternal code that governs the universe Drawing on wisdom from a variety of sources including philosophy religion and science Pasquale De Marco argues that there is a set of universal principles that guide our lives and shape our destiny The eternal code is not a set of rules or commandments It is a set of principles that are based on the fundamental nature of reality These principles are universal and unchanging and they apply to everyone regardless of their culture religion or beliefs The eternal code tells us that we are all connected to something greater than ourselves We are all part of a web of life and our actions have consequences for others The eternal code also tells us that we have a responsibility to care for the planet and to live in harmony with all living beings Living in harmony with the eternal code is not always easy It can be difficult to love someone who has hurt us to be kind to someone who is unkind to us or to do what is right when it means sacrificing our own self interest But even though it is difficult it is essential that we try to live in harmony with the eternal code When we live in harmony with the eternal code we experience a sense of peace and fulfillment We feel connected to something greater than ourselves and we know that we are on the right path When we violate the eternal code we experience a sense of guilt and shame We feel disconnected from ourselves from others and from the universe Pasquale De Marco offers a unique perspective on the eternal code drawing on personal experience ancient wisdom and modern science to provide a comprehensive understanding of this mysterious and powerful force This book is essential reading for anyone who is interested in exploring the deeper meaning of life and discovering their place in the universe If you like this book write a review on google books

Coffee With A Coffin Alok Ranjan,2022-11-22 An invaluable resource and essential reading for anyone who is alive There is only one certainty in life Death No one is immune from it And yet we still find it difficult to talk about it It remains a taboo subject and when faced with it people turn to things they believe will shield them from it But avoiding talking about death doesn t prevent it from happening and only perpetuates our fears and false assumptions surrounding it Coffee with a Coffin aims to change this narrative and the way we view death and in turn life Through edifying anecdotes and real life stories the author gives readers an eye opening perspective on death and highlights the immense capabilities of man once he accepts his mortality The book combines inspiration humour and intelligence to showcase the significance of acknowledging our impermanence to lead a more meaningful fruitful and fulfilling life In a nutshell Coffee with a Coffin is an invitation to redefine your life by discovering what it truly means to be alive

[My Green Manifesto](#) David Gessner,2011-07-12 All environmentalism is local A wonderfully readable book about saving the planet by

focusing first on our own habitats The Boston Globe Though environmental awareness is on the rise our march toward ecological collapse continues What was once a movement based primarily on land preservation endangered species and policy reform is now a fractured mess of back to the landers capitalist green lifestyle vendors technology worshipers and countless special interest groups Inspired by a rough and tumble journey across country and down river David Gessner a John Burroughs Award winner makes the case for a new environmentalism In a frank funny and incisive call to arms that spans from the Cape Wind Project to the Monkey Wrench Gang he considers why we do or do not fight to protect and restore wilderness and reminds us why it s time to join the fray Known as an environmental advocate reminiscent of Edward Abbey Library Journal Gessner rebels against this fragmented environmentalism and holier than thou posturing He also suggests that global problems though real are disempowering While introducing us to lovable stubborn Dan Driscoll a regular guy fighting a local fight for a limited wilderness he argues for a movement focused on local issues and grounded in a more basic more holistic and ultimately more effective defense of home Funny and inspiring Publishers Weekly starred review **Our Reason for Being** T. F. Leong,2022-08-11 Ecclesiastes is a persuasive speech with a rhetoric so unique that it can be easily misunderstood It speaks powerfully to believers as well as nonbelievers because it addresses the question of the meaning of life in the most satisfying way The heart of this book is an expositional commentary that interprets Ecclesiastes as authoritative Scripture It seeks to recover the rhetoric of the speech in terms of its comprehensive message on the meaning of life as well as its compelling force to get the message across Preceding the expositional commentary is an introduction to Ecclesiastes that presents a new approach to outlining and reading Ecclesiastes as a coherent speech It also presents an overview of the forest the overall rhetorical flow of the speech from beginning to end This is to prevent one from getting lost when immersed in the trees of the expositional commentary Following the expositional commentary are two topical studies to give Ecclesiastes the breadth and depth of coverage it deserves The first is an interdisciplinary exposition on the meaning of life The second is an interpretive essay to defend exegetically the interpretation of Ecclesiastes as a coherent speech

KARMIC RELATIONSHIPS VOLUME 2 Rudolf Steiner,2015-09-07 During 1924 before his last address in September Rudolf Steiner gave over eighty lectures on the subject of karma to members of the Anthroposophical Society These profoundly esoteric lectures examine the underlying laws of reincarnation and karma and explore in detail the incarnations of certain named historical figures In Rudolf Steiner s words the study of karma is a matter of penetrating into the most profound mysteries of existence for within the sphere of karma and the course it takes lie those processes which are the basis of the other phenomena of world existence In this second volume of the series Rudolf Steiner considers individual karmic relationships in history for example Marx and Engels as well as surveying karma in human life the shaping of karma after death and the cosmic form of karma Outsmarting the Deadbeat Onesimus Malatji, Outsmarting the Deadbeat Tales of Survival and Empowerment delves into the lives of wealthy influential men who use their charm and societal standing to lure

unsuspecting women into emotionally destructive relationships. Often promising a life of luxury and companionship, these men disappear when their true responsibilities, often in the form of unplanned children, start to materialize. But this book is not just a catalogue of betrayals and shattered dreams. It's a guidebook for resilience, a narrative of empowerment that follows the women who refuse to become lifelong victims of these deadbeat men. From facing financial ruin and social stigma to discovering an inner reservoir of strength, the women profiled rise above their circumstances. They rebuild their lives, often finding their true calling in the process, whether it be returning to school, launching successful businesses, or becoming advocates for other women ensnared in similar predicaments. Rather than relying on clichéd psychological theories, *Outsmarting the Deadbeat* serves as a practical roadmap, offering real-life examples and actionable advice to women finding themselves caught in a web of deceit. It aims to inspire, showing that even in the darkest of situations, there exists a path to reclaiming control, achieving financial independence, and most importantly, rediscovering self-worth.
