What's Wrong with Money? Michael Ashton, 2016-02-11 The expert guide to understanding and surviving monetary failure What s Wrong with Money explores how and why money is valued and the warning signs that point to its eventual collapse Author Michael Ashton is widely regarded as a premier expert on inflation and in this book he illustrates how the erosion of trust in central banks is putting us at high risk of both near and long term inflation and a potentially very serious disruption It s not about a conspiracy surrounding inflation reporting it s about the tentative agreement we all carry that lends money its value This value isn t necessarily inherent while some currency is backed by stored value others are not This book walks you through the history of currency and details the ways in which it can fall apart You ll learn how to invest in any type of collapse scenario and you ll gain expert insight into the warning signs that signal a coming shock to the financial system Track the history of monetary value Consider how money could die slowly or quickly Learn investment strategies for both slow and quick scenarios Examine potential causes of erosion of trust in the monetary system and the chilling results of such erosion An economic system without money is incredibly inefficient but our shared agreement in monetary value has historically never been enough What s Wrong with Money shows you the lessons from the past and the reality of the present and helps you make plans for the future of money

The Bitcoin Dystopia Dunstan Teo, Alvin Chiang, 2019-05-30 Bitcoin the brainchild of Satoshi Nakamoto is as unfathomable as its elusive creator Is it an instrument of exchange like currency notes or is it an investment tool While many of us could still be grappling with the concept of cryptocurrency fortunes have already been built and lost lives have been impacted and in some cases ruined in this whole new uncharted universe of digital money Piecing together published information from various sources The Bitcoin Dystopia The Prelude offers a bird s eye view of the current state of affairs with regard to cryptocurrency and the larger world in which it is situated At the same time the book makes a bold prediction about the future of the world through a provocative storytelling approach that is atypical of non fiction Bitcoin is unorthodox and any attempt to grasp its
