part 2
Wolfe's Heart

A woman's legs in red high heels are the central visual element, positioned diagonally across the frame. The legs are fair-skinned and the shoes are a vibrant red with a glossy finish. The background is a dark, swirling pattern of green and red, with a bright green, grass-like texture on the right side.

The Irish Short Story at the Turn of the Twenty-First Century Madalina Armie, 2022-12-30 In the mid 1990s Ireland was experiencing the best of times The Celtic Tiger seemed to instil in the national consciousness that poverty was a problem of the past The impressive economic performance ensured that the Republic occupied one of the top positions among the world's economic powers During the boom dissident voices continuously criticised what they considered to be a mirage identifying the precariousness of its structures and foretelling its eventual crash The 2008 recession proved them right Throughout this time the Irish contemporary short story expressed distrust Enabled by its capacity to reflect change with immediacy and dexterity the short story saw through the smokescreen created by the Celtic Tiger discourse of well being It reinterpreted and captured the worst and the best of the country and became a bridge connecting tradition and modernity The major objective of this book is to analyse the interactions between fiction and reality during this period in Ireland by studying the short stories written by old and emergent voices published between the birth of the Celtic Tiger in 1995 up to its immediate aftermath in 2013

The Irish Affair Linda Christian Diver, 2018-10-01 With the terrifying and seemingly inevitable war between Britain France and Germany looming like storm clouds on the horizon Scottish architect Lawrence McKellan uproots his Edinburgh household and moves his wife two children and brother to the safety of Ireland's controversial neutrality He purchases properties in the rural setting of County Mayo and sets his wife Helen up as a hotelier and his brother Harry as a gentleman farmer While somewhat jarred by

Lawrence's compulsory resettlement the family adjust quickly to the beauty of their surroundings and the charm and culture of the Irish people Unfortunately even Ireland's verdant countryside is marred by shades of grey And when Lawrence joins British Intelligence a shroud of secrecy soon entangles him leaving Helen to battle inner turmoil and Harry to pursue his own agenda with severe consequences Cooper O Neil is Irish through and through When he was only a child his Catholic father an ardent IRA supporter was brutally killed for his beliefs and his sister Sophie was marred for life in an ambush by a group of Protestant schoolgirls The British had been a thorn in the side of Ireland for generations causing Cooper more anguish by the time he reaches his teens than most people face in a lifetime Now a hardened man with a steely determination to scrape British shite from Ireland's weathered boots Cooper has more power than a man of his nature should probably yield Shaped by his past Cooper takes his pain and anger and sharpens them into a thorn of his own When temptation and ambition pair with distance and deceit the innocent and guilty are both driven to acts they never thought possible and consequences they never imagined

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites

Elizabeth Bowen Neil Corcoran, 2004-09-16 Elizabeth Bowen is a writer who is still too little appreciated Neil Corcoran presents here a critical study of her novels short stories family history and essays and shows that her work both inherits from the Modernist movement and transforms its experimental traditions Elizabeth Bowen The Enforced Return explores how she adapts Irish Protestant Gothic as a means of interpreting Irish experience during the Troubles of the 1920s and the Second World War and also as a way of defining the defencelessness of those enduring the Blitz in wartime London She employs versions of the Jamesian child as a way of offering a critique of the treatment of children in the European novel of adultery and indeed implicitly of the Jamesian child itself Corcoran relates the various kinds of return and reflex in her work notably the presence of the supernatural but also the sense of being haunted by reading to both the Freudian concept of the return of

the repressed and to T S Eliot's conception of the auditory imagination as a return to the origin Making greater interpretative use of extra fictional materials than previous Bowen critics notably her wartime reports from neutral Ireland to Churchill's government and the diaries of her wartime lover the Canadian diplomat Charles Ritchie Corcoran reveals how her fiction merges personal story with public history Employing a wealth of original research his radical new readings propose that Bowen is as important as Samuel Beckett to twentieth century literary studies a writer who returns us anew to the histories of both her time and ours
