Toward The Light A Message To Mankind From The Transcendental World:

Toward the Light Johanne Agerskov,1979 The sub title of this deeply moving and compelling work defines it as a message to mankind from the transcendental world thus placing it firmly among the very few books which are held to be of supernatural origin Toward the Light is about love and forgiveness It is about peace and the unification of a divided humanity and about achieving a more complete understanding of ourselves For some this book will be controversial reading It explains such things as the true nature of Good and Evil the mystery of Reincarnation and the consequences of the Law of Reciprocal Action The Law of Karma It answers theological questions such as how can we reconcile belief in God who is all good and all powerful with the existence of a world that contains so much that is incontestably evil It is quite simply a work of revealed knowledge that bears on the fundamental problems of life and upon the reality of death The book offers a message to all regardless of race religion or creed All that is asked is that the reader should keep an open mind and be guided by his or her conscience That being the case Toward the Light will illuminate the spirit of all who open themselves to its message for its message is truly a gift of love to every human being *Toward the Light!* Michael Agerskov,1920-03-01 Toward the Light is a message to humanity from the transcendental world An account of man s creation about the necessity of reincarnation for our spiritual development and the struggle between good and evil light and darkness **Toward the Light** Michael Agerskov,1979 *Toward the Light* Michael Agerskov,1976 **Channeling** Jon Klimo,1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide *Time* Briton Hadden, Henry Robinson Luce,1980-04 **Mother Jones Magazine** ,1985-11 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **Paperbound Books in Print** ,1991 **New Statesman and Nation** ,1982 **New Realities** ,1981 *Bibliographic Guide to Psychology* New York Public Library. Questions and Answers Johanne Agerskov,1979 This book combines the first and second supplement to *Toward the Light* in one volume and contains commentaries on the message of *Toward the Light* It answers questions on the origin of human existence on the problems of life on Earth and on our relationship to God It explains the cause of evil in this world and the grief and suffering of human existence Together the two supplements offer a wealth of concise information covering a wide range of subjects from science to philosophy in a way that casts light on practically every aspect of life It was furthermore the wish of the transcendental world that human beings should be given authentic guidance in the important area of sexual matters This guidance has been included as a special appendix to this book entitled *Marriage Birth Control and Abortion* since it was not occasioned by questions from the earthly world *Publishers' Trade List Annual, 1980* Bobbs-Merrill Educational Co,1980
