Skeat,1955

Compte-rendu de : Charles Astruc,1958 **The Collected Biblical Writings of T.C. Skeat** Keith Elliott,2004-08-01 A high proportion of the many articles published by the papyrologist T C Skeat 1907 2003 a former Keeper of Manuscripts at the British Museum concerns the New Testament This present collection gathers together papers on Biblical and related matters contributed by Skeat for over sixty years to various publications The book divides these into three sections ancient book production studies on particular Biblical manuscripts and textual criticism In his Introduction J K Elliott assesses the importance of Skeat s work and he incorporates from personal correspondence some of Skeat s later thinking on these topics A full Bibliography of Skeat s writings is included *Manuscripts, Texts, Theology* David C. Parker,2009 David C Parker is one of the world s foremost specialists in New Testament textual research This volume brings together his most important short writings on the topic in a revised and updated version They cover studies of individual manuscripts *Impagination - Layout and Materiality of Writing and Publication* Ku-ming (Kevin) Chang,Anthony Grafton,Glenn W. Most,2021-01-18 This volume is a comparative study of the practice of impagination across different ages and civilizations By impagination we mean the act of placing and arranging spatially textual and other information onto a material bearer that could be made of a variety of materials papyrus bamboo slips palm leaf parchment paper and the computer screen This volume investigates three levels of impagination what is the page or other unit of the material bearer what is written or printed on it and how is writing or print placed on it It also examines the interrelations of two or all three of these levels Collectively it examines the material and materiality of the page the variety of imprints cultural and historical conventions for impagination interlinguistic encounters the control of editors scribes publishers and readers over the page inheritance borrowing and innovation economics aesthetics and socialities of imprints and impagination and the relationship of impagination to philology This volume supplements studies on mise en page and layout an important subject of codicology first by including non codex writings second by taking a closer look at the page or other unit than at the codex or book and third by its aspiration to adopt a globally comparative approach This volume brings together for comparison vast geographical realms of learning including Europe China Tibet Korea Japan and the Near Eastern and European communities in which the Hebrew Bible was transmitted This comparison is significant for Europe China and India all developed great traditions of learning which came into intensive contact The contributions to this volume are firmly rooted in local cultures and together address global comparative themes that are significant for multiple disciplines such as intellectual and cultural history of knowledge both

humanistic and scientific global history literary and media studies aesthetics and studies of material culture among other fields

The Text of New Testament B.M. Metzger, B.D. Ehrman, 1968 The Freer Biblical Manuscripts Larry W. Hurtado, 2006 The six biblical manuscripts that reside in the Freer Gallery of Art in Washington DC are historically significant artifacts for tracing the early history of the transmission of the writings that make up the New Testament and the Septuagint. The manuscripts all purchased in Egypt at the beginning of the twentieth century by Charles Freer date to the third through fifth centuries and include codices of the four Gospels Deuteronomy and Joshua the Psalms and the Pauline Epistles as well as a Coptic codex of the Psalms and a papyrus codex of the Minor Prophets which until the discovery of the Dead Sea Scrolls was the earliest Greek manuscript of the Minor Prophets known. The ten essays in this volume are a notable collection of fresh scholarship with long term value for the study of what is a small but highly valuable treasure trove of biblical manuscripts. The contributors are Malcolm Choat Kent D Clarke Kristin De Troyer Timothy J Finney Dennis Haugh Larry W Hurtado J Bruce Prior Jean Francois Racine James R Royse Ulrich Schmid and Thomas A Wayment.
