Wake Up Herobrines Revival Series Book 1:

Herobrine's Hunters Book 1 Mini Miner, Waterwoods Fiction, 2023-11-10 Minecraft has always been Lakely's safe haven. The game, its inner workings, and everything it offered allowed Lakely to be happy and do what she does best: create skins and play the game. Now she's hunting Herobrine. After Herobrine seemingly taunts her by hacking her computer, Lakely and her friends log in to hunt him down. What they didn't expect was being sucked into the game against their will, waking up inside the world on Minecraft, defenseless. And of course, surrounded by mobs on every side. As Lakely and her friends fight to stay alive, danger lurks at every turn. When they find another human in the game, cursed by Herobrine as well, they learn that they are not alone. They also learn that they are the only ones who can save this world from Herobrine and his dastardly tricks. They learn that they have been destined for this, chosen by Notch himself to save the villagers and humans trapped in that world. As Lakely tries to decide whether to accept her new destiny or stay in the game she loves so much, she is forced to make a choice: Does she stop Herobrine at the cost of the villagers' lives, or does she remain in the game against the wishes of her friends?
