Walter Isaacson Books:

Walter Isaacson Great Innovators e-book boxed set Walter Isaacson, 2011-10-24 This includes the exclusive biography of Steve Jobs and bestselling biographies Benjamin Franklin and Einstein

Walter Isaacson: The Genius Biographies Walter Isaacson, 2019-05-28 This exclusive boxed set from beloved New York Times bestselling author Walter Isaacson features his definitive biographies Steve Jobs Einstein Benjamin Franklin and Leonardo da Vinci If anybody in America understands genius it's Walter Isaacson

Salon Celebrated historian journalist and bestselling author Walter Isaacson's biography collection of geniuses now available in one boxed set the perfect gift for history lovers everywhere

Steve Jobs The enthralling The New Yorker worldwide bestselling biography of legendary Apple cofounder Steve Jobs The story of the roller coaster life and intense creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries personal computers animated movies music phones tablet computing and digital publishing Isaacson's portrait touched millions of readers

Einstein How did his mind work What made him a genius Isaacson's biography of Albert Einstein also the basis for the ten part National Geographic series starring Geoffrey Rush shows how Einstein's scientific imagination sprang from the rebellious nature of his personality His fascinating story is a testament to the connection between creativity and freedom

Benjamin Franklin In this colorful and intimate narrative Isaacson provides the full sweep of Ben Franklin's amazing life showing how the most fascinating Founding Father helped forge the American national identity

Leonardo da Vinci History's consummate innovator and most creative thinker Isaacson illustrates how Leonardo's genius was based on skills we can improve in ourselves such as passionate curiosity careful observation and an imagination so playful that it flirted with fantasy

Benjamin Franklin Walter Isaacson, 2004-05-04 During his 84 year life Benjamin Franklin was America's best scientist inventor publisher business strategist diplomat and writer He was also one of its most practical political thinkers America's first great publicist he carefully crafted his own persona portrayed it in public and polished it for posterity

In this riveting new biography Walter Isaacson provides readers with a full portrait of Franklin's public and private life his loyal but neglected wife his bastard son with whom he broke over going to war with England his endless replacement families and his many amorous but probably unconsummated liaisons But this is not just a biography of Benjamin Franklin but rather a fascinating look at American and European political history at that time Isaacson examines the run up to the Revolutionary War the intimate relations between Britain France and the colonies and the decisive events that led to America's independence

Just as David McCullough brought life to the historic figure of John Adams Isaacson portrays Franklin in the flesh showing readers how this radical man helped define America's national character and personality

Steve Jobs Walter Isaacson, 2021-10-05 Walter Isaacson's enthralling The New Yorker worldwide bestselling biography of Apple cofounder Steve Jobs Based on more than forty interviews with Steve Jobs conducted over two years as well as interviews with more than 100 family members friends adversaries competitors and colleagues Walter Isaacson has written a riveting story of the

roller coaster life and searingly intense personality of a creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries: personal computers, animated movies, music, phones, tablet computing, and digital publishing. At a time when America is seeking ways to sustain its innovative edge, Jobs stands as the ultimate icon of inventiveness and applied imagination. He knew that the best way to create value in the 21st century was to connect creativity with technology. He built a company where leaps of the imagination were combined with remarkable feats of engineering. Although Jobs cooperated with the author, he asked for no control over what was written. He put nothing off limits. He encouraged the people he knew to speak honestly. And Jobs speaks candidly, sometimes brutally so, about the people he worked with and competed against. His friends, foes, and colleagues provide an unvarnished view of the passions, perfectionism, obsessions, artistry, devilry, and compulsion for control that shaped his approach to business and the innovative products that resulted. Driven by demons, Jobs could drive those around him to fury and despair. But his personality and products were interrelated, just as Apple's hardware and software tended to be, as if part of an integrated system. His tale is instructive and cautionary, filled with lessons about innovation, character, leadership, and values. Steve Jobs is the inspiration for the movie of the same name, starring Michael Fassbender, Kate Winslet, Seth Rogen, and Jeff Daniels, directed by Danny Boyle, with a screenplay by Aaron Sorkin.

Einstein Walter Isaacson, 2008-05-13 From Isaacson, the bestselling author of Benjamin Franklin, comes the first full biography of Albert Einstein since all his papers have become available: a fully realized portrait of a premier icon of his era.

Elon Musk Walter Isaacson, 2023-09-12 The #1 New York Times and global bestseller from Walter Isaacson, the acclaimed author of *Steve Jobs*, *Einstein: His Life and World*, *Benjamin Franklin*, and *Leonardo da Vinci*, is the astonishingly intimate story of the most fascinating, controversial innovator of modern times. For two years, Isaacson shadowed Elon Musk as he executed his vision for electric vehicles at Tesla, space exploration with SpaceX, the AI revolution, and the takeover of Twitter and its conversion to X. The result is the definitive portrait of the mercurial pioneer that offers clues to his political instincts, future ambitions, and overall worldview. When Elon Musk was a kid in South Africa, he was regularly beaten by bullies. One day a group pushed him down some concrete steps and kicked him until his face was a swollen ball of flesh. He was in the hospital for a week. But the physical scars were minor compared to the emotional ones inflicted by his father, an engineer, rogue, and charismatic fantasist. His father's impact on his psyche would linger. He developed into a tough yet vulnerable man, child-prone to abrupt Jekyll and Hyde mood swings, with an exceedingly high tolerance for risk, a craving for drama, an epic sense of mission, and a maniacal intensity that was callous and at times destructive. At the beginning of 2022, after a year marked by SpaceX launching thirty-one rockets into orbit, Tesla selling a million cars, and him becoming the richest man on earth, Musk spoke ruefully about his compulsion to stir up dramas. "I need to shift my mindset away from being in crisis mode, which it has been for about fourteen years now, or arguably most of my life," he said. It was a wistful comment, not a New Year's resolution. Even as he said it, he was secretly buying up shares of Twitter.

the world's ultimate playground Over the years whenever he was in a dark place his mind went back to being bullied on the playground Now he had the chance to own the playground For two years Isaacson shadowed Musk attended his meetings walked his factories with him and spent hours interviewing him his family friends coworkers and adversaries The result is the revealing inside story filled with amazing tales of triumphs and turmoil that addresses the question are the demons that drive Musk also what it takes to drive innovation and progress **Einstein** Walter Isaacson,2009-11-03 From Isaacson the bestselling author of Benjamin Franklin comes the first full biography of Albert Einstein since all his papers have become available a fully realized portrait of a premier icon of his era American Sketches Walter Isaacson,2009-11-24 One of America's most versatile writers author of bestselling biographies such as Steve Jobs and Benjamin Franklin has assembled a gallery of portraits of mostly Americans that celebrate genius talent and versatility and traces his own education as a writer and biographer In this collection of essays the brilliant acclaimed biographer Walter Isaacson reflects on lessons to be learned from Benjamin Franklin Albert Einstein Bill Gates Henry Kissinger Ronald Reagan and Mikhail Gorbachev Hillary Clinton and Bill Clinton and other interesting characters he has chronicled both as biographer and journalist The people he writes about have an awesome intelligence but that is not the secret to their success They had qualities that were even more rare such as imagination and true curiosity Isaacson also reflects on how he became a writer the lessons he learned from various people he met and the challenges for journalism in the digital age He also offers loving tributes to his hometown of New Orleans which offers many of the ingredients for a creative culture and to the Louisiana novelist Walker Percy who was an early mentor In an anecdotal and personal way Isaacson describes the joys of writing and the way that tales about the lives of fascinating people can enlighten our own lives The Innovators Walter Isaacson,2014-10-07 A revelatory history of the people who created the computer and the Internet discusses the process through which innovation happens in the modern world citing the pivotal contributions of such figures as Ada Lovelace Alan Turing Bill Gates and Tim Berners Lee

A Benjamin Franklin Reader Benjamin Franklin,2003 From Poor Richard's Almanac to letters to Jefferson and Adams the words of the America's favorite Founding Father are edited and annotated in this delightful new reader

Yeah, reviewing a book **Walter Isaacson Books** could be credited with your close associates listings. This is just one of the solutions for you to be successful. As understood, attainment does not recommend that you have astonishing points.

Comprehending as skillfully as promise even more than other will have enough money each success. next to, the declaration as with ease as acuteness of this Walter Isaacson Books can be taken as without difficulty as picked to act.
