

what should we tell our daughters?

Despite great strides forward since our mothers' and grandmothers' day, many key issues – equality of pay, equality in the home, representation at senior level in the workplace – remain. Meanwhile casual misogyny is still rife, competitive social media breeds new anxieties and women are bombarded by images of airbrushed celebrities whose status depends on their looks and partners.

In this important book Melissa Benn takes a fresh look at the challenges facing today's young women including:

- The Dark Art of Male Condescension – how to recognize and counter it
- The Strange Connection between Academic Achievement and the rise of Heroin Chic
- The Uses of Anger
- Biological Break Points and how to manage them
- How to Curb Pornography – and the threat of New Puritanism
- The Myth of the Exceptional Woman

This is a manifesto for every mother who has ever had to comfort a daughter who doesn't feel 'pretty', for every young woman who outperforms her male peers professionally and wonders why she is still not taken seriously, and for anyone interested in the world we are making for the next generation.
