Guns of the Old West Charles Edward Chapel,2013-03-06 Written by one of the foremost firearms experts of the twentieth century Charles Edward Chapel s Guns of the Old West is an exhaustively researched document that not only boasts a significant collection of antique Western guns but also categorizes the firearms into easy to reference sections Starting with an introductory chapter on the origins of guns and their earliest uses on the frontier Chapel covers everything from muskets to rifles pistols to revolvers and shotguns to martial arms Three whole chapters are dedicated to the rise and fall of the famous Deringer pistol And as much as Guns of the Old West is an encyclopedic reference manual it s also fascinating historical literature that frames the world in which these guns were used Buffalo guns and hunters are covered along with martial arms of the post Civil War era The gun collection of famous collector and hunter President Theodore Roosevelt is given its own chapter Illustrated with nearly 500 illustrations as well as important artwork from the Western period from artists such as Frederic Remington Guns of the Old West is an essential work for gun collectors and American history enthusiasts

Shooter's Bible Presents Antique Guns Steve Carpenter,2005 For anyone engaged who buys sells or trades antique firearms this guide addresses three basic areas positive identification of the firearm in question a knowledge of the gun s characteristics in order to spot repairs modifications or fakes and how to place a value on the firearm

Winchester Shotguns Dennis Adler,2015-11-10 In the study and appreciation of American history and in understanding the crucial role played by firearms in that extraordinary

saga one of the most famous gunmakers is Winchester Their products are so much in demand that they indisputably hold the title of the Blue Chips of gun collecting And while a notable amount of literature on these marques has appeared in print much of it from the period of post World War II there are still major categories which demand focused books Such works are in response not only to the need to know from students historians and collectors but also are a powerful reflection of the ever expanding explosion of interest in the magical world of firearms The study of arms is a highly visual and technical pursuit Having the objects sitting on a page as if they are on the reader s desk is a true delight Few photographers can equal those images of excellence And no one today can match his combination of skill aptitude and artistry at doing both text and photographs
