Saints and Role Models in Judaism and Christianity Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures

although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more

Liturgies in Honour of Thomas Becket Kay Brainerd Slocum, 2004-01-01 Slocum analyzes the image of Thomas Becket as presented in the liturgies composed in his honour and examines these within the context of the political and social history of the late twelfth and early thirteenth centuries

Queen of Sorrows Bianca M. Lopez, 2024-09-15 Queen of Sorrows takes an original approach to both late medieval Italian history and the history of Christianity using quantitative and qualitative analyses of a remarkable archive of 1 904 testaments to determine patterns in giving to the Virgin of Loreto shrine in the late fourteenth and early fifteenth centuries Bianca M Lopez argues that in central Italy as elsewhere the cult of the Virgin Mary gained new prominence at this time of unprecedented mortality Individuals gave to Santa Maria di Loreto which houses the structure in which Mary is believed to have lived as an expression of their grief in the hope of strengthening family lineages beyond death and to care for loved ones believed to be languishing in purgatory Lopez establishes statistical correlations between different social groups and their donations to Loreto over time uncovering informative new historical patterns such as the prominence of widow and migrant donors in the notarial record The testaments also provide a social history of Recanati revealing how its denizens venerated Mary as a saint with unrivaled spiritual power and uniquely sympathetic to grief having lost her own son Jesus In the fourteenth century plague survivors transformed their anguish into Marian devotion The devastation of the plague brought the Virgin out of noble courts and monasteries and onto city streets As Queen of Sorrows details however the popularity and growing wealth of Loreto's Marian shrine attracted the attention of the papacy and peninsular seigneurial lords who eventually brought Santa Maria di Loreto under the control of the Church

Miracles and the Miraculous in Medieval Germanic and Latin Literature Karin E. Olsen, Antonina Harbus, Tette Hofstra, 2004 Dedicated to the miraculous side of the Germania Latina nexus the essays in this collection treat cultural appropriation in saints lives and other religious texts derived from Latin traditions and transmitted through medieval Germanic vernaculars Miracle stories were appealing narratives which travelled well but were usually adapted for their new audiences to reflect localised interests Approaching this recontextualisation from historical theological and literary points of view the contributions pay particular attention to the way the miraculous is retained and refashioned in Latin texts and vernacular redactions from Anglo Saxon England Iceland and the Continent

Gender, Miracles, and Daily Life Sari Katajala-Peltomaa, 2009 Interaction with the saints was central to the everyday life of medieval Christians The process of praying to a heavenly intercessor not only involved private

devotion but was also intrinsically connected with society at large. It required the individual to communicate and negotiate both with the saint and within a group of devotees thereby exposing social processes such as community dynamics and the construction of gender. Considering these issues and others, *Gender Miracles and Daily Life* focuses on the depositions of the canonization processes of Thomas Cantilupe 1307 and Nicholas of Tolentino 1325. It explores how ordinary laypeople understood the daily responsibilities that determined their relationship to the saints and articulates how their shared narratives contributed to the rituals which surrounded a miracle. This material has been little explored by scholars yet offers a vivid and colourful insight into the world of men and women in the fourteenth century.

Women and Miracle Stories Anne-Marie Korte, 2001

This book contains a multidisciplinary collection of studies on women in miracle stories found in texts ranging from religious classics to contemporary literary fiction. Miracle stories are a genre of great importance for the study of women's religious inheritance and for the historical and cultural understanding of women as makers of faith. Miracle stories are very generally speaking more open to popular religion and culture than for instance doctrinal and official ecclesiastical texts and as such they can be of special interest to the study of women's lives and religious aspirations. Remarkably up till now this genre has not been looked at from this point of view. This book aims to open this field for further research by presenting case studies from diverse angles and disciplines. Some of the questions this book tries to answer are: What do miracle stories specifically tell us about women? Are there some types of miracles that are in particular related to certain groups of women? What do these stories tell us about women as performers and or subjects of miracles? What can be said about the social function and religious meaning of miracles by specifically looking at the way certain groups of women are practising and experiencing miracles? By including research on miracle stories in contemporary fiction written by women this book also wants to acknowledge and research the disputed status of miracles as well of women in our present society which is moving from modernity to post modernity.
