Violence and Politics in Nigeria Remi Anifowose,1982 **Violence in Nigeria** Patricia Taft,Nate Haken,2015-03-03 This book takes a quantitative look at ICT generated event data to highlight current trends and issues in Nigeria at the local state and national levels Without emphasizing a specific policy or agenda it provides context and perspective on the relative spatial temporal distribution of conflict factors in Nigeria The analysis of violence at state and local levels reveals a fractal pattern of overlapping ecosystems of conflict risk that must be understood for effective conflict sensitive approaches to development and direct conflict mitigation efforts Moving beyond analyses that use a broad religious ethnic or historical lens this book focuses on the country's 774 local government areas and incorporates over 10 000 incidents coded by location date and indicator to identify patterns in conflict risk between 2009 and 2013 It is the first book to track conflict in Nigeria during this period which covers the Amnesty Agreement in the Niger Delta and the birth of Boko Haram in the North It also includes conflict risk heat maps of each state and trend lines of violence The authors conclude with a discussion of the nuanced factors that lead to escalating violence such as resource competition and trends in terrorism during this critical point in Nigeria's history Violence in Nigeria is designed as a reference for researchers and practitioners working in security peacebuilding and development including policy makers intelligence experts diplomats national defense and homeland security experts Advanced level students studying public policy international relations or computer science will also find this book useful as a secondary textbook or reference

Displacement and the Politics of Violence in Nigeria Paul Lovejoy,Tokunbo Williams,2021-11-01 This volume examines the political stalemate that has engulfed Nigeria in the 1990s The annulment of the 1993 elections stopped the transition to civilian rule which had begun in 1987 In re establishing its rule the military relied increasingly on repressive measures As rival elites have struggled to control the economy the level of violence and general insecurity has increased Often contending forces are perceived in religious terms with the result that secular strife has become pronounced The military government has thereby been able to manipulate the complexities of religious class and ethnic factors for its own purposes with the result that increasing numbers of Nigerians have left the country

Colonialism and Violence in Nigeria Toyin Falola,2009 Colonialism and Violence in Nigeria looks closely at the

conditions that created a legacy of violence in Nigeria Toyin Falola examines violence as a tool of domination and resistance however unequally applied to get to the heart of why Nigeria has not built a successful democracy Falola's analysis centers on two phases of Nigerian history the last quarter of the 19th century when linkages between violence and domination were part of the British conquest and the first half of the 20th century which was characterized by violent rebellion and the development of a national political consciousness This important book emphasizes the patterns that have been formed and focuses on how violence and instability have influenced Nigeria today

Nigeria's 2019 Democratic Experience Egodi Uchendu, Olawari D. J. Egbe, 2022-06-06 Nigeria's democratisation efforts since attaining political independence from Britain have been tumultuous and have spanned over three successive republics A persistent bug decimating Nigeria's democracy and repeatedly leading to military coups has been brazen electoral violence perpetrated by the nation's political elite Nigeria's 2019 Democratic Experience analyses and explains what went wrong in Nigeria's experiment with democracy Nigeria Africa's most populous nation and the world's seventh most populous nation also contributes 70% of West Africa's population She is sub-Saharan Africa's largest oil producer and has remained Africa's largest economy by GDP since 2014 The country has hundreds of diverse ethnic nationalities and languages grouped into 36 states or federating units and an independent federal capital territory Though recognized as Africa's largest democracy her democratisation process since the 1960s has remained tumultuous with massive electoral violence and political intolerance This repeatedly compelled the military to intervene in the nation's political history in the years 1966 1983 and 1985 It is these developments that provided the motivation for this volume to capture for posterity the conduct of the 2019 General Elections in Nigeria

Gender and Power Relations in Nigeria Ronke I. Ako-Nai, 2013-03-08 Globally women are oppressed and this book introduces the perspective of African women and especially that of Nigerian women This book looks at the major themes that drive the women's empowerment programs in Nigeria Feminists in Nigeria are shaped by the institutions values ideologies and since the 1970s the UN and its agencies have added an international dimension The chapters while taking us through a theoretical overview of Nigerian women's empowerment also shows how institutions values religion and culture can challenge feminist political philosophy a philosophy that tends to universalize women's problems and their solutions

Peace and Violence in Nigeria Tekena N. Tamuno, 1991

Violence in Nigeria Marc-Antoine P rouse de Montclos, 2016 Most of the academic literature on violence in Nigeria is qualitative It rarely relies on quantitative data because police crime statistics are not reliable or not available or not even published Moreover the training of Nigerian social scientists often focuses on qualitative cultural and political issues There is thus a need to bridge the qualitative and quantitative approaches of conflict studies This book represents an innovation and fills a gap in this regard It is the first to introduce a discussion on such issues in a coherent manner relying on a database that fills the lacunae in data from the security forces The authors underline the necessity of a trend analysis to decipher the patterns and the complexity of violence in very different fields from oil

production to cattle breeding radical Islam to motor accidents land conflicts to witchcraft and so on In addition they argue for empirical investigation and a complementary approach using both qualitative and quantitative data The book is therefore organized into two parts with a focus first on statistical studies then on fieldwork Improving Disability Laws under Nigeria's Fourth Republic Philip C. Aka, Joseph Abiodun Balogun, 2022-11-08 Persons living with disabilities PLWDs are imbued with inalienable human rights and have talents and potential that would aid in the Nigerian government's unceasing pursuit of economic development However under Nigeria's Fourth Republic since 1999 implementation of disability laws has been lethargic In Improving Disability Laws under Nigeria's Fourth Republic Ten Measured Steps into the Future Philip C Aka and Joseph Abiodun Balogun explore measures for improving the capacity of the Nigerian national government to implement regional and global treaties related to disability that are human rights centric They emphasize the need for a human rights focus and for the Nigerian government to implement laws that support the potential of PLWDs including their contributions to socioeconomic development Issues in Political Violence in Nigeria, 2005 **Nigeria's Niger Delta Conflict. A Critical Analysis from a Peace Researcher Perspective** Chukwu Ambrose, 2019-05-14 Thesis M A from the year 2018 in the subject Politics Topic Peace and Conflict Security grade Austrian befriedigend B 7 6 University of Innsbruck course Peace Development Security and International Conflict Transformation language English abstract Thinking about security and safety evokes many memories about my family and the past Growing up was bearable as long as I had my siblings and other family members around despite having an almost absent father My father was always busy and we did not bother to ask why he spent most time away from home As a child I had little understanding of the insecurity that reigned in the village and across the entire region However while growing up I was exposed to many dangers that any other young person would never want to face in their life From my personal perspective the issue of insecurity has multiple dimensions Many people would think about massive bloodshed and conflicts when the issue is mentioned However this does not reflect the entire story about insecurity Insecurity could also include lack of appropriate shelter and food human right abuses during times of violence and inaccessibility of shelter I have experienced all those dimensions of insecurity while growing Safety and insecurity have an intrinsic connection hence the absence of safety contributes to insecurity **Why Organised Violence Thrives in Nigeria** Ebimboere Seiyefa, 2020-01-20 For most of its history Nigeria has witnessed sporadic episodes of insecurity a phenomenon traditionally manifested in political electoral religious and ethnic violence and more recently terrorism This book investigates the core issues that have led to and shaped the development and sustenance of organised political violence in Nigeria Focusing on elite political culture and State governance it examines important elements of the socio political environment including zero sum politics identity politics and the politicisation of social cleavages As such it represents an invaluable resource on the issue of organised political violence too often glossed over in research on insecurity in Nigeria Scholars in security studies and national security policy analysts will find this text enlightening **The Military**

and the Management of Civil Crises in Nigeria, 1960-1993 Victor Amanyi Elaigwu, 2003 The War Report Annyssa Bellal, 2015-12-10 This War Report provides detailed information on every armed conflict which took place during 2014 offering an unprecedented overview of the nature range and impact of these conflicts and the legal issues they created In Part I the Report describes its criteria for the identification and classification of armed conflicts under international law and the legal consequences that flow from this classification It sets out a list of armed conflicts in 2014 categorising each as international non international or a military occupation with estimates of civilian and military casualties In Part II each of these conflicts are examined in more detail with an overview of the belligerents means and methods of warfare the applicable treaties and rules and any prosecutions for investigations into or robust allegations of war crimes Part III of the Report provides detailed thematic analysis of key legal developments which arose in the context of these conflicts allowing for a more in depth reflection on cross cutting questions and controversies The Report gives a full and accessible overview of armed conflicts in 2014 It should be the first port of call for everyone working in the field **Nigeria's Economic Crisis**, 1997 **Dawn for Islam in Eastern Nigeria** Egodi Uchendu, 2011 No detailed description available for Dawn for Islam in Eastern Nigeria *Violence in Nigeria* Marc-Antoine Pérouse Pérouse/de@Montclos, 2016 Most of the academic literature on violence in Nigeria is qualitative It rarely relies on quantitative data because police crime statistics are not reliable or not available or not even published Moreover the training of Nigerian social scientists often focuses on qualitative cultural and political issues There is thus a need to bridge the qualitative and quantitative approaches of conflict studies This book represents an innovation and fills a gap in this regard It is the first to introduce a discussion on such issues in a coherent manner relying on a database that fills the lacunae in data from the security forces The authors underline the necessity of a trend analysis to decipher the patterns and the complexity of violence in very different fields from oil production to cattle breeding radical Islam to motor accidents land conflicts to witchcraft and so on In addition they argue for empirical investigation and a complementary approach using both qualitative and quantitative data The book is therefore organized into two parts with a focus first on statistical studies then on fieldwork **Communication and Domestic Violence in Nigeria** Elizabeth A.
