Richard C. Simmons

Visible Saints The History Of A Puritan Idea:

Visible Saints Edmund Sears Morgan, 1965 **Visible Saints** Edmund S.. Morgan, 1968 *Visible Saints* Prof. Edmund S. Morgan, 2017-06-28 While Morgan's literary portfolio shows remarkable diversity it is studded with works on Puritanism. *Visible Saints* further solidifies his reputation as a leading authority on this subject. An expanded version of his Anson G. Phelps Lectures of 1962 presented at New York University, this slender volume first published in 1963 focuses on the central issue of church membership. Morgan posits and develops a revisionary main thesis: the practice of basing membership upon a declaration of experiencing saving grace or conversion was first put into effect not in England, Holland, or Plymouth as is commonly related, but in Massachusetts Bay Colony by non-separating Puritans. Characterized by stylistic grace and exegetical finesse, *Visible Saints* is another scholarly milestone in the Millerian Age of Puritan historiography. Although he does not pretend to deal exhaustively with the subject, Professor Morgan leaves few aspects untouched. Throughout we are presented with thoughtful original scholarship and with a skillful reinterpretation of a Puritan idea. *New England Quarterly* *A History of American Puritan Literature* Kristina Bross, Abram Van Engen, 2020-10-15 For generations scholars have imagined American puritans as religious enthusiasts fleeing persecution, finding refuge in Massachusetts and founding America. The puritans have been read as a product of New England and the origin of American exceptionalism. This *History* challenges the usual understanding of American puritans, offering new ways of reading their history and their literary culture. Together, an international team of authors make clear that puritan America cannot be thought of apart from Native America, and that its literature is also grounded in Britain, Europe, North America, the Caribbean, and networks that spanned the globe. Each chapter focuses on a single place, method, idea, or context to read familiar texts anew and to introduce forgotten or neglected voices and writings. *A History of American Puritan Literature* is a collaborative effort to create not a singular literary history, but a series of interlocked new histories of American puritan literature. **Affect and Power** David J. Libby, Paul Spickard, Susan Ditto, 2009-09-18 In 1968 Winthrop D. Jordan published his groundbreaking work *White Over Black: American Attitudes toward the Negro, 1550-1812* and opened up new avenues for thinking about sex, slavery, race, and religion in American culture. Over the course of a forty-year career at the University of California and the University of Mississippi, he continued to write about these issues and to train others to think in new ways about interactions of race, gender, faith, and power. Written by former students of Jordan, these essays are a tribute to the career of one of America's great thinkers and perhaps the most influential American historian of his generation. The book visits historical locales from Puritan New England and French Louisiana to nineteenth-century New York and Mississippi, all the way to Harlem swing clubs and college campuses in the twentieth century. In the process, authors listen to the voices of abolitionists and white supremacists, preachers and politicians, white farm women and black sorority sisters, slaves and jazz musicians. Each essay represents an important contribution to the collection's larger themes and at the same time illustrates the impact Jordan exerted on the

scholarly life of each author Collectively these pieces demonstrate the attentiveness to detail and sensitivity to sources that are hallmarks of Jordan s own work Godly Learning John Morgan,1988-03-31 Godly Learning attempts to establish the relationship which Puritans worked out between faith and reason in the eighty years before the Civil War This was a period of rapid expansion of educational facilities of a clash between humanist values of the Renaissance and the fideism of the Reformation and of confrontations between traditionalist primarily Aristotelian approaches to knowledge and the more experimental path signalled by Bacon Taking an existential approach to the question of meaning Puritans sought their solution in the development of a covenant theology based on a life of active faith They argued vehemently that natural reason was incapable of finding the path to salvation and only faith could regenerate reason to its proper capabilities At the same time Puritans emphasised the value of learning for comprehension of Scripture and preparation of sermons Starting with a fresh approach to the question of defining Puritans Godly Learning proceeds to delineate the infrequently studied puritan mentalit which informed the better known public political and ecclesiological positions Not since the work of Perry Miller has there been such a thorough attempt to comprehend the Puritan view of reason and the implications of that view *The Learned Doctor William Ames* Keith L. Sprunger,2016-10-14 Keith L Sprunger is Oswald H Wedel Professor of History Emeritus at Bethel College North Newton Kansas His main scholarly interests are seventeenth century English and Dutch Puritanism the history of printing Mennonite history oral history and historic preservation Publications include *The Learned Doctor William Ames* 1972 *Dutch Puritanism* 1982 *Trumpets from the Tower* 1994 and *Bethel College of Kansas* 1887 2012 2012 He enjoys collecting antiquarian books and historical postcards *The Oxford History of Protestant Dissenting Traditions, Volume I* John Coffey,2020-05-29 The Oxford History of Protestant Dissenting Traditions Volume I traces the emergence of Anglophone Protestant Dissent in the post Reformation era between the Act of Uniformity 1559 and the Act of Toleration 1689 It reassesses the relationship between establishment and Dissent emphasising that Presbyterians and Congregationalists were serious contenders in the struggle for religious hegemony Under Elizabeth I and the early Stuarts separatists were few in number and Dissent was largely contained within the Church of England as nonconformists sought to reform the national Church from within During the English Revolution 1640 60 Puritan reformers seized control of the state but splintered into rival factions with competing programmes of ecclesiastical reform Only after the Restoration following the ejection of two thousand Puritan clergy from the Church did most Puritans become Dissenters often with great reluctance Dissent was not the inevitable terminus of Puritanism but the contingent and unintended consequence of the Puritan drive for further reformation The story of Dissent is thus bound up with the contest for the established Church not simply a heroic tale of persecuted minorities contending for religious toleration Nevertheless in the half century after 1640 religious pluralism became a fact of English life as denominations formed and toleration was widely advocated The volume explores how Presbyterians Congregationalists Baptists and Quakers began to forge distinct identities as the four major

denominational traditions of English Dissent It tracks the proliferation of Anglophone Protestant Dissent beyond England in Wales Scotland Ireland the Dutch Republic New England Pennsylvania and the Caribbean And it presents the latest research on the culture of Dissenting congregations including their relations with the parish their worship preaching gender relations and lay experience *American Literature and the New Puritan Studies* Bryce Traister, 2017-09-07 This book reconsiders the role of seventeenth century Puritanism in the creation of the United States and its consequent cultural and literary histories

Pugnacious Puritans Carl I. Hammer, 2018-09-15 Hadley located on the Connecticut River at the far western frontier of the Massachusetts Bay Colony was settled from the colony of Connecticut to the south and early Hadley's social and economic relations with Connecticut remained very close The move to Hadley was motivated by religion and was a carefully planned removal It resulted from an important dispute within the church of Hartford and Hadley's earliest settlers continued to observe their very strict form of Puritanism which had evolved as the New England Way The settlers of Hadley also believed in a high degree of colonial independence from the Crown These beliefs combined with a high degree of internal cohesion and motivation in the early settlement enabled the community of Hadley despite its isolation and small size to play an unusually prominent and contentious role in three great crises which threatened the Bay Colony The first Episode examines the refuge given by Hadley at great risk and in defiance of the Crown to the important English Regicides Edward Whalley and William Goffe between 1664 and 1676 when the surviving Regicide Goffe was removed to Hadley's allies in Hartford where he was sheltered before disappearing from the record The second Episode describes Hadley's divisive support for Increase Mather and John Davenport in opposing the Half Way Covenant a dispute which split the New England churches over baptismal practice and church polity The third Episode deals with an internal dispute within Hadley over the direction of the local school which then was caught up into the larger dispute over the Dominion of New England government imposed by the Crown after the suspension of the Bay's Charter Through the course of these troubles within the Bay Colony from the 1660s to the 1680s the initial internal solidarity of the town fractured and its original unity of purpose with the rest of Colony was eroded This secular declension led to Hadley's political decline from prominence into the pleasant but unremarkable village it is today *The Peril and Promise of Christian Liberty* Littlejohn, W. Bradford, 2017 What happens when Christians must obey God rather than human authorities In this book W Bradford Littlejohn addresses that question as he unpacks the magisterial political theological work of Richard Hooker a leading figure in the sixteenth century English Reformation through the lens of Christian liberty Book jacket [A Global Encyclopedia of Historical Writing, Volume 2](#) D.R. Woolf, 2022-09-30 First published in 1998 Including a wide range of information and recommended for academic libraries this encyclopedia covers historiography and historians from around the world and will be a useful reference to students researchers scholars librarians and the general public who are interested in the writing of history Volume II covers entries from K to Z

American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical

Ideas in U.S. History Gina Misiroglu, 2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

Godly Republicanism Michael P. Winship, 2012-04-16 Puritans did not find a life free from tyranny in the New World they created it there Massachusetts emerged a republic as they hammered out a vision of popular participation and limited government in church and state spurred by Plymouth Pilgrims Godly Republicanism underscores how pathbreaking yet rooted in puritanism s history the project was

Orthodox Radicals Matthew C. Bingham, 2019 During the mid seventeenth century Baptists existed on the fringes of religious life in England Matthew C Bingham examines this early group and argues that they did not see themselves as a part of a larger all encompassing Baptist movement Rather their rejection of infant baptism was but one of a number of doctrinal revisions then taking place among English puritans Orthodox Radicals is a much needed complication of our understanding of Baptist identity setting the early English Baptists in the cultural political and theological context of the wider puritan milieu out of which they arose

The American Colonies Richard C. Simmons, 1981 The American Colonies brings the burgeoning scholarship on early America under control and provides students with a graceful rigorous introduction to American colonial history Robert M Calhoon Journal of American History

The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-10-19 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States

Almost Chosen People Michael

Zuckerman,1993-04-15 Few historians are bold enough to go after America s sacred cows in their very own pastures But Michael Zuckerman is no ordinary historian and this collection of his essays is no ordinary book In his effort to remake the meaning of the American tradition Zuckerman takes the entire sweep of American history for his province The essays in this collection including two never before published and a new autobiographical introduction range from early New England settlements to the hallowed corridors of modern Washington Among his subjects are Puritans and Southern gentry Benjamin Franklin and Benjamin Spock P T Barnum and Ronald Reagan Collecting scammers and scoundrels racists and rebels as well as the purest genius he writes to capture the unadorned American character Recognized for his energy eloquence and iconoclasm Zuckerman is known for provoking and sometimes almost seducing historians into rethinking their most cherished assumptions about the American past Now his many fans and readers of every persuasion can newly appreciate the distinctive talents of one of America s most powerful social critics

Historical Dictionary of the Puritans Charles Pastoor,Galen K. Johnson,2007-06-12 Members of the Church of England until the mid 16th century the Puritans thought the Church had become too political and needed to be purified While many Puritans believed the Church was capable of reform a large number decided that separating from the Church was their only remaining course of action Thus the mass migration of Puritans known as Pilgrims to America took place Although Puritanism died in England around 1689 and in America in 1758 Puritan beliefs such as self reliance frugality industry and energy remain standards of the American ideal The Historical Dictionary of Puritans tells the story of Puritanism from its origins until its eventual demise This is done through a chronology an introduction a bibliography and several hundred cross referenced dictionary entries on important people places and events

The A to Z of the Puritans Charles Pastoor,Galen K. Johnson,2009-09-28 Members of the Church of England until the mid 16th century the Puritans thought the Church had become too political and needed to be purified While many Puritans believed the Church was capable of reform a large number decided that separating from the Church was their only remaining course of action Thus the mass migration of Puritans known as Pilgrims to America took place Although Puritanism died in England around 1689 and in America in 1758 Puritan beliefs such as self reliance frugality industry and energy remain standards of the American ideal The A to Z of Puritans tells the story of Puritanism from its origins until its eventual demise This is done through a chronology an introduction a bibliography and several hundred cross referenced dictionary entries on important people places and events
