How Trump Wins Julie Bonetti,Susan Barbaro,2019-06-27 **How Trump Wins** Donald Trump is a winner Trump is President and he won the election in 2016 However you want to look at it and whatever your opinion that is a fact Because it remains an interesting fact this book shares how Trump wins And we are qualified to write it because back in April of 2016 we knew that Trump would be the next President While writing Donald J Trump Do you stand with him Who does he stand with The Science and Energy Behind Trump we became aware of what Donald Trump was doing and how he was doing it and shared the science and energy surrounding it all We didn t analyze polls talk to experts saturate ourselves with the news or get

bogged down in anyone else's interpretations. Because we work with energy, we utilized our own resources, knowledge available everywhere, and our own life-long understandings to propel. Since then, we have looked to Election 2020 ahead of anyone else and projected the perfect challenger for Donald Trump. Integrating our energized findings within our podcast series *Oprah Can You Hear Me: Oprah vs Donald 2020 and Beyond*, we discuss our interpretations and projections surrounding the energy and the political arena without being very political. We have been discussing this since 2015 and with the public via our podcast since 2018. Listen and make your own opinions. Who else asks you to do that? Again, however you want to look at it and whatever your opinion, Donald J. Trump is President and he won the election in 2016. Without a viable opponent, Trump will win in 2020. Because Trump is a winner, and for the best election to occur and the best outcome to occur, another winner needs to be his challenger. Humorously, we explore many reasons why Oprah could be a candidate or not. This book includes many secrets to Donald Trump's triumphant nature related to energy. What he used in 2016 is still powerful and so much more viable in the landscape he has created today. For this reason, we include the entirety of Donald J. Trump. Do you stand with him? Who does he stand with? *The Science and Energy Behind Trump*. Reflect upon the ongoing debates and political rallies leading up to the election and see how Trump did it in 2016 and then how he was more than capable of doing it again in 2020. This book is not by Trump. When you read his books, you are only reading what he wants you to know, think, and believe. Trump isn't going to give you his secret sauce. This book is by us and presents facts and science principles which allow you to make the leap for yourself. It includes many secrets from our podcast series *Oprah Can You Hear Me: Oprah vs Donald 2020 and Beyond*, which contemplate not only the energy of Donald Trump but also if Oprah could be a viable candidate or his opponent. As we all know, Oprah in the White House would have a new list of favorite things. What might those be? For your entertainment, we also include our satirical *Oprah's Favorite Things About the Presidency*. This book is an interesting read for anyone who wants to know how Trump wins. It's simple, it's smart, and it's available to all of US. Yet the book is even more intriguing if you allow it to help you contemplate just who could beat him.
