Second Firsts Christina Rasmussen, 2019-05-21. A widow and therapist explores grief loss and our innate resilience in this updated guide drawing on neuroscience and personal experience to lead the bereaved through the five stages of healing. After studying to become a therapist and crisis intervention counselor even doing her master's thesis on the stages of bereavement, Christina Rasmussen thought she understood grief. But it wasn't until losing her husband to cancer in her early 30s that she truly grasped the depths of sorrow and pain that accompany loss. Using the knowledge she gained while wading through her own grief and reading hundreds of neuroscience books, Rasmussen began to look at experiences in a new way. She realized that grief plunges you into a gap between worlds: the world before loss and the world after loss. She also realized how easy it is to become lost in this gap. In *Second Firsts*, Rasmussen walks you through her Life Reentry process to help you break grief's spiral of pain so you can stop simply surviving and begin to live again. She shows you that loss can actually be a powerful catalyst to creating a life that is in alignment with your true passions and values. The resilience, strength, and determination that have gotten you through this difficult time are the same characteristics that will help you craft your wonderful new life. Her method, which she has used successfully with thousands of clients, is based on the science of neuroplasticity and focuses on consciously releasing pain in ways that both honor suffering and rewire the brain to change your perception of the world and yourself. Using practical exercises and stories drawn from her own life and those of her clients, Rasmussen guides you through five stages of healing that help you open up to new possibilities. From acknowledging your fear to recognizing where you stand now to taking active steps toward a new life, Rasmussen helps you move past the pain and shows that it's never too late to step out of the gap and experience life again as if for the first time. Foster Sampson, 2012-12-18. *We Did It* forms part of a global intention to restore order and balance to our planet Earth that seems desperately in need of healing. It speaks to the deeper contours of our human awareness and challenges everyone to elevate to higher levels of consciousness to operate effectively at the level of expected dominion and to embrace the challenges of personal responsibility needed in order to make the world a better place for all of humanity. *We Did It* is a purposeful review of a life's journey. It delves deeply beneath the core tapestry of some of the greatest challenges of its generation, including homosexuality and HIV/AIDS, and appropriately offers an opportunity for the cleansing process of restoration, tolerance, and transcendence. *We Did It* is about promoting peace, about love; it is about attaining your highest expectation and uncovering possibilities as productive co-creators on the planet. A positive response is likely to make

manifest an evolution with greater understanding and offers the promise of a journey back to perfect alignment with source life love and nature a resulting brotherhood and an awakened oneness of spirit in a very diverse and complex world that now must learn to co exist both peacefully and consciously for its own survival **Wishes Fulfilled** Wayne W. the secrets of manifestation and design your extraordinary life today *See It, Feel It, Have It* Joseph Balmaceda, 2020-06-24 Mastering The Laws of Manifestation is The Key to Attaining Any Desire And Reading See It Feel It Have It The Master Key to Manifesting Your Desires is The Quickest Way to Do It By Peeking Behind the Scenes of How The Laws of Manifestation Operate You ll Be Able Witness Your Desires Sprout Into Existence The Laws of Manifestation taught and USED within the book are FAR from fantasy In fact you re already using them to manifest everyday Both consciously and unconsciously And if you already know a thing or two about Manifestation but haven t been able to use it successfully The author can GUARANTEE you that there are only a few small tweaks needed for you to be able to flip the switch and see your desires start to manifest These small tweaks which have the biggest impact are often the difference between success and failure with Manifestation And they are hidden within the book for those who are ready to see them Once You Spot The Hidden Keys Within The Book You ll Be A Master of Manifesting Through Your Imagination And Sense of Feeling Furthermore what the author has included within are LAWS That means they operate under ANY circumstances But that means that no matter if your desire is good or bad just or unjust these LAWS can be used to manifest it So the author asks that if you READ this book please use these Laws to only manifest desires that are PURE POSITIVE and GOOD Or do NOT READ IT When The Author First Stumbled Upon These Laws He Was 21 Years Old Had No Clue He Was Using Them And Was In Charge Of 14 4 Million Dollars In Investments Joseph graduated college in about half the time of everyone else and shortly after found himself working for the largest privately held investment firm in the world with his own branch his own assistant and in charge of 14 4 million dollars for his investors Although because he wasn t CONSCIOUSLY aware of the Laws he was using to his advantage he ended up peaking and started to lose clients left and right That is until he lost his biggest client Chris and decided it was time to quit BUT once he started to study ancient Scriptures and Texts he stumbled upon these Laws of Manifestation and started bending the Universe to work in his favor And now that he KNOWS what was REALLY going on when he manifested both his rise and fall he has included that knowledge in See It Feel It Have It for the people that are ready to see it He has done this as a way for people to have a lot of the same success he s had in manifesting desires without most of the failure If you desire to find the ANSWERS you ve been looking for by reading the book right now you ll find them inside But like stated previously what Joseph teaches within are LAWS And the nature of a Law is that they operate whether your desires are GOOD or BAD So only read this book if you re going to use it to manifest the GOOD and POSITIVE in your life or please don t read it at all Manifest Your Destiny Wayne W. Dyer, 2003 Dr Wayne W Dyer affectionately called the father of motivation by his fans is one of the most widely known and respected people in the field of self empowerment Manifest Your Destiny is a remarkable guidebook that show us how to obtain what we truly desire
