Agents of Witchcraft in Early Modern Italy and Denmark L. Kallestrup, 2015-05-28 This book offers a comparison of lay and inquisitorial witchcraft prosecutions In most of the early modern period witchcraft jurisdiction in Italy rested with the Roman Inquisition whereas in Denmark only the secular courts raised trials Kallestrup explores the narratives of witchcraft as they were laid forward by people involved in the trials

European Sexualities, 1400-1800 Katherine Crawford, 2007-01-18 A pioneering survey of the social and cultural history of sexuality in early modern Europe

Documentary as Exorcism Robert Beckford, 2014-01-16 Documentary as Exorcism is an interdisciplinary study that builds upon the insights of postcolonial studies critical race theory theological and religious studies and media and film studies to showcase the role of documentary film as a system of signifying capable of registering complex theological ideas while pursuing the authentic aims of documentary filmmaking Robert Beckford marries the concepts of theology as visual practice and theology as political engagement to develop a new mode of documentary filmmaking that embeds emancipation from oppression in its aesthetic In various documentaries made for Channel 4 and the BBC Beckford narrates the complicit relationship of Christianity with European expansion slavery and colonialism as a historic manifestation of evil In light of the cannibalistic practices of colonialism that devoured black life and the church s role in the subjugation and theological legitimization of black bodies Beckford characterises this form of historic Christian faith as colonial Christianity and its malevolent or occult practices as a form of bewitchment that must be exorcised He identifies and exorcises the evil practices of colonialism and their present impact upon African Caribbean Christian communities in Britain in films such as Britain s Slave Trade and Empire Pays Back through a deliberate process of encoding decoding The emancipatory impact of this form of documentary filmmaking is demonstrated by its ability to bring issues such as reparations to the public square for debate and its capacity to change a corporation s trade policies for the good of Africans

The Brahan Seer Alex Sutherland, 2009 The Brahan Seer is a legendary figure known throughout Scotland and the Scottish Diaspora and indeed anywhere there is an interest in looking into the future This book traces the legend of the Seer between the sixteenth and twenty first centuries It considers the seer figure in relation to aspects of Scottish Highland culture and society that shaped its development during this period These include the practice and prosecution of witchcraft the reporting and scientific investigation of instances of second sight and the perennial belief in and use of prophecy as a means of predicting events In so doing the book provides a set of historicised contexts for understanding the genesis of the legend and how it changed over time through a synthesis of historical events oral tradition folklore and literary Romanticism

It makes a contribution to the debates not only about witchcraft second sight and prophecy but also about the relationship between popular and elite culture in Scotland By taking the Brahan Seer as a case study it argues that popular culture is not antithetical to elite culture but rather in constant and complex interaction with it *New England Nightmares* Keven McQueen, 2018-09-15 New England is renowned for its quaint towns beautiful landscapes and busy ports But it is also infamous as the setting for unexplained deaths ghost stories bizarre murders and peculiar wills and epitaphs In *New England Nightmares True Tales of the Strange and Gothic* author Keven McQueen explores the darker and stranger side of New England and the Mid Atlantic With shocking and unforgettable tales from the tip of Maine all the way to the New Jersey shore this eerie collection explores our fascination with death and the unknown including tales of medical students digging up bodies to dissect of a murderer s bones being wired together after death and of Dr Timothy Clark Smith who requested that he be buried with a breathing tube and glass window so he could see the outside world An intriguing and frightful look into the odder side of the Northeast *New England Nightmares* promises to send chills down your spine **Magic in Early Modern England** Andrew Moore, 2023-05-15 This book reconsiders the place of magic at the foundations of modernity Through careful close reading of plays spell books philosophical treatises and witch trial narratives Andrew Moore shows us that magic was ubiquitous in early modern England Rather than a decline of magic this study traces a broad cultural fascination with supernatural power In the sixteenth and seventeenth centuries poets philosophers jurists and monarchs debated the reality and the morality of magic and by extension the limits of human power In this way early modern English writing about magic was closely related to the scientific and political philosophical writing from the period which was likewise reimagining humanity s relationship to nature Moore reads Thomas Hobbes s *Leviathan* alongside contemporary writing by the notorious witch hunters Matthew Hopkins and John Stearne He reminds us that Francis Bacon s scientific works were addressed to King James I whose own *D monologie* insists on the reality of witchcraft The fantastical science fiction of Margaret Cavendish he argues must be understood within a tradition that includes works like Christopher Marlowe s *Doctor Faustus* and the peculiar autobiography of criminal astrologer Simon Forman By considering these disparate works together Moore reveals the centrality of magic to the early modern project **The Lancashire witches** Robert Poole, 2013-07-19 This book is the first major study of England s biggest and best known witch trial which took place in 1612 when ten witches were arraigned and hung in the village of Pendle in Lancashire The book has equal appeal across the disciplines of both History and English Literature Renaissance Studies with essays by the leading experts in both fields Includes helpful summaries to explain the key points of each essay Brings the subject up to date with a study of modern Wicca and paganism including present day Lancashire witches Quite simply this is the most comprehensive study of any English witch trial *Witch Politics in Early Modern Europe (1400-1800)* Stephan Quensel, 2023-06-26 Why does an entire society believe that there are witches who must be burned What roles did the emerging state the professions of clerics and

jurists and the public involved play in each case And how could this project be completed From a sociological point of view the findings of recent international research on witches provide a model of a more general highly ambivalent pastoral attitude according to which a shepherd has to care for the welfare of his flock as well as for its erring sheep The first main part describes the clerical initial situation which developed the Dominican demonological model of witchcraft on the basis of the still dominant magico religious mentality in the 15th century A model according to the second part of the book which then in the course of the 16th century in Western Europe increasingly fell into the hands of the not so innocent jurists From there it developed into a legal witch persecution that realized the early European witch model from the village witch to the mass persecutions to the late child witches The third part describes how witch persecutions slowly became less important towards the end of the 17th century as a general witchcraft politics game in the transition from a confessional state to a court civil service state

Imagining the Witch Laura Kounine, 2018 The Holy Roman Empire was the heartland of the witch craze with around 23 000 witches executed in the early modern period In this book Laura Kounine uses case studies of witch trials in early modern Wurttemberg to examine how people sought to identify witches and the ways in which ordinary men and women fought for their life to avoid the stake

Sodomy in Reformation Germany and Switzerland, 1400-1600 Helmut Puff, 2003-06 During the late Middle Ages a considerable number of men in Germany and Switzerland were executed for committing sodomy Even in the seventeenth century simply speaking of the act was cause for censorship Here in the first history of sodomy in these countries Helmut Puff argues that accusations of sodomy during this era were actually crucial to the success of the Protestant Reformation Drawing on both literary and historical evidence Puff shows that speakers of German associated sodomy with Italy and increasingly Catholicism As the Reformation gained momentum the formerly unspeakable crime of sodomy gained a voice as Martin Luther and others deployed accusations of sodomy to discredit the upper ranks of the Church and to create a sense of community among Protestant believers During the sixteenth century reactions against this defamatory rhetoric and fear that mere mention of

sodomy would incite sinful acts combined to repress even court cases of sodomy Written with precision and meticulously researched this revealing study will interest historians of gender sexuality and religion as well as scholars of medieval and early modern history and culture **America, History and Life** ,2004 Article abstracts and citations of reviews and dissertations covering the United States and Canada Witchcraft in Continental Europe Brian P.
