

Writing an Autobiographical Narrative

Prewriting: Reflect on Your Experience

Write two or three sentences that express the **controlling impression**, or central idea, about your experience. ▼

At first I was timid and tended to watch life from the sidelines, but afterward I had new confidence in myself. I realized that I had missed some great experiences by staying in my comfort zone, but now I could overcome my fears more easily. ▼

Don't include these sentences in your narrative's introduction. Just use them to focus your narrative.

With Intent To Maim An Autobiographical Narrative

Kalman Dubov

With Intent To Maim An Autobiographical Narrative:

With Intent to Maim; An Autobiographical Narrative Kalman Dubov, 2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch Chabad community in Brooklyn New York I discuss the effects this physical emotional and psychological abuse had on my development and life which resulted in my leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as *mosur* a term of revilement Such a person regardless of the crimes committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a *mosur* informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights

Essays on Diverse Topics Kalman Dubov, 2021-12-23 This revised and updated volume includes twenty two essays on timely topics The volume begins with topics on Judaism and Jewish Ideology the book reviews the multiplicity of languages Jewish people used throughout their history At last count these number 55 an amazing way to create a localized language for daily interaction rather than use Hebrew the sacred language reserved for prayer and study The brief review of Lurianic Kabbalah follows together with a discussion of human suffering The mystery of Ashkenazic Jewry follows offering a serious question to this dilemma What follows is an exposition on the Jewish law of *mosur* the informer and the many issues affecting sexual

predation in ultra Orthodox Judaism both in the United States and Australia as in Israel The Cairo Genizah reviews how two Scottish sisters brought the Book of Ecclesiasticus to Cambridge and the vast treasure of Cairo brought to Cambridge and other universities to examine this ancient repository The issue of Apostate Rabbis follows discussing several rabbis who converted to Christianity I then discuss the Radhanites the mysterious group of super merchants who traveled from France to China and back for about 500 years centuries before Marco Polo I then discuss Chabad Messianism a topic of interest as Chabad expands its message across the globe Several topics follow Medieval Blood Libel the mystery of Jews in Sri Lanka today a minimal number but in earlier centuries numbering several thousand I then discuss several topics on the human condition essays designed to reflect on Man's ethical dilemma of life in the post World War Two era I then discuss the two original ideas regarding religion One of these is attributed to the Patriarch Abraham whose reflection on Deity and how to relate to spirituality predominates in the three great Western religions The other original thought is found in Hinduism reflecting an entirely different way to relate to Deity Because Hinduism is a Far Eastern phenomenon not readily accessible in the West I've included an overview of Hinduism so that the Western and Jewish views can be appreciated A new topic reflect on the Atrocity Soul and its counterpart reflecting of the Son of Darkness and the Son of Light each bringing messages one of despair and darkness and the other of hope and redemption While these persons may be religious it is not a primary matter to the Son of Light but their message of hope predominates I conclude the book with a discussion on Calculating Zero an advancement only made twice in human history in the New World by the Maya and by the ancient Mesopotamians Each of the essays and reviews reflects my understanding of these and other diverse topics Each essay provides grist for discussion and reflection

The Riot Kalman Dubov, 2021-12-13 Much has been written and analyzed about Chassidism from its growth and development in Eastern Europe the challenges its early and later leaders faced and its transplantation from the Eastern European shtetl to the United States after the Second World War As different Chassidic sects reflected their own unique identity their persona took on emphases by which they became known For the most part there is respect for other sects but when two sects with strong ideologies clash that flashpoint can become a physical altercation From a sociological viewpoint it is the unique and different that are more readily studied because the difference can be examined from the norm in that society And such an analysis takes on more poignant resonance when two major Chassidic sects resort to the physical by way of a riot in the streets of Williamsburg a section of Brooklyn New York In 1977 I witnessed such a disturbance in the streets of Williamsburg Brooklyn New York between Lubavitch and Satmar Chassidim Lubavitchers had marched from their headquarters in Crown Heights Brooklyn New York to disseminate their ideology in the many Chassidic sects in Williamsburg Such a march was done annually for many years but this year was different because it was the last time it took place The fistcuffs resulted in Lubavitch members being taken to the hospital by ambulance on the Passover holy day The narrative reviews my presence in Williamsburg and coincidentally the larger maternal family's attitude

towards both Satmar and Lubavitch These members were for the most part not part of either community I also discuss the Black Angels a unique ultra religious Jewish group in Williamsburg and their place during the riot Finally I review the hard core beliefs endemic in these sects concluding with four essential criteria necessary for dialogue in dysfunctional families

Sacred Books; Secular Books Kalman Dubov, The ultra orthodox Jewish world divides the world into two distinct realities the sphere within and the sphere without The internal sphere which I refer to as the Sphere of Holiness is maintained in a sacrosanct manner so that the Sphere of Secularity does not intrude and contaminate the other sphere The range of figurative walls maintaining these two spheres affects the consciousness and reality of every ultra orthodox Jew so that this construct is continually brought to conscious awareness Every member of those who maintain this lifestyle is urged to continually be reminded and reinvigorated in this awareness Examples of such awareness begin with ultra orthodox schooling A child begins religious studies that are exclusive with secular studies either ignored or completed in a way that denies credence or importance In New York State the education law contains vague language regarding how a child is to be educated This vagueness allows those in charge of that school to largely circumvent traditional pedagogy As the child advances in religious studies the lack of external exposure coupled with the intensity of study requirements ensures the young man does not stray into forbidden areas that might endanger his sacred standing in the community and be enticed by the larger world Such study intensifies with each passing grade and year until he is fully conversant with ancient Jewish law and traditions after nearly twenty years of such study At the same time however he will be a functional illiterate in the lingua franca of his home country His female counterpart will not be exposed to such traditional studies because her role is to be the mother and home caretaker not the scholar The Jewish tradition not to teach girls and women similar to men derives from the Talmud and the legal determination of Maimonides This mindset has continued for hundreds of years and is unlikely to change Despite this limitation on women's education through Jewish history exceptional women achieved a high scholarship to the acclaim of their entire community including men In fact one woman a singular exception became a Chassidic Rebbe amidst fierce opposition A modern exception to such a study curriculum is Chabad Because it has a messianic outreach program the Chabad couple who establish a Chabad House in diverse cities and countries and are often the only ones running the program the woman must have the training to lead and know the deeper aspects of Judaism This book is not only about women's education but it represents the larger dynamics in how the ultra orthodox Jewish world bifurcates the reality of its members so that any intrusion from that external world remains in place An example of such limitation is the ultra orthodox public denunciations against the use of the internet use of computers as against the smartphone unless these devices are programmed so that surfing is not possible The future of these communities on a trajectory of high fertility ensures their future growth As they populate the United States and other countries replenishing the numbers lost in the Holocaust their exposure to and awareness of the world at large will remain extremely limited

Sam Dreben Kalman Dubov, 2021-12-16 Sam Dreben came to the United States penniless with very few skills Shortly after he arrived he enlisted in the United States Army soon seeing action in the Philippines He excelled as a machine gunner with claims he could shoot the left eye of a sparrow at a great distance He settled in El Paso Texas and from there reenlisted several times and with each military action his fame and courtly manner won him acclaim and prowess During World War One he saw action in Europe first in France and later in Germany The citation for his bravery for saving the French line from a flanking maneuver reflects incredible bravery under fire A grateful France awarded him the Medaille Militaire its highest honor for bravery in battle and similar awards from Belgium and Italy He also received the United States Distinguished Service Cross a medal of which he was rightly proud Following the Great War General John Pershing chose him as one of the four Honor Guards for the dedication of the Tomb of the Unknown Soldier in November 1921 in Washington D C At his untimely death the Texas Legislature flew the State Flag at half mast in honor of the loss of a Son of Texas He also received the highest honors from statesmen generals and fellow soldiers This is only part of the story of my great great uncle a hero trailblazer and fighter Famed journalist Damon Runyon gave him the title Fighting Jew a title that Sam carried with great pride and honor In his lifetime he was a walking legend and after his passing his bravery and military skill reached mythic heights He was admired and loved and it is an honor to write of his life If there was a person of the past with whom I would have wanted to speak I would choose Sam warrior tactician and unfailing comrade in arms Journeys to the

Commonwealth of Australia Kalman Dubov, 2021-11-24 The continent of Australia has an ancient and modern history Aborigines arrived at this continent an estimated 40 000 to 60 000 years ago living a hunter gatherer existence while developing unique ways to live and thrive on this land That idyllic life ended in 1770 when the great British explorer James Cook discovered the continent Just eighteen years later in 1788 the First Fleet of convict ships from England established a colony at Botany Bay near today's city of Sydney The settlement grew and developed while additional convict ships and settlers came to this continent to make a new home and life for themselves As the number of settlers increased there was a corresponding series of attacks on the Aborigines Massacres took many lives while European diseases for which the Aborigines had no immunity decimated these ancient communities I review this tragic interaction between these two diverse cultures which continues today I also explore the Stolen Generation the racist and genocidal policy of forcibly removing Aboriginal children from their parents and community then giving these children to white parents to be raised in an atmosphere intolerant to the Aboriginal culture and history An estimated 100 000 children were taken in this manner remembered nationally and annually as Sorry Day In addition an estimated 500 000 white children were taken from parents and given to others While forcibly negating and outlawing native cultures has taken place in many countries where dominant values are identified as superior to the older and subjugated culture the forcible removal of hundreds of thousands of white children from parents reflects a policy that begs to be examined in depth I also review the establishment of a Royal

Commission that examined sexual predatory attacks on children both in the Roman Catholic Church by diocesan and order priests brothers while these children were wards of these religious institutions by order of the federal government I also explore the percentages of prelates who acted in this criminal manner This issue has been faced in several other countries with resulting questions regarding the role Catholic priests and their bishops have in teaching religious values while protecting their charges from sexual abuse The Jewish community too has been charged in this scourge Two religious schools in Melbourne were charged with knowledge of such attacks taking place in these schools but the rabbinic leadership neither reported the abuse to civil authorities nor made efforts to stop it In this regard I explore the Jewish law inhibiting such reporting to secular authorities In fact the historic and traditional Jewish community standard prefers to protect the predator and not protect the victimized child This standard is gradually changing as progressive awareness is made into the corrosive atmosphere surrounding a victimized child and the enormous psychological and emotional costs endured by the child for the remainder of his or her life The theme of sexual abuse is also present with regard to Malka Leifer This woman was charged with over seventy counts of criminal behavior while having a senior administrative and teaching role in a leading ultra Orthodox religious school for girls She became a cause célèbre with international intrigue between Australia and Israel when she escaped Australian shores for refuge in Israel Years of legal wrangling ensued by many Israeli courts including the Supreme Court each examining the increasing furor if this woman should be extradited to face criminal charges in Australia Malka Leifer was only recently returned to Australia now finally awaiting her moment of facing her accusers in open court This volume also reviews and analyzes each war Australians fought in from the Second Boer War First World War Second World War Korean and Vietnam Wars the wars in Iraq and Afghanistan These conflicts culminated with the ANZUS Treaty with a military cooperation agreement between the United States Australia and New Zealand The United States identified New Zealand as standing against the West when it promulgated its anti nuclear zone New Zealand identified with smaller Pacific island nations that condemned nuclear testing on remote Pacific islands and the resulting fallout with consequent health issues they face because of such testing I was on the Holland American Grand Voyage while visiting Australian ports I review the different Australian ports the Amsterdam came to such as Darwin Brisbane and Sydney I review each of these cities both as the country developed and modernly with these cities taking on more developed economic power
