Pouring In Kim Kurtz, 2018-03-13 The world had changed Families had changed Values had changed The meaning of religion had changed After author Kim Kurtz graduated from high school twenty five years ago the world was not what she expected The moral landscape of college and life thereafter was hostile and foreign She struggled when the faith of her childhood didn't translate smoothly into adulthood She was disillusioned when the formulas of faith and church that she had always known no longer worked The messiness of life the difficulty of marriage and relationships and the many ups and downs she experienced were overwhelming Her faith couldn't handle it and she walked away According to research Kim wasn't alone 75% of young people raised in a Christian home leave the church after they leave the home Numerous studies show that Christian families are losing their kids and have been for decades A majority of church youth aren't developing a personal powerful and passionate faith in Jesus Christ And a passive faith quickly fades to no faith at all We can no longer afford as Christian parents as the church or as a nation to ignore this problem *Pouring In* addresses the profoundly difficult task of passing on a lasting faith to future generations Effectively passing on the baton of faith allows our kids to experience the love peace and hope that can only come from a genuine relationship with Jesus Christ Make no mistake YOU have the power to greatly affect

the trajectory of your child's faith **Christian Higher Education** David S. Dockery, Christopher W. Morgan, 2018-12-10 Our world is growing increasingly complex and confused a unique and urgent context that calls for a grounded and fresh approach to Christian higher education Christian higher education involves a distinctive way of thinking about teaching learning scholarship curriculum student life administration and governance that is rooted in the historic Christian faith In this volume twenty nine experts from a variety of fields including theology the humanities science mathematics social science philosophy the arts and professional programs explore how the foundational beliefs of Christianity influence higher education and its disciplines Aimed at equipping the next generation to better engage the shifting cultural context this book calls students professors trustees administrators and church leaders to a renewed commitment to the distinctive work of Christian higher education for the good of the society the good of the church and the glory of God *Why the Gospel?* Matthew W. Bates, 2023-05-16 Christianity Today Book Award Winner in Popular Theology 2024 We know what the gospel is but do we know why it is As Christians we often ask what the gospel is when we should be asking why it is Matthew W Bates has previously demonstrated that the good news of the gospel is that Jesus is King But in his latest book he explores God's intentions why has God issued this royal proclamation And what role can it play in our everyday lives As Bates observes we find the answer in a simple but challenging realization I am a horrible king of my own life With examples from Scripture literature and personal experience Bates explains what pledging allegiance to Jesus as ruler of our lives looks like Living authentically according to God's reign conforms humanity to the image of Jesus and extends his glory and honor to all creation Perfect for church studies evangelism or personal spiritual reading Why the Gospel invites readers to consider how we can transform our lives and communities through loyalty and devotion to King Jesus The book includes questions to guide discussion Outreach Resource of the Year in Theology and Biblical Studies 2024 **Intergenerational Christian Formation** Holly Catterton Allen, Christine Lawton, Cory L. Seibel, 2023-06-13 In a revised and updated edition this comprehensive up to date text offers a framework for intentional intergenerational Christian formation It provides the theoretical foundation of intergenerationality then gives concrete practical guidance on how worship learning community and service can all be achieved intergenerationally Faithful Science Alistair J. McKitterick, 2022-03-17 This thesis studies the impact of teaching intelligent design to evangelical students Science is often presented as a reason why some find sharing their faith difficult in a secular culture teaching the science of intelligent design enables Christians to initiate conversations and overcome obstacles with those whose worldview is more Darwinian and materialist The professional doctoral research employs both action research and practical theology Lin Norton's pedagogical action research provides the structure for the qualitative research and thematic analysis showing that students find learning about intelligent design empowering for evangelism Richard Osmer's model of practical theology enables an interdisciplinary reflection on how intelligent design challenges Western secular culture Intelligent design is seen as the most integrative of all the different ways of relating

science and theology Theologically teaching intelligent design is like teaching a modern parable to contemporary society and just like the Gospel parables some respond with faith and some reject it Evangelical students find learning about it both liberating and empowering in their ability to share their faith more confidently with others especially in schools and youth groups

Leaving Left Behind Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success but most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism Pessimistic Christians put themselves in Christian bubbles and focus on self preservation and when a mind is clouded by negativity interpretations of biblical prophecy lean toward the pessimistic possibilities The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians leaving behind unworthy sinners to suffer the wrath of the antichrist Teaching that questionable theory produces negativity that hinders the Christian mission When Christians believe that they cannot succeed in leading most of the world to Jesus they will fail to put in the effort that success would require Jesus on the other hand taught his followers that nothing will prevail over his church and that teaching inspired them to sacrifice everything for the Christian mission This is not a promise of prosperity without effort or of inevitable success but biblical positivity is an energizing force that will help Christians flourish

You Lost Me David Kinnaman, 2014-05-10 More than 60 percent of young people who went to church as teens drop out after high school This is a striking and alarming statistic Now the bestselling author of unChristian trains his researcher's eye on these young believers Where Kinnaman's first book unChristian showed the world what outsiders aged 16-29 think of Christianity You Lost Me shows why younger Christians ages 16-29 are leaving the church and rethinking their faith Based on new research You Lost Me shows pastors church leaders and parents how we have failed to equip young people to live in but not of the world and how this has serious long term consequences He then offers suggestions on how to help young people develop and maintain a vibrant faith that they embrace rather than toss away

The Writers Directory, 2013

A Phenomenological Study of the Perceived Influence that Generation Z Has on the Revitalization of Church Linda Proctor Mathis, 2023 The purpose of this qualitative phenomenological study was to explore the perceived influence that Generation Z had upon the revitalization of a church following its in person decline as a result of the coronavirus in 2020 Barna 2020 Braddy 2021 Earls 2020 The theory that guided this study was based on research conducted by Lifeway Research Pew Research and Barna Group Research concerning Generation Z and based upon the book You Lost Me Why Young Christians Are Leaving Church And Rethinking Faith by David Kinnaman of Barna Research The theories proposed within the books Essential Church Reclaiming a Generation of Dropouts by Rainer and Rainer and Lost and Found The Younger Unchurched and the Churches That Reach Them by Stetzer Stanley and Hayes were also used as a basis for this study These resources adhered to the belief that the church has continued to lose a vital resource as it has continued to lose

Generation Z its young adults especially ages between 18 and 22 The methodology used to conduct this study was in depth interviews Wengraf 2006 with the participants within their natural church setting Creswell Vanover et al 2022 to search for themes and commonalities among the participants in the study Because the leadership within a church setting usually determined the direction that the organization would go Bredfeldt 2006 DePree 2004 the pastors and or the youth pastors within each of the churches used in the study were also interviewed as to their perceptions of the influence that Generation Z had upon the revitalization of the church

unChristian David Kinnaman,Gabe Lyons,2007-10-01 Based on groundbreaking Barna Group research unChristian uncovers the negative perceptions young people have of Christianity and explores what can be done to reverse them

No Youth...No Church Dorothy L. Oden,2024-03-28 The book No Youth No Church Exploring the decline and Impact of Young People Not Attending Church After High School and College is a scholarly nonfiction work written after the author observed many years of teenagers and young adults leaving the Christian faith especially the Pentecostal Apostolic churches after they graduated from high school or entered and graduated college The book provides clear easy to read researched information on some reasons that young people are not staying in church Included in the book are statistics and interviews from young people and pastors and possible interventions that could work for churches with declining attendance of young people Without young people in the church it will die

Generation Ex-Christian Drew Dyck,2010-10-01 Young people aren t walking away from the church they re sprinting According to a recent study by Ranier Research 70 percent of youth leave church by the time they are 22 years old Barna Group estimates that 80 percent of those reared in the church will be disengaged by the time they are 29 years old Unlike earlier generations of church dropouts these leavers are unlikely to seek out alternative forms of Christian community such as home churches and small groups When they leave church many leave the faith as well Drawing on recent research and in depth interviews with young leavers Generation Ex Christian will shine a light on this crisis and propose effective responses that go beyond slick services or edgy outreach But it won t be easy Christianity is regarded with suspicion by the younger generation Those who leave the faith are often downright cynical To make matters worse parents generally react poorly when their children go astray Many sink into a defensive crouch or go on the attack delivering homespun fire and brimstone sermons that further distance their grown children Others give up completely or take up the spiritual sounding all we can do is pray mantra without truly exploring creative ways to engage their children on matters of faith Some turn to their churches for help only to find that they frequently lack adequate resources to guide them This is where Generation Ex Christian will lend a hand It will equip and inspire parents church leaders and everyday Christians to reawaken the prodigal s desire for God and set him or her back on the road to a dynamic faith The heart of the book will be the raw profiles of real world young ex Christians No two leavers are identical but upon close observation some categories emerge The book will identify seven different kinds of leavers the postmodern skeptic the drifter the neopagan etc and offer

practical advice for how to connect with each type Shrewd tips will also intersperse the chapters alerting readers to opportunities for engagement and to hidden landmines they must sidestep to effectively reach leavers Churchless George Barna, David Kinnaman, 2014-09-19 Churchless people are all around us among our closest loved ones at our workplaces in our neighborhoods And more and more they are becoming the norm The number of churchless adults in the US has grown by nearly one third in the past decade Yet the startling truth is that many of these people claim they are looking for a genuine powerful encounter with God but they just don't find it in church What are they or we missing How can we better reach out to them What can we say or do that would inspire them to want to join a community of faith Containing groundbreaking new research from the Barna Group and edited by bestselling authors George Barna Revolution and David Kinnaman You Lost Me Churchless reveals the results of a five year study based on interviews with thousands of churchless men and women Looking past the surface of church attendance to deeper spiritual realities Churchless will help us understand those who choose not to be part of a church build trust based relationships with them and be empowered to successfully invite them to engage

Almost Christian Kenda Creasy Dean, 2010-07-16 Based on the National Study of Youth and Religion the same invaluable data as its predecessor Soul Searching The Religious and Spiritual Lives of American Teenagers Kenda Creasy Dean's compelling new book Almost Christian investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice In Soul Searching Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a Moralistic Therapeutic Deism a hodgepodge of banal self-serving feel good beliefs that bears little resemblance to traditional Christianity But far from faulting teens Dean places the blame for this theological watering down squarely on the churches themselves Instead of proclaiming a God who calls believers to lives of love service and sacrifice churches offer instead a bargain religion easy to use easy to forget offering little and demanding less But what is to be done In order to produce ardent young Christians Dean argues churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself but something that calls you to share God's love in word and deed with others Dean found that the most committed young Christians shared four important traits they could tell a personal and powerful story about God they belonged to a significant faith community they exhibited a sense of vocation and they possessed a profound sense of hope Based on these findings Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives Persuasively and accessibly written Almost Christian is a wake up call no one concerned about the future of Christianity in America can afford to ignore I Want to Believe But I Can't Karyn Henley, 2007-10 Best selling author and educator Karyn Henley invites the reader to explore possible reasons why kids from Christian homes drop out of church when they graduate from high school **Already Gone** Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who

are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America's Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church Already Gone reveals Why America's churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way
