

Dear user,

As you may know, your elected officials in Virginia are requiring us to verify your age before allowing you access to our website. While safety and compliance are at the forefront of our mission, giving your ID card every time you want to visit an adult platform is not the most effective solution for protecting our users, and in fact, will put children and your privacy at risk.

In addition, mandating age verification without proper enforcement gives platforms the opportunity to choose whether or not to comply. As we've seen in other states, this just drives traffic to sites with far fewer safety measures in place. Very few sites are able to compare to the robust **Trust and Safety measures** we currently have in place. To protect children and user privacy, any legislation must be enforced
