Your Forces and How to Use Them Prentice Mulford, 2007-03-01. Grown out of author Prentice Mulford's spiritual nature and study of the metaphysical and the mundane. *Your Forces and How to Use Them* originally published in 1911 is at once a description of the mental forces we all possess and an expression of those that are not so obvious but of which we subconsciously take part. Touching on topics as varied and as cerebral as dream life, memory, mesmerism, knowledge, and the power of positive thinking, this fascinating study of the psycho-spiritual is a must for anyone curious about the power of the human mind.

American author PRENTICE MULFORD 1834-1891 is one of the oddest fixtures of 19th century literature. After moving for years in the literary and Bohemian sets of San Francisco in the 1860s as a writer of humorous short stories, he lived as a hermit in New Jersey where he wrote the books of modern spirituality that made him a pioneer of modern self-help philosophies, including *Thoughts Are Things* and *The God in You*.

Your Forces, and How to Use Them, Vol. 1 (Classic Reprint) Prentice Mulford, 2015-07-09. *Your Forces and How to Use Them* was originally published in 1903 and has now been republished by Forgotten Books. Written by Prentice Mulford, the book is a sort of original self-help book focused on aspects that may be considered new age. When the book was published today, Mulford begins his book with a brief section on God and provides the reader with a glimpse of the perspective from which this book is written. The Supreme Wisdom Power and Intelligence is in everything that exists, from the atom to the planet, states the author. Mulford believes that all living beings are connected and that humans must awake to this connection. The first several chapters of the book discuss sleeping and dreaming and the connection between dreams and our wellbeing. Later chapters focus on self-improvement through a variety of streams, from focus on physical being to the art of studying to the recognition of the spiritual gifts given to all humans. The book concludes with a discussion of re-embodiment or the act of spirits migrating to a new body.

As a self-help book, *Your Forces and How to Use Them* is short on any practical advice. There are very few applicable pieces of information provided. Rather, the book is focused mainly on Mulford's belief system, which is both scientifically unfounded and spiritually thin. It is difficult to imagine this text providing the reader with any advice that could be considered constructive, either spiritually or practically. Mulford's overly simplistic spiritual viewpoint and lack of practical advice make *Your Forces and How to Use Them* a tedious read. While this book may be of some interest to those curious about what a spiritual self-help book looked like in the early twentieth century, most readers will not find anything of value in this text. Proceed with caution.
