Morris,2025-03-04 What has gold done to people What has it made them do The

Witwatersrand in South Africa once home to the world's richest goldfields is today scattered with abandoned mines into which informal miners known as zama zamas venture in an illicit often deadly search for ore. Based on field research conducted across more than twenty-five years around these mines, *Unstable Ground* reveals the worlds that gold made possible and gold's profound costs for those who have lived in its shadow and dreamt of its transformative power. From the vantage point of the closure of South Africa's gold mines, Rosalind C. Morris reconsiders their histories beginning in the present and descending into the pasts that shaped them. Anchored in evocative descriptions of mining in the ruins, this book explores the social worlds built on gold and the lives that were remade and sometimes undone by the industry over a century and a half. Viewing this industry from its margins against the backdrop of the cyanide revolution, the gold standard's demise, and recurrent sinkholes, as well as the insurrectionary protests and violence that continue to this day, it recasts the history of South Africa and the incomplete effort to overcome apartheid amid the transformations of the global economy. In writing that is by turns immersive, incisive, and poetic, Morris unearths a history that was born of imperial aspiration and that persists as a speculative mirage. Interweaving ethnography, history, personal testimony, and political thought with striking readings of South African literary texts, *Unstable Ground* is a work of extraordinary ambition and depth. **The Routledge Companion to Art and Activism in the Twenty-First Century** Lesley Shipley, Mey-Yen Moriuchi, 2022-12-30. The Routledge Companion to Art and Activism in the Twenty-First Century brings together a wide range of geographical, cultural, historical, and conceptual perspectives in a single volume of new essays that facilitate a deeper understanding of the field of art activism as it stands today and as it looks towards the future. The book is a resource for multiple fields, including art activism, socially engaged art, and contemporary art, that represent the depth and breadth of contemporary activist art worldwide. Contributors highlight predominant lines of inquiry, uncover challenges faced by scholars and practitioners of activist art, and facilitate dialogue that might lead to new directions for research and practice. The editors hope that the volume will incite further conversation and collaboration among the various participants, practitioners, and researchers concerned with the relationship between art and activism. The audience includes scholars and professors of modern and contemporary art, students in both graduate and upper-level undergraduate programs, as well as artists, curators, and museum professionals. Each chapter can stand on its own, making the companion a flexible resource for students and educators working in art history, museum studies, community practice, socially engaged art, political science, sociology, and ethnic and cultural studies.
