mentira Enric Martí, 2016-11-22 Cuando los secretos del pasado salen a la luz saber más de la cuenta puede resultar peligroso. Sergi Ben y ngels se darán de frente con una realidad que les mostrará su cara más cruel cuando el sombrero y poderoso Opus Dei ve amenazada a una Iglesia Católica que no está pasando por sus mejores momentos. Cuando la realidad y la ficción se funden en una sola cosa la mente nos conduce hacia lo más profundo de nuestra imaginación. Vive un apasionante viaje por diferentes historias a través de diversos personajes que nos trasladarán a distintos lugares y pocas en un marco que entre pasado y presente nos dejará entrever el macabro mundo en el que vivimos. Descubre la historia que no dejará indiferente a nadie. Descubre La Gran Mentira *El principio* Alexander Loyd, 2015-02-13 Sabemos que la mayor parte de los programas de autoayuda convencionales tienen un índice de fracaso del 97%. La realidad es que el típico mantra de la superación personal acerca de las virtudes de estimular el poder de tu voluntad y activar el poder del pensamiento positivo es una receta para el fracaso. En *El principio* Alexander Loyd nos revela un programático y altamente eficaz que te ayudará a alcanzar la vida que quieres y el éxito que te mereces. La ciencia ha probado que el estrés o miedo interno es la fuente principal de prácticamente todos los problemas físicos espirituales y emocionales. Nuevas investigaciones demuestran que el miedo está literalmente programado a nivel celular. Esta es la causa por la que no podemos acabar con el estrés solo con el poder de la voluntad. Por primera vez este libro nos enseña a transformar la programación celular desde el miedo al amor disparando una reacción química en cadena que te estimulará hacia el éxito. Enraizada en la ciencia en la sabiduría ancestral y en técnicas terapéuticas de probada eficacia en eliminar los obstáculos que nos sabotean. *El principio* ofrece un revolucionario programa holístico de 40 días basado en más de 25 años de experiencia clínica permitiéndote identificar lo que en esencia define tu éxito.

La psicología de la mentira José María Martínez Selva, 2005-05 Este libro trata de la mentira y el engaño en la conversación y de su papel en los procesos de comunicación. Describe los aspectos psicológicos y sociales de la mentira y la conducta tanto del mentiroso como de quien quiere descubrir la verdad. El lector encontrará en la información general sobre las distintas formas de engaño y una revisión crítica de las técnicas e instrumentos de detección de las que forma parte el polígrafo y su muy cuestionable uso en la indagación de la verdad. La mentira y el engaño forman parte sea quiera o no de las relaciones humanas en todos los ámbitos tanto privados como públicos y en todas sus vertientes en las relaciones familiares en la amistad

y en el afecto pero también en la política en el ámbito forense en el económico o en la comunicación pública Saber por qué se miente o por qué nos intentan engañar es también conocernos a nosotros mismos Es saber por qué a veces queremos o intentamos que los demás no sepan la verdad y por qué los demás intentan hacer lo mismo con nosotros cómo y por qué nos comportamos de una manera u otra en determinadas circunstancias y ante determinadas personas cuáles son nuestras emociones y nuestros miedos que queremos conseguir y que queremos evitar y que queremos que hagan o dejen de hacer los demás En suma este libro ayuda a que podamos saber con un poco de suerte cuándo nos engañan y cómo lo hacen **Todo**
