## **Violence In The Contemporary American Novel An End To Innocence:**

Violence in the Contemporary American Novel James Richard Giles, 2000 Framing his study with two cases of violence involving children in Chicago he notes the degree to which violence in the novels is perpetrated by adults against children or even more shockingly by children against children *Cormac McCarthy* Erik Hage, 2010-03-16 Cormac McCarthy the author of such works as *Blood Meridian* *All the Pretty Horses* *No Country for Old Men* and *The Road* is one of America's greatest living writers an uncompromising examiner of the depths of human depravity the nature of evil and the bonds that endure This companion is intended for both the scholar and lay reader seeking a comprehensive understanding of McCarthy's body of work Alphabetically ordered entries offer analysis of novels characters motifs allusions plays and themes as well as commentary on events people and places related to McCarthy scholarship Most entries include a selected bibliography for further reading A biographical introduction provides information on the life of this reclusive author and discussion topics are provided as an aid for instructors **The Prestige of Violence** Sally Bachner, 2011-09-15 In *The Prestige of Violence* Sally Bachner argues that starting in the 1960s American fiction laid claim to the status of serious literature by placing violence at the heart of its mission and then insisting that this violence could not be represented Bachner demonstrates how many of the most influential novels of this period are united by the dramatic opposition they draw between a debased and untrustworthy conventional language on the one hand and a violence that appears to be prelinguistic and unquestionable on the other Genocide terrorism war torture slavery rape and murder are major themes yet the writers insist that such events are unspeakable Bachner takes issue with the claim made within trauma studies that history is the site of violent trauma inaccessible to ordinary representation Instead she argues both trauma studies and the fiction to which it responds institutionalize an inability to address violence Examining such works as Vladimir Nabokov's *Pale Fire* Thomas Pynchon's *The Crying of Lot 49* Norman Mailer's *Armies of the Night* Margaret Atwood's *Surfacing* and Philip Roth's *The Plot Against America* Bachner locates the postwar prestige of violence in the disjunction between the privileged security of wealthier Americans and the violence perpetrated by the United States abroad The literary investment in unspeakable and often immaterial violence emerges in Bachner's readings as a complex and ideologically varied literary solution to the political geography of violence in our time *The Oxford Handbook of American Literary Naturalism* Keith Newlin, 2011-03-01 After its heyday in the late nineteenth and early twentieth century naturalism a genre that typically depicts human beings as the product of biological and environmental forces over which they have little control was supplanted by modernism a genre in which writers experimented with innovations in form and content In the last decade the movement is again attracting spirited scholarly debate *The Oxford Handbook of American Literary Naturalism* takes stock of the best new research in the field through collecting twenty eight original essays drawing upon recent scholarship in literary and cultural studies The contributors offer an authoritative and in depth reassessment of writers from Stephen Crane Frank Norris Theodore Dreiser

and Jack London to Kate Chopin Edith Wharton Ernest Hemingway Richard Wright John Steinbeck Joyce Carol Oates and Cormac McCarthy One set of essays focus on the genre itself exploring the historical contexts that gave birth to it the problem of definition its interconnections with other genres the scientific and philosophical ideas that motivate naturalist authors and the continuing presence of naturalism in twenty first century fiction Others examine the tensions within the genre the role of women and African American writers depictions of sexuality the problem of race and the critique of commodity culture and class A final set of essays looks beyond the works to consider the role of the marketplace in the development of naturalism the popular and critical response to the works and the influence of naturalism in the other arts

**A Body Living and Not Measurable: How Bodies are Constructed, Scripted and Performed Through Time and Space** Kathleen Glenister Robers, Ya-hui Irenna Chang, Łukasz Matuszyk, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 This volume crashes through many boundaries between academic disciplines between nations and cultures and finally between the concepts time space and body With contributors from architecture literary studies education cultural studies and other fields chapters take a special interest in the body as it is constructed

scripted and performed through time and space Arranged into sections for ease of use in the advanced university course chapters explore significant questions for the 21st century What is time What is the relationship between space and existence Who controls our bodies Is there hope for the future given hegemonic controls on the body From literature to freak shows from crime fiction to choreography and art installations to disability the lived body is explored in all its human puzzlement

**Sandra Cisneros's The House on Mango Street** Harold Bloom,2010 A collection of essays exploring various aspects of Sandra Cisneros novel The House on Mango Street **Murder, in Fact** Lana A. White,2020-11-09 With the 1965

publication of In Cold Blood Truman Capote declared he broke new literary ground But Capote s nonfiction novel belongs to a long Naturalist tradition originating in the work of 19th century French novelist Emile Zola Naturalism offers a particular response to the increasing problem of violence in American life and its sociological implications This book traces the origins of the fact based homicide novel that emerged in the mainstream of American literature with works such as Frank Norris s McTeague and flourished in the twentieth century with works such as Theodore Dreiser s An American Tragedy and Richard Wright s Native Son At their heart is a young man isolated from community who acts out in desperate circumstances against someone who reflects his isolation A tension develops between how society views this killer and the way he is viewed by the novelist The crimes central to these narratives epitomize the vast gap between those who can aspire to the so called

American dream and those with no realistic chance of achieving it **Perspectives on Evil** ,2019-10-07 The question of evil is one of the oldest and most intensely studied topics in intellectual history In fiction legend and mythology the boundary between good and evil is often depicted as clear cut at least to the reader or listener who is supposed to understand such tales as lessons and warnings Evil is something that must be avoided by the hero in some cases and vanquished in others it is either the exact opposite of the expected good behaviour or its complete absence Even so for the characters in these didactic fictions it turns out to be deceptively easy to fall to the infernal dark side This volume draws on the expertise of an

interdisciplinary group of contributors to chart events and deeds of an evil nature that have been lived in the recent past and have become part of history from individual to institutionalised evil Cormac McCarthy Harold Bloom,2014-05-14 Presents a collection of critical essays about the works of Cormac McCarthy **Richard Wright** Keneth Kinnamon,2014-11-04

African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography

covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics     **Reading the World** Dianne C. Luce,2009 In *Reading the World* Dianne C Luce explores the historical and philosophical contexts of Cormac McCarthy s early works crafted during his Tennessee period from 1959 to 1979 to demonstrate how McCarthy integrates literary realism with the imagery and myths of Platonic gnostic and existentialist philosophies to create his unique vision of the world Luce begins with a substantial treatment of the east Tennessee context from which McCarthy s fiction emerges sketching an Appalachian culture and environment in flux Against this backdrop Luce examines novel by novel McCarthy s distinctive rendering of character through mixed narrative techniques of flashbacks shifts in vantage point and dream sequences Luce shows how McCarthy s fragmented narration and lyrical style combine to create a rich portrayal of the philosophical and religious elements at play in human consciousness as it confronts a world rife with isolation and violence     *American Novelists Since World War II*.
