Virtuous Minds Intellectual Character Development:

Virtuous Minds Philip E. Dow, 2013-03-06 Teacher administrator Philip Dow explores the implications of setting intellectual character rather than intellectual content at the heart of our educational programs With ample stories and practical suggestions Dow shows how intellectual virtues like tenacity carefulness and curiosity are teachable traits that can produce good lives

Virtuous Minds, 2013 What does it mean to love God with all of our minds In this wise and winsome book Philip Dow presents a case for the recovery of intellectual character Virtue is not about doing the right things but about becoming the right kind of person The formation of intellectual character produces a way of life that demonstrates love for both God and neighbor Virtuous Minds is a timely and thoughtful work for parents and pastors teachers and students anyone who thinks education is more about the quality of character than about the quantity of facts Back Cover

Virtuous Minds Philip E Dow, 2013-05-23 What does it mean to love God with all of our minds Our culture today is in a state of crisis where intellectual virtue is concerned Dishonesty cheating arrogance laziness cowardice such vices are rampant in society even among the world's most prominent leaders We find ourselves in an ethical vacuum as the daily headlines of our newspapers confirm again and again Central to the problem is the state of education We live in a technological world that has ever greater access to new information and yet no idea what to do with it all In this wise and winsome book Philip Dow presents a case for the recovery of intellectual character He explores seven key virtues courage carefulness tenacity fair mindedness curiosity honesty and humility and discusses their many benefits The recovery of virtue Dow argues is not about doing the right things but about becoming the right kind of person The formation of intellectual character produces a way of life that demonstrates love for both God and neighbor Dow has written an eminently practical guide to a life of intellectual virtue designed especially for parents and educators The book concludes with seven principles for a true education a discussion guide for university and church groups and nine appendices that provide examples from Dow's experience as a teacher and administrator Virtuous Minds is a timely and thoughtful work for parents and pastors teachers and students anyone who thinks education is more about the quality of character than about the quantity of facts

Virtuous Minds, 2013-05-22 What does it mean to love God with all of our minds Our culture today is in a state of crisis where intellectual virtue is concerned Dishonesty cheating arrogance laziness cowardice such vices are rampant in society even among the world's most prominent leaders We find ourselves in an ethical vacuum as the daily headlines of our newspapers confirm again and again Central to the problem is the state of education We live in a technological world that has ever greater access to new information and yet no idea what to do with it all In this wise and winsome book Philip Dow presents a case for the recovery of intellectual character He explores seven key virtues courage carefulness tenacity fair mindedness curiosity honesty and humility and discusses their many benefits The recovery of virtue Dow argues is not about doing the right things but about becoming the right kind of person The formation of intellectual character produces a way of life that demonstrates love for

both God and neighbor Dow has written an eminently practical guide to a life of intellectual virtue designed especially for parents and educators The book concludes with seven principles for a true education a discussion guide for university and church groups and nine appendices that provide examples from Dow s experience as a teacher and administrator Virtuous Minds is a timely and thoughtful work for parents and pastors teachers and students anyone who thinks education is more about the quality of character than about the quantity of facts

The Excellent Mind Nathan L. King, 2021-02-19 Nathan L King s The Excellent Mind considers the importance of the intellectual virtues the character traits of excellent thinkers He explains what it means to have an excellent mind one that is curious careful self reliant humble honest persevering courageous open firm and wise He shows how the intellectual virtues are critical to living everyday life They are deeply intertwined with moral virtues and our intellectual character guides our actions and beliefs The book is thoroughly accessible and designed for students not just in philosophy and critical thinking classes but across the curriculum

Intellectual Dependability T. Ryan Byerly, 2021-04-06 Intellectual Dependability is the first research monograph devoted to addressing the question of what it is to be an intellectually dependable person the sort of person on whom one s fellow inquirers can depend in their pursuit of epistemic goods While neglected in recent scholarship this question is an important one for both epistemology how we should conceptualize the ideal inquirer and education how we can enable developing learners to grow toward this ideal The book defends a virtue theory according to which being an intellectually dependable person is distinctively a matter of possessing a suite of neglected virtues called the virtues of intellectual dependability that are themselves distinctively concerned with promoting epistemic goods in others inquiries After defending the existence and educational significance of these virtues as a group the book turns toward the project of identifying and conceptualizing several specific instances of these virtues in detail Virtues discussed include intellectual benevolence intellectual transparency communicative clarity audience sensitivity and epistemic guidance In each case an interdisciplinary treatment of the nature of the virtue and its relationship to other virtues vices and personality features is offered drawing especially on relevant research in Philosophy and Psychology The book concludes with a chapter devoted to identifying distinctive ways these virtues of intellectual dependability are manifested when it is inquiring communities rather than individuals that occupy the position of intellectual dependence By directing attention to the ideal of intellectual dependability the book marks a novel turn of scholarly interest explicitly toward a neglected dimension of the ideal inquirer that will inform both epistemological theorizing and educational practice

Deep in Thought Jason Baehr, 2022-10-18 Deep in Thought provides an introduction to intellectual virtues the personal qualities and character strengths of good thinkers and learners and outlines a pragmatic approach for teachers to reinforce them in the classroom With a combination of theoretical expertise and practical experience philosopher Jason Baehr endorses intellectual virtues as a rich meaningful way to think about and understand the purpose of education He makes a persuasive case for prioritizing intellectual virtues in the classroom to

facilitate deeper learning encourage lifelong learning and enrich teacher practice Baehr profiles nine key virtues that enable learners to initiate the process of learning maintain forward momentum and overcome common obstacles With engaging anecdotes and concrete examples he presents a wealth of principles postures and practices that educators can employ in promoting essential habits of mind such as curiosity open mindedness and intellectual courage Baehr illustrates how opportunities to practice these intellectual habits can be integrated into the classroom in ways that align with current teaching practices In addition he shows how educators can adapt these practices to accommodate students identities developmental abilities and interests This thought provoking book supports all educators especially middle and high school teachers in teaching for intellectual virtues Deep in Thought is a philosophical and yet practical guide to one of the most important aims of education helping students become skilled thinkers and learners

A Philosophy of Israel Education
Barry Chazan, 2016-08-20 This book develops a new philosophy of Israel education Person centered Israel education is concerned with developing in individual learners the ability to understand and make rational emotional and ethical decisions about Israel and about the challenges Israel regularly faces whether they be existential spiritual democratic humanitarian national etc Chazan begins by laying out the terms of the conversation then examines the six pronged theory of person centered Israel education to outline the aims content pedagogy and educators needed to implement this program Finally the author meditates on what a transformation from ethnic to ethical education might look like in this context and others This book is Open Access under a CC BY license

QAnon, Chaos, and the Cross Michael W. Austin, Gregory L. Bock, 2023-05-23 What is truth said jesting Pilate and would not stay for an answer Francis Bacon Although Christians are followers of the Truth many find themselves tempted by the alternate truths offered by conspiracy theories Christianity and conspiracy theories have had a long complicated relationship But today conspiracy theories are bringing our already polarized society to the brink of chaos QAnon the Big Lie and anti vaccination theories thrive online disrupting faith communities This timely essay collection explores the allure of conspiracy theories and their consequences and ultimately offers gospel based paths forward Accessible to all concerned believers QAnon Chaos and the Cross features scholars of religion ethics and public life on the following topics evaluating evidence and forming beliefs the Satanic Panic of the 1960s 1990s understanding scientific methodology conspiracy theories appeal to those searching for meaning the consequences of social media and echo chambers productive dialog with people who hold different opinions intellectualism in the life of faith conspiracy theories in Scripture QAnon s religious rhetoric Complete with a guide to reasoning which outlines both logical fallacies and intellectual virtues QAnon Chaos and the Cross is an indispensable resource for all Christians seeking the truth Contributors Chase Andre Michael W Austin Bradley Baurain Daniel Bennett Gregory L Bock Chad Bogosian Kevin Carnahan Jason Cook Scott Culpepper Stephen Davis Garrett J DeWeese Marlana Graves Shawn Graves David Horner Dru Johnson Nathan King Rick Langer Christian Miller Timothy Muehlhoff Michelle Lynn Panchuk Susan Peppers Bates Steven Porter Kaitlyn Schiess Aaron
