

The background of the book cover is a photograph of a wooden table. Scattered across the table are various visual aids and cards. In the top left, there's a white card with a green border and a small illustration of a person. Next to it is a small wooden bowl containing colorful beads. To the right, a white card with a red dot is visible. In the bottom left, a purple card with a red flower illustration is shown. In the bottom right, a yellow card with a smiley face and a row of red dots is visible. Other cards with various patterns and colors are also scattered around.

Visual Support for Children With Autism Spectrum Disorders

Materials for Visual Learners

Foreword by Gary Mesibov, Ph.D.

Visual Support For Children With Autism Spectrum Disorders

Steve Lockwood

Visual Support For Children With Autism Spectrum Disorders:

Visual Support for Children with Autism Spectrum Disorders Vera Bernard-Opitz, Anne Häussler, 2011 Combining their years of experience working with individuals on the autism spectrum the authors bring practical ideas and teaching methods for offering visual supports to students with autism spectrum disorders

Handbook of Early Intervention for Autism Spectrum Disorders Jonathan Tarbox, Dennis R. Dixon, Peter Sturmey, Johnny L. Matson, 2014-04-04 Current rates of autism diagnoses have been cause for concern and research as well as rumor and misinformation Important questions surround the condition how early can an accurate diagnosis be made At what age should intervention start How can parents recognize warning signs And what causes autism in the first place There are no easy answers but the Handbook of Early Intervention for Autism Spectrum Disorders gives researchers practitioners and academics the science and guidance to better understand and intervene Background chapters survey the history of professional understanding of the disorders and the ongoing debate over autism as a single entity or a continuum Chapters on best methods in screening assessment and diagnosis reflect the transition between the DSM V and older diagnostic criteria And at the heart of the book the intervention section ranges from evidence based strategies for developing core skills to ethical concerns cultural considerations and controversial treatments Included in the Handbook s broad based coverage Designing curriculum programs for children with autism spectrum disorders ASD Mainstream education for children with ASD Teaching independent living skills to children with ASD Social skills and play Behavioral and mental health disorders in children with ASD Training and supporting caregivers in evidence based practices Teaching cognitive skills to children with ASD The Handbook of Early Intervention for Autism Spectrum Disorders is a comprehensive reference for researchers professors and graduate students as well as clinicians and other scientist practitioners in clinical child and school psychology child and adolescent psychiatry social work rehabilitation special education and pediatric medicine

Visual Supports for People with Autism Marlene J. Cohen, Donna L. Sloan, 2007 For children with autism visual supports ie any pictorial graphic or scheduling aid are important teaching tools in learning concepts that are otherwise difficult to master due to weaknesses in auditory and verbal processing This book provides a guide to using these aids for teaching academic daily living and self help skills

Visual Supports for Visual Thinkers Lisa Rogers, 2013-08-28 This book is packed with effective visual tools to assist in the education of students with special education needs It covers how the classroom environment is laid out schedules and time planning aids different education approaches and the teaching of social rules and appropriate behavior All the supports are explained with examples and photos

How to Develop and Implement Visual Supports Theresa L. Earles-Vollrath, Katherine Tapscott Cook, Jennifer B. Ganz, 2006 Describes many types of visual supports and visual strategies that support informational behavioral and communication necessary in the education of students with autism spectrum disorders

Making Visual Supports Work in the Home and Community Jennifer L. Savner, Brenda Smith Myles, 2000 Making Visual Supports Work is

exploding with practical ideas for daily living with a child with Asperger Syndrome It is an easy read that empowers parents to use everyday items to create simple effective visual supports A must for any parent who wants to have less conflict and more fun

Autism Spectrum Disorders (ASD): Padmaja Sarathy,2015-03-30 This six page laminated reference guide by Padmaja Sarathy presents seven steps for maximizing academic social and life outcomes for children with Autism Spectrum Disorders ASD while minimizing the impact of some of their complex behavioral and learning characteristics Packed with practical and proven strategies this guide is an invaluable resource for all those who work with children with ASD including classroom teachers paraeducators support staff and parents The environmental and instructional supports outlined in this guide are derived from sound research based practices When these supportive interventions are applied cohesively and implemented consistently they provide effective personalized interventions for responding to the unique needs of children with ASD They include Understanding Autism Spectrum Disorders Structural Supports Visual Supports Academic Supports Social Skills Supports Self Regulation Supports Crisis Supports The guide details each of the seven steps and provides examples of interventions and techniques that teachers can put into practice immediately to improve outcomes for students with Autism Spectrum Disorders

Visual Thinking Strategies for Individuals with Autism Spectrum Disorders Ellyn Lucas Arwood,Carole Kaulitz,Mabel M. Brown,2009 Visuals of all kinds photographs checklists line drawings cartoons flowcharts stick figures etc are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually However not all visuals are created equal and therefore visuals don t all work equally well This companion to Learning With a Visual Brain in an Auditory World helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual In this way appropriate visuals provide the language development for children with autism spectrum disorders Drawing from their experience with children and youth for decades the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts Google Books

Teaching Children with Autism in the General Classroom Vicky G. Spencer,Cynthia G. Simpson,2009 Successful strategies for educating students with autism in the regular classroom

Effectiveness of Visual Supports in the Home for Preschool Age Children with Autism: Implementation of Modified TEACCH Methodology Laura Velez,2016 Researchers examined the effectiveness of visual supports in the home for preschool age children 3 5 years old with Autism Spectrum Disorders ASD using a modified TEACCH methodology Four parents of children with ASD were trained on implementing visual schedules in the home for one daily routine Two parents withdrew from the study due to lack of time and childcare issues All children were diagnosed with moderate delays and had not previously used visual schedules in the home The final participants selected tooth brushing for their children s routine and researchers created individualized visual schedules for each The study was implemented for four weeks and parents collected daily progress data of their child s use of visuals through written data forms and iPad video recordings A mixed methods design was used in order to collect

quantitative and qualitative data The researchers concluded that parents were able to be trained successfully teach and implement visual supports in the home for their child with ASD

Visual Language in Autism Howard C. Shane, Sharon Weiss-Kapp, 2008

Creating Visual Schedules Johanne Mainville, Sonia Di Lillo, Nathalie Poirier, Nathalie Plante, 2024-02-20 People with autism spectrum disorders ASD or intellectual disabilities ID generally have deficits in executive function and memory and consequently have difficulty orienting themselves in time The Schedule Evaluation Tool SET was developed in response to these specific needs using a visual schedule It helps people working with individuals with ASD or ID to determine the type of schedule best suited to their needs and abilities and to integrate it into their living environment promoting independence and a better quality of life The SET includes materials protocols and a manual that allow practitioners and professionals to assess the schedule of children adolescents and adults in various settings such as educational daycare school internship or employment and residential settings It is divided into four distinct parts The first part involves the manipulation of objects photographs pictograms and words in a formal assessment context The second and third parts take place directly in the setting where the schedule is to be implemented The fourth part is administered in the form of an interview with the person who knows the person best in the context where the schedule will be introduced Available formats hardcover trade paperback accessible PDF and accessible ePub

Video Modeling Steve Lockwood, 2018-03-15 The key to helping your ASD child may be right in your pocket Help your child to learn new skills and overcome existing barriers quickly and independently regardless of age or ability Video modeling is an effective method of teaching that uses recorded videos and technology With repetitive and consistent exposure to video models success stories include A child who would not brush his teeth A teenager being acclimated to a new work environment A four year old who has not developed proper play skills A child who would not engage with her teachers in class And so much more Learn how using only your smartphone to create educational and beneficial material to help learners with autism increase independence facilitate learning and improve quality of life

Autism Spectrum Disorders Amy M. Wetherby, Barry M. Prizant, 2000 A reference guide to autism spectrum disorders that provides an in depth overview of the communication language social and behavioral issues of autism spectrum disorders

Linguistics and Language Behavior Abstracts, 2009-02

The SCERTS Model: Program planning & intervention Barry M. Prizant, 2006 This two volume set provides a multidisciplinary approach to enhancing communication and socioemotional abilities of young children with Autism Spectrum Disorder ASD and related disorders The approach is a practical model that is systematic and semi structured but is flexible to respond to the individual differences of children and families
