Vital Face Facial Exercises And Massage For Health And Beauty:

Vital Face Leena Kiviluoma, 2013 This fully illustrated handbook guides you through stretching and massage techniques to relax the facial neck and shoulder muscles with particular emphasis on the jaw where tension is often held. The exercises address health issues such as teeth clenching and grinding pain in the face jaw head or neck and can even relieve the effects of Bell's Palsy. They also achieve positive cosmetic results such as reduced facial lines and healthy glowing skin. The strengthening exercises will help to lift the facial features and prevent facial sagging. The impact of each exercise is clearly explained so you can concentrate on techniques to target your individual situation needs and goals. *Facial*

Multi-characteristics And Applications Bob Zhang, Qijun Zhao, David Zhang, 2018-11-19 What features or information can we observe from a face and how can this information help us to understand the person concerned in terms of their well being and what can we learn about and from each given feature. This book answers these questions by first dividing a face's multiple characteristics into two main categories original or physiological features and features that change over a lifetime. The first category original features may be further divided into two sub classes features special or unique to an individual and features common to a particular group. The second changed features can also be subdivided into two groups features altered due to disease or features altered by other external factors. From these four sub categories four different applications facial identification using original and special features beauty analysis using original common features facial diagnosis by disease changed features and expression recognition through affect changed features are identified. The book will benefit researchers professionals and graduate students working in the field of computer vision pattern recognition security clinical practice and beauty analysis and will also be useful for interdisciplinary research. **Facial Enhancement Acupuncture**
