Dostoyevsky, 1955 *Another Freedom* Svetlana Boym, 2018-07-02 The word freedom is so overly used and frequently abused that it is always in danger of becoming nothing but a cliché In *Another Freedom* Svetlana Boym offers us a refreshing new portrait of the age old concept Exploring the rich cross cultural history of the idea of freedom from its origins in ancient Greece to the present day she argues that our attempts to imagine freedom should occupy the space of not only what is but also what if Beginning with notions of sacrifice and the emergence of a public sphere for politics and art Boym expands her account to include the relationships between freedom and liberation modernity and terror and political dissent and creative estrangement While depicting a world of differences she affirms lasting solidarities based on the commitment to the

passionate thinking that reflections on freedom require To do so Boym assembles a remarkable cast of characters Aeschylus and Euripides Kafka and Mandelstam Arendt and Heidegger and a virtual encounter between Dostoevsky and Marx on the streets of Paris By offering a fresh look at the strange history of this idea Another Freedom delivers a nuanced portrait of freedom one whose repercussions will be felt well into the future

Turned Inside Out Steven Shankman, 2017-05-15 In *Turned Inside Out Reading the Russian Novel in Prison* Steven Shankman reflects on his remarkable experience teaching texts by Fyodor Dostoevsky Vasily Grossman and Emmanuel Levinas in prison to a mix of university students and inmates These persecuted writers Shankman argues that Dostoevsky's and Levinas's experiences of incarceration were formative describe ethical obligation as an experience of being turned inside out by the face to face encounter Shankman relates this experience of being turned inside out to the very significance of the word God to Dostoevsky's tormented struggles with religious faith to Vasily Grossman's understanding of his Jewishness in his great novel *Life and Fate* and to the interpersonal encounters the author has witnessed reading these texts with his students in the prison environment *Turned Inside Out* will appeal to readers with interests in the classic novels of Russian literature in prisons and pedagogy or in Levinas and phenomenology At a time when the humanities are struggling to justify the centrality of their mission in today's colleges and universities Steven Shankman by example makes an undeniably powerful case for the transformative power of reading great texts
