Winter's Child Dea Trier Mørch, 1987-11-01 Tells the stories of women at a Copenhagen maternity ward for difficult cases and describes how they face the challenges of childbirth      **Children's Island** P. C. Jersild, 1986-11-01 Convincing his mother that he has gone to Children's Island a summer camp Reine Larsson a ten year old is determined to get by on his own resources in Stockholm for the summer      Scandinavian Studies, 1986 Includes Proceedings of the Society      Scandinavian Review, 1925      The Publishers Weekly, 1923      **Forthcoming Books** Rose Army, 1992      *WQ*, 1987      Bowker's Guide to Characters in Fiction 2007, 2008-02      **Books in Print Supplement**, 1985      *The Publishers' Trade List Annual*, 1989

Tutelar Tales Villy Sørensen, 1988 When Tutelar Tales Formynder fort llinger was first published in Denmark in 1964 a reviewer wrote If Danish were a global language I believe Tutelar Tales would rapidly gain a world wide audience That is likely to happen now that Paula Hostrup Jessen has translated into English this collection of striking short stories by Villy Sørensen whose position as a leading Scandinavian writer was confirmed when he won the 1986 Swedish Academy Prize known as the Little Nobel Unified by the twin themes of the guardian and the ward of liberation and repression these stories can be read as chapters in the history of European psyche according to Sørensen From the perspective of an imaginary but not far from real present they project backward through recent medieval and ancient history to the origins of evil and project ahead to a future still bound by the spiritual schisms of antiquity Throughout these twelve tales Sørensen examines the protective possessive and conspiratorial forms guardianship can take from sadistic displays of power to subtle psychological manipulations Characters are drawn from history and prehistory Judas Nero the apostle Paul the Hapsburg Emperor Frederick III and from the street office school and shop Showing the influence of Hans Christian Andersen Kierkegaard and Kafka and often symbolic and allegorical the Tutelar Tales are rich in allusions to the Bible folk ballads fairy tales legends and mythology      *Only a Mother* Ivar Lo-Johansson, 1991      **The Impostor** Peter Seeberg, 1990 The Impostor is a searching account of the torment that besets Father C nabre historian of mysticism and controversial star of the Parisian clergy when his faith suddenly deserts him As the priest struggles to cope secretly he crosses paths with associates on the complex margins of a Church facing modern politics in the early twentieth century Georges Bernanos's compelling and dark portraits of that shadowy world's inhabitants throw into stark relief the determination of a humble priest Father Chevance who alone knows C nabre's secret and struggles to save him By turn touching and scathing The Impostor explores the delicate balance between redemption and damnation and illuminates the fragility of our constructed selves Georges Bernanos 1888-1948 one of the twentieth century's most powerful and idiosyncratic writers was also the most original Roman Catholic writer of his time The Impostor the second of his novels published in French is the last to be translated into English      **For Love of Norway** Pål Espolin Johnson, 1989 When *Alt for Norge* was first published in Oslo in 1975 a chorus of praise went up from critics in Pål Espolin Johnson's native country It contained the joy and art of storytelling at its best one

said This novel about the fishing folk who live on an island off the northern coast of Norway is Johnson's own favorite of his works to date and it is the first to be translated into English by Conrad R yksund who perfectly catches its eloquent simplicity In the tiny village of Mostad squeezed between the roaring ocean and a saw toothed mountain the struggle against the element is eternal In that small space births weddings and deaths unite families The men who go down to the fishing boats do not always return The women work and wish for better times while keeping the home fires burning The people in these pages are almost too strikingly real to make fiction of particularly Magda who stays at Mostad for thirty nine years and listens to its heartbeat grow dimmer as war economic depression and the effects of time and tide set in For Love of Norway is a memorable modern Nordic saga all the more impressive for an objective style that is the literary equivalent of photography
