Wiring Vietnam The Electronic Wall:

Wiring Vietnam Anthony J. Tambini, 2007-05-30 During the Vietnam War the U S Army deployed electronic sensors along the Ho Chi Minh Trail in Laos Cambodia North Vietnam and South Vietnam in order to detect and track troop and vehicle movements At approximately 8 100 miles in length monitoring this sophisticated logistics network consisting of roads trails vehicle parks petroleum pipelines and storage areas was no mean task Since the work was classified as Secret until only recently a comprehensive story of the electronic sensors used in Southeast Asia has never been completely told Wiring Vietnam The Electronic Wall relates the history of the electronic detection system that was deployed during the Vietnam War Author Anthony Tambini covers everything from the sensors used to detect seismic signals from nearby troop and vehicle movements to audio sensors that were deployed to pick up conversations of troops as well as traffic noise of vehicles to engine ignition detectors Beginning with the conception development and implementation of these sensors Tambini then relates how ultimately the various signals the sensors collected were transmitted to orbiting aircraft that would process and retransmit the signals onward to a base in Thailand There the data underwent further analysis for possible targets that could be attacked from the air Anthony Tambini a member of the 25th Tactical Fighter Squadron based at Ubon Thailand in the late 1960s was part of an organization that dropped these sensors His firsthand perspective along with rarely seen photographs of the actual sensors used will provide those interested in the Vietnam War and modern warfare with a clear picture of an undocumented side of history

The World According to Military Targeting

Erik Reichborn-Kjennerud, 2025-05-27 A revealing account of the prevalence and alarming ubiquity of military targeting and how it has become a self propelling worldview driven by dominance violence and power The World According to Military Targeting engages directly with our grave world condition asking how we ended up in a closed world made for military targeting by military targeting In this book Erik Reichborn Kjennerud explores how the operational logics and seductive forces of targeting produce a world in which the only ways to think about politics and security is through military supremacy endless war and global domination with serious implications for social and political life Offering a critical investigation of military targeting through the lenses of its historical formation current operations and future implications the author presents an innovative investigation into targeting s radical knowledge production how it abstracts and brings into being new worlds and the violence and destructive effects it generates Through an interdisciplinary lens the book draws attention to military doctrine and methodologies statistical thought and practice the mathematical and computational techniques of data production processing and modeling and the so called machine learning algorithms and AI of today The resulting narrative provides novel insights into how imagining the world producing the world and operationalizing the world are always wrapped up in each other and profoundly embedded in sociotechnical systems

Historical Dictionary of the War in Vietnam

Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people

economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War *The Brown Water War at 50* Thomas J. Cutler,Edward J.
