Wise Men Look Stories Found Etched On Mens Lives:

Wise Men Look Snake Bloomstrand, 2012-05-12 Snake Bloomstrand's interest and study of how we mature was first inspired by his own questions. Unfortunately, we are largely left alone to figure out life and end up none the wiser as a result. He felt like something important had been neglected in my education so I went searching for a blueprint detailing how to build a productive and purposeful life. I felt like something had been neglected in my education so I went searching for a blueprint detailing what a productive life should look like and became an authority on the life-changing events we navigate how these events shape our lives and a method of mastery used to distill our experiences into wisdom. His search has taken him to South Africa shortly after apartheid ended and into a maximum security prison where men are working to shape a culture of integrity to replace one of domination and violence. These examples are dramatic yet what men seek regardless of the culture they live in is a productive life grounded in Integrity, Accountability, and Stewardship. The payoff is Significance, clear Purpose, and Personal Reward. Snake has mentored and counseled men in many parts of the world for over twenty-five years. Snake says he never did discover an Operators Manual but has identified the important lessons required by men to build a rewarding and significant life. He set out searching for a blueprint. Often those in crisis search him out seeking counsel to untangle complicated lives. They include CEO's, entrepreneurs, service and social workers, and represent individuals from all walks of life. They came seeking counsel to untangle complicated lives and find an authentic way to deal with the pressures exerted by home, family, and work. However, people in all phases of life have found value in his advice as they search for a greater personal understanding. This book will help guide you through the crossroads of your life. Who Are Those Guys? Thomas Mangan, 2014-08-30 Countless children, students, and adults have gone to Washington D.C. to stand before the Vietnam Wall. Many others have stood before traveling versions of the wall, but for those who did not lose someone special in the war, the experience might not be as meaningful as it is for others. Thomas Mangan, a Vietnam veteran and longtime journalist, examines the lives of the Americans who died in the war and tells how they paid the ultimate price for freedom in this extensively researched handbook that reveals the people behind the list of names. The book serves as a resource for teachers, schoolchildren, and anyone seeking to make their visit to the wall more educational, meaningful, and inspiring. By reading about those whose names are on the wall, you'll approach it with a new perspective. Whether you're a student, a teacher, soldier, or a member of a veterans organization, you'll gain a deeper appreciation for the freedom we enjoy from the stories of bravery and sacrifice in Who Are Those Guys.
