With Ears To Hear Preaching As Self Persuasion:

With Ears to Hear Robin Rex Meyers, 2004 *With Ears to Hear* Robin R. Meyers, 2007-10-01 What makes good sermons And how do they come to be Appropriating insights from the history of rhetoric and modern communications theory Robin Meyers proposes that truly effective sermons involve more than moralistic proselytizing or three points and a joke Rather the preacher must enter into dialogue not only with Scripture and the congregation but creatively with him or herself as well This willingness to listen to one's own sermon this willingness to be freshly persuaded will help enable the preacher to communicate with greater passion insight poetry and clarity **Jump into the Story** Ray R. Friesen, 2019-02-27 Preaching is a challenging privileged and awesome responsibility As important as mining the text for its meaning and message and making connections to our twenty first century world is the responsibility to engage the imaginations of the people in the pews or chairs In this book Ray Friesen life long preacher and retired pastor has provided twenty examples of how to be creative and engage those imaginations Most were written under the pressures of bi vocational ministry preaching forty times a year as half time pastor and operating a mediation practice They are offered to you not as sermons for you to preach but as examples of what is possible even with all the other responsibilities you may have Each sermon and type of creativity will create an opportunity to set your imagination and creativity free to engage the imaginations hearts and dreams of your parishioners **Preacher and Cross** André Resner, 1999 Numerous books are available on the meaning and methods of preaching but nothing has been written that specifically addresses the character of those who would preach Preacher and Cross helps fill this gap in homiletic studies by examining the relationship between the message of Christian proclamation and the preacher with specific attention to ministerial character and the preacher's use of self in sermons Andr Resner discusses the two dominant approaches to homiletics the rhetorical approach typified by Augustine and the theological approach typified by Barth and then compares and contrasts these approaches to what the apostle Paul says on the issue Essential reading for those involved in ministry this work offers invaluable insights into the relationship between preachers and the message they proclaim *Plain Truth for Plain People* Brad Estep, 2019-03-22 Having studied preaching at a doctoral level and practiced the craft for more than thirty years Brad Estep offers fifty biblically grounded theologically informed and congregationally contextualized sermons centered around the different seasons of the Christian year In addition to the sermon itself Estep provides additional analysis that revolves around the homiletical structure reasons for effectiveness and usage of illustrative material This work is designed for preachers who are interested and committed to the craft of preaching Intended for reflective practitioners Plain Truth for Plain People helps to reveal how and why sermons are crafted in the way that they are Because of that this book is also of interest to parishioners in the pews At the top of the list of desirable skills in a pastor is preaching This work helps provide examples of what that looks like or more accurately what that sounds like *Confessing Jesus Christ* David J. Lose, 2003-03-04 With its relentless insistence that there is no reality

beyond that which we construct postmodern thought questions the presuppositions of many disciplines including homiletics Offering a lively description of the postmodern worldview and its implications for Christian faith Confessing Jesus Christ by David Lose teaches preachers how to rise to the challenges posed by our postmodern world Few if any books on preaching offer such a comprehensive investigation of postmodern thought or yield such a wealth of insights for relevant Christian proclamation Significantly Lose sees postmodernism not primarily as an obstacle to the church but as an opportunity for it to stand once again on faith alone rather than on attempts to prove the faith According to Lose preaching that seeks to be both faithful to the Christian tradition and responsive to our pluralistic postmodern context is best understood as the public practice of confessing faith in Jesus Christ He explores the practical implications of a confessional homiletic for preaching and also provides concrete methods for preparing sermons that meaningfully bridge biblical texts and contemporary congregations

The Homiletic of All Believers O. Wesley Allen, Jr., 2005-01-01 Preaching says professor and author O Wesley Allen Jr should be considered as a form of conversation The church after all is a community of conversation that exists in part to interpret God's purposes for the world and to participate in those purposes The idea of the sermon as a conversation then is not simply a style or form of preaching but an integral expression of the nature and purpose of the church

The Underground Church Robin Meyers, 2020-10-06 The Underground Church proposes that the faithful recapture the spirit of the early church with its emphasis on what Christians do rather than what they believe Prominent progressive writer speaker and minister Robin Meyers proposes that the best way to recapture the spirit of the early Christian church is to recognize that Jesus following was and must be again subversive in the best sense of the word because the gospel taken seriously turns the world upside down No matter how the church may organize itself or worship the defining characteristic of the church of the future will be its Jesus inspired countercultural witness Meyers debunks commonly held beliefs about the early church and offers a vision for the future rooted in the past He proposes that the church of the future must leave doctrinal tribalism behind and seek a unity of mission instead Archbishop Emeritus Desmond Tutu says of this volume Robin Meyers has spoken truth to power and the church he loves will never be the same

Giving Blood Leonard Sweet, 2014-03-25 A Groundbreaking Resource for Preaching If the church wishes to converse effectively with a culture it must learn the culture's language Today shifts in technology mean that language is increasingly one of symbols and metaphors stories and images not words So what does this mean for the sermon that long standing word based tradition of Christianity In this ground breaking resource bestselling author Leonard Sweet offers an alternative to traditional models of preaching one that is fitting to a new culture and a new mode of thinking The first book of its kind to move preaching beyond its pulpit centric fixation and toward more interactive participatory modes of communication Sweet presents both a challenge and a path forward for a church struggling to maintain its relevance in a post modern media saturated culture

Visually Speaking Jolyon P. Mitchell, 2001-01-01 What can preachers learn from the art of radio broadcasting Jolyon Mitchell

considers radio broadcasting in Britain and America including C S Lewis The Radio Padre Ed Murrow Lionel Blue and Angela Tilby He explores how the speaker can create pictures with words and engage listeners in multi sensory ways This book offers theological insights and practical guidelines to enable preachers to listen and to communicate more creatively in today's media saturated world

Devote Yourself to the Public Reading of Scripture Jeffery D. Arthurs, 2012-11-05 Scripture reading should be a highlight of a worship service In this book Dr Arthurs guides church leaders through giving higher priority to the public Scripture reading by increasing both its quantity and quality Includes DVD **preacher as 'first listener' : 'calling' as a source of authority within the Flemish evangelical preaching tradition** Filip De

Cavel, 2020-01-01 The preacher's weekly assignment is brutally repetitive Fill the blank page by Sunday at least twice a month if not even more This book offers a biblical theological and empirical grounding to support the preacher's self reflective listening and sermonizing practices in order for the preacher to be aware of his/her spirituality of listening and discernment **Outcry** Marie Spike, Charles Reskin, 2005 American Voices of Conscience Post 9 11 is an anthology of letters op eds speeches and short essays drawn from a broad spectrum of Americans which eloquently expresses their outrage betrayal and frustration over the corrupt and misguided actions and policies of the Bush Cheney administration since the tragedies of 9 11 Within its pages you'll find stirring monologues passionate rants laser guided satire and proposals for sane nonviolent solutions to our problems From soldiers to seniors from Zen monks to Christian ministers from librarians to libertarians these are the true patriots those who really care what is happening to our society and have had the courage to speak out against dishonesty and deception in our cherished institutions With the publication of Outcry American Voices of Conscience Post 9 11 we hope to weave these myriad voices into a chorus of reason and compassion For they are the voices of conscience unintimidated by the dissonance of militarism corporate greed and the blind uncritical acceptance of flag waving propaganda **The Intrusive Word** William H. Willimon, 1994 Starting from the belief that preaching is an act of evangelism in today's church this book considers what it means to preach to those who have not yet heard the gospel in its life changing disruptive fullness In a lively pointed and at times humorous style Willimon shows how today's pastors must revise their preaching as part of the church's joyful attempt to proclaim Christ

Spiritual Defiance Robin Meyers, 2015-04-28 During his thirty year career as a parish minister and professor Robin Meyers has focused on renewing the church as an instrument of social change and personal transformation In this provocative and passionate book he explores the decline of the church as a community of believers and calls readers back to the church's roots as a community of resistance Shifting the conversation about church renewal away from theological purity and marketing strategies that embrace cultural norms and toward embodied noncompliance with the dominant culture Meyers urges a return to the revolutionary spirit that marked Jesus's ministry Framing his discussion around three poems by twentieth century Polish poet Anna Kamienska Meyers casts the nature of faith as a force that stands against anything and everything that engenders

death and indignity He calls for active sometimes even subversive defiance of the ego's temptations of what he terms the heresy of orthodoxy itself and of an uncritical acceptance of militarism and capitalism Each chapter is a poignant and urgent invitation to recover the Jesus Movement as a Beloved Community of Resistance **The Preaching of Daniel**

Thambirajah (D.T.) Niles Dandapati Samuel Satyaranjan, 2009 Daniel Thambirajah Niles 1908-1970 Sri Lankan theologian

Exilic Preaching Erskine Clarke, 1998-10-01 This powerful collection of articles and sermons focuses on the new location of the church in contemporary North American society a location that may be described by the metaphor exile Walter Brueggemann Stanley Hauerwas Barbara Brown Taylor and Will Willimon here address the growing uneasiness of today's Christians about sustaining old patterns of faith and life in a context where their most treasured symbols of faith are often mocked trivialized or dismissed **Preaching Effectively, Revitalizing Your Church** Guerric DeBona, 2009

Preaching Effectively Revitalizing Your Church offers a practical and theological guide to effective preaching Guerric DeBona an experienced and respected teacher of homiletics uses the metaphor of a ladder to describe the ascent up seven rungs that constitute the strategies of preaching Beginning with advice on discovering a personal theology of preaching the author proceeds to unlock the power of the Bible and the liturgy He then guides preachers in creating a unified homily and in discovering a homiletic method that best suits their own intellect and temperament Chapters on communicating in contemporary culture and on globalizing the homily for the New Evangelization are vital for coming to grips with the technological age and the often bewildering diversity of today's world Finally DeBona challenges readers to recognize and confront their own obstacles to effective preaching Each chapter ends with questions to assist preachers in appropriating the material With bad homilies consistently cited as a factor in declining church attendance Preaching Effectively Revitalizing Your Church answers a very pressing need especially in view of the papacy's urgent call to rescue traditionally Christian countries from the brink of total secularization Book jacket **The Living Church**, 1994-07 **People and Place** Michael

S. Horton, 2008-01-01 In this final volume of a four volume series Michael Horton explores the origin mission and destiny of the church through the lens of covenantal theology Arguing that the history of Israel and the covenant of grace provide the proper context for New Testament ecclesiology Horton then shows how the church is constituted through the ascension of Christ the Pentecost and the Parousia and how it continues to live by the Word and sacraments Horton's goal is to demonstrate the potential of a covenantal model for integrating the themes of the church as people and as place with an urgent concern for contemporary practice
