Without Frontiers The Life And Music Of Peter Gabriel:

Without Frontiers: The Life & Music of Peter Gabriel Daryl Easlea, 2013-09-17 He became famous with Genesis but simply to call Peter Gabriel a pop star would be to sell him very short indeed A quintessential Englishman he has since pursued several overlapping careers bringing to each of them his trademark preoccupation with quality control and restless curiosity In 1975 after leaving the band that made him famous he diversified into writing movie soundtracks various audio visual ventures tireless charity work and supporting major peace initiatives He also became world music's most illustrious champion launching the WOMAD festival and recording solo albums that featured musicians from every corner of the globe These and several other careers make writing Peter Gabriel's biography an unusually challenging task but Daryl Easlea has undertaken hours of new interviews with key friends musicians aides and confidants to get to the very heart and soul of Peter Gabriel his music and his complex life The result is an extraordinary biography of an extraordinary man

Without Frontiers: The Life & Music of Peter Gabriel Daryl Easlea, 2018-03-23 He became famous with Genesis but simply to call Peter Gabriel a pop star would be to sell him very short indeed Peter Gabriel has pursued several overlapping careers neither becoming a parody of his past self nor self consciously seeking new images he instead took his creativeness and perfectionism into fresh fields In 1975 he diversified into film soundtracks and audio visual ventures while engaging in tireless charity work and supporting major peace initiatives He has also become world music's most illustrious champion since launching WOMAD festival These and several other careers make writing Peter Gabriel's biography an unusually challenging task but Daryl Easlea has undertaken countless hours of interviews with key friends musicians aides and confidants Updated and revised for 2018 Without Frontiers gets to the heart of the psychological threads common to so many of Gabriel's disparate endeavours and in the end a picture emerges an extraordinary picture of an extraordinary man Extra features include integrated Spotify playlists charting the best of Genesis output with Peter Gabriel as well as an interactive digital timeline of his life filled with pictures and videos of live performances interviews and more The peculiar white lipped dynamic between Gabriel and his erstwhile Charterhouse chums in Genesis is vividly evoked Record Collector A truly wonderful biography of one of the most amazing artists of our time Highly recommended Douglas Harr author of Rockin the City of Angels

Peter Gabriel Paul Hegarty, 2018-08-15 Peter Gabriel is one of contemporary music's great experimenters From his work in the progressive group Genesis through his pioneering solo albums to his enthusiastic embrace of world music and new technologies Gabriel has remained steadfast in his commitment to redefining music's boundaries and influence geographical virtual and thematic Peter Gabriel offers nuanced and trenchant insight into this enigmatic questing musician and his works into an artist whose constant traveling through identities influences and media defines him as one of modern culture's truly global citizens At the heart of Paul Hegarty's analysis is the idea of locatedness what it means to be in a specific place at a given time and to reflect on that time and the changes which inevitably occur Gabriel's work Hegarty

argues can be understood as a series of reflections on the where of being a facet of existence that spans everything from politics to psychology philosophy psychogeography and inward reflection **Experiencing Peter Gabriel** Durrell Bowman,2016-09-02 In *Experiencing Peter Gabriel* author Durrell Bowman delves into the sounds and stories of the innovative versatile English pop icon As not only a singer songwriter and musician but also a music technologist world music champion and humanitarian Gabriel has consistently maintained an unabashed individualism and dedication to his artistry From 1969 to 1975 Gabriel served as the lead singer flute player occasional percussionist and frequent songwriter and lyricist of the progressive rock band Genesis With the band Gabriel made six studio albums a live album and numerous performances and concert tours The early version of Genesis made some of the most self consciously complex pop music ever released However on the cusp of Genesis becoming a major act internationally Gabriel did the unthinkable and left the group Gabriel s solo career has encompassed nine studio albums plus five film media scores additional songs videos major tours and other projects As a solo artist and collaborator he has worked with first rate musicians and produced unrivaled tracks such as the U S No 1 hit Sledgehammer Gabriel won six Grammy Awards in the 1990s and 2000s as well as numerous additional awards and honors for his music and his videos as well as for his humanitarian work From his early work with Genesis to his substantial contributions as a solo artist Gabriel s music ranges from chart topping pop songs to experimental explorations often filled with disarmingly personal emotions *Experiencing Peter Gabriel* investigates the career of this magnetic performer and uncovers how Gabriel developed a sound so full of raw authenticity that it continues to attract new fans from across the world Peter Gabriel Graeme Scarfe,2024-11-06 If Genesis according to British comedian and fan Al Murray were the progressive rock band who progressed then Peter Gabriel as a solo artist would be the member that progressed the most Who would have thought that listening to early Genesis would eventually take the listener to Senegal Armenia South Africa and beyond via the artistic endeavours of their former vocalist This is a journey through Peter Gabriel s solo albums his live recordings and soundtrack compositions During his forty year plus solo career Gabriel has become a worldwide pop star via his early self titled albums and his seminal 1986 record *So* He has had hit singles throughout his career including the bucolic *Solsbury Hill* in 1977 and the poignant *Don t Give Up* He also helped pioneer video creativity with the song *Sledgehammer* In doing so he has reached beyond his progressive rock origins to achieve a level of popularity and respect that other musicians from that genre could only dream about You may have heard many of these songs before but there s always something new to be found by digging in the dirt This is the perfect guide to his music for new listeners and long term fans alike What on earth is going on In the words of the Burgermeister I will find out Graeme Scarfe was born in the 1960s educated in the comprehensive system in the 1970s and 1980s and graduated from Bournemouth University in the 1990s He has worked as a music journalist sound recordist and stand up comedian He also regularly lectures on Film He wrote the original screenplay for the British Horror film *Lighthouse* and the comedy novel *Seagulls on Speed* which is available from www.seagullsonspeed.com

Major Dudes Barney Hoskyns, 2017-09-28 An indispensable compendium for Steely Dan fans *The Wire* At its core a creative marriage between Donald Fagen and Walter Becker Steely Dan are one of the defining and bestselling American rock acts of the last half century recording several of the cleverest and best produced albums of the 70s from the breathlessly catchy Can t Buy a Thrill to the sleekly sinister Gaucho In the 90s they returned to remind us of how sorely we had missed their elegance and erudition subsequently recording *Two Against Nature* and *Everything Must Go* during the following decade They have

sold close to forty five million albums A lot of people think of them as the epitome of boring 70s stuff novelist William Gibson said in 1993 when Becker and Fagen toured for the first time in nineteen years They don't realize this is probably the most subversive material pop has ever thrown up Now fully embraced by the Yacht Rock generation semi ironic devotees of 70s Southern California slickness Steely Dan no longer polarize lo fi punks and studio geeks in the way they used to In 2001 they were inducted into the Rock and Roll Hall of Fame Major Dudes collects some of the smartest and wittiest interviews Becker and Fagen have ever given along with insightful reviews of and commentary on their extraordinary songs Compiled by Rock's Backpages editor Barney Hoskyns the book's contributors include Charles Shaar Murray Robert Palmer Ian MacDonald Bud Scoppa Penny Valentine Fred Schruers Sylvie Simmons and Michael Watts *Otis Redding* Jonathan Gould, 2018-05-15 The long awaited definitive biography of The King of Soul timed to coincide with the 50th anniversary of Redding's iconic performance at the 1967 Monterey Pop Festival Otis Redding remains an immortal presence in the canon of American music on the strength of such classic hits as Sittin on The Dock of the Bay I've Been Loving You Too Long Try a Little Tenderness and Respect a song he wrote and recorded before Aretha Franklin made it her own As the architect of the distinctly southern gospel inflected style of rhythm blues associated with Stax Records in Memphis Redding made music that has long served as the gold standard of 1960s soul Yet an aura of myth and mystery has always surrounded his life which was tragically cut short at the height of his career by a plane crash in December 1967 In *Otis Redding An Unfinished Life* Jonathan Gould finally does justice to Redding's incomparable musical artistry drawing on exhaustive research the cooperation of the Redding family and previously unavailable sources of information to present the first comprehensive portrait of the singer's background his upbringing and his professional career In chronicling the story of Redding's life and music Gould also presents a social history of the time and place from which they emerged His book never lets us forget that the boundaries between black and white in popular music were becoming porous during the years when racial tensions were reaching a height throughout the United States His indelible portrait of Redding and the mass acceptance of soul music in the 1960s is both a revealing look at a brilliant artist and a provocative exploration of the tangled history of race and music in America that resonates strongly with the present day *The Routledge Companion to Folk Horror* Robert Edgar, Wayne Johnson, 2023-10-09 The Routledge Companion to Folk Horror offers a comprehensive guide to this popular genre It explores its origins canonical texts and thinkers the crucial underlying themes of nostalgia and hauntology and identifies new trends in the field Divided into five parts the first focuses on the history of Folk Horror from medieval texts to the present day It considers the first wave of contemporary Folk Horror through the films of the unholy trinity as well as discussing the influence of ancient gods and early Folk Horror Part 2 looks at the spaces landscapes and cultural relics which form a central focus for Folk Horror In Part 3 the contributors examine the rich history of the use of folklore in children's fiction The next part discusses recent examples of Folk Horror infused music and image Chapters consider the relationship between different

genres of music to Folk Horror such as folk music black metal and new wave sound and performance comic books and the Dark Web Often regarded as British in origin the final part analyses texts which break this link as the contributors reveal the larger realms of regional national international and transnational Folk Horror Featuring 40 contributions this authoritative collection brings together leading voices in the field It is an invaluable resource for students and scholars interested in this vibrant genre and its enduring influence on literature film music and culture **The Medium Picture** Roy

Christopher, 2025-10-15 The ever evolving ways that we interact with each other our world and ourselves through technology is a topic as worn as the devices we clutch and carry every day How did we get here Drawing from the disciplines of media ecology and media archaeology as well as bringing fresh perspectives from subcultures of music and skateboarding The Medium Picture illuminates aspects of technological mediation that have been overlooked along the way Roy Christopher's high tempo lucid prose shows us how immersion in unmoored technologies of connectivity places us in a world of pure media and redefines who we are how we are and what we will be *Post-Self* Roy Christopher, 2025-12-02 Using extreme music

and film as points of departure Post Self digs deep into the darkest thoughts of the most dissatisfied minds minds that want to leave their bodies behind Everyone is looking for a way out Throughout history the physical body has often been seen as a prison as something to be escaped by any means necessary technology mechanization drugs and sensory deprivation rapture or even death Taking in horror movies heavy metal philosophy science fiction and cybernetics Post Self is an exploration of the ways that human beings have sought to make this escape to transcend the limits of the human body to find a way out As the physical world continues to collapse around us and we are faced with a particularly 21st century kind of dread and dehumanization Post Self asks what this escape from our bodies might look like and what it might mean for the future of civilisation Gilded Youth James Brooke-Smith, 2019-02-02 The British public school is an iconic institution a training

ground for the ruling elite and a symbol of national identity and tradition But beyond the elegant architecture and evergreen playing fields is a turbulent history of teenage rebellion sexual dissidence and political radicalism James Brooke Smith wades into the wilder shores of public school life over the last three hundred years in Gilded Youth He uncovers armed mutinies in the late eighteenth century a Victorian craze for flagellation dandy aesthetes of the 1920s quasi scientific discourse on masturbation Communist scares in the 1930s and the salacious tabloid scandals of the present day Drawing on personal experience extensive research and public school representations in poetry school slang spy films popular novels and rock music Brooke Smith offers a fresh account of upper class adolescence in Britain and the role of elite private education in shaping youth culture He shows how this central British institution has inspired a counterculture of artists intellectuals and radicals from Percy Shelley and George Orwell to Peter Gabriel and Richard Branson who have rebelled against both the schools themselves and the wider society for which they stand Written with verve and humor in the tradition of Owen Jones's The Establishment And How They Get Away With It this highly original cultural history is an eye opening leap over the
