Paranormal Perspectives: Portraits of Alien Encounters Revisited Nigel Watson, 2025-07-29 Flying Saucers Unidentified Flying Objects Unidentified Anomalous Objects Foo Fighters Ghost Rockets Phantom Airships Chariots of the Gods whatever you call them strange things have haunted our skies since the dawn of time Are they invaders from outer space as imagined in Hollywood movies Are they the product of psychological sociological and cultural factors Are they nonterrestrial intelligences who are intimately linked to humanity Instead of wrestling with theories and speculation Nigel Watson speaks directly with ordinary people in the United Kingdom who have reported seeing UFOs and a wide range of startling associated phenomena that in the past were considered by UFO investigators as too farfetched or crazy His decadeslong research shows how UFO encounters can often escalate from simple sightings of lights in the sky to sightings of alien entities robots men in black and angelic beings UFO witnesses and experiencers can also be plagued by a lifechanging poltergeist or other ghostly experiences telepathic messages alien communications strange coincidences visions of the future and abductions Many of the stories might seem like science fiction or the very stuff of nightmares yet they are told by people of different age groups social backgrounds and locations Whatever the answer if there is any one answer this is a fascinating look at how UFO experiences have evolved in the UK and reflect similar worldwide changes in our relationship with the unknown *Fortean Times*, 1995 The journal of strange phenomena **Without Consent** Carl Nagaitis, Philip Mantle, 1994 The first book to focus on British abductees Without Consent provides in depth case histories of 40 reported abductions ranging from mysterious missing time experiences to close encounters aboard alien spacecraft **Without Consent** Carl Nagaitis, Philip Mantle, 1998 The first book to focus on British abductees Without Consent provides in depth case histories of 40 reported abductions ranging from mysterious missing time experiences to close encounters aboard alien spacecraft The Extraterrestrial Model Dr. Michael P. Masters, 2022-05-24 In The Extraterrestrial Model Dr Michael P Masters posits that UFOs and Aliens are our future human descendants coming back through time to visit and study their own hominin evolutionary past As a professor of anthropology Masters uses an abductive approach to logically infer the best explanation He examines well documented abductee experiences in the context of this time travel model and considers other theories put forth to elucidate this complex and mysterious phenomenon While no single model can account for all aspects of these encounters in considering various contact cases across the world and through time recurrent patterns emerge that may offer insight into what these objects are who is inside and from where or potentially when they are coming **High Strangeness** Jerome Clark, 1996 Paranormal Encounters on Britain's Roads Peter A. McCue, 2018-02-19 In this detailed book Dr Peter McCue reflects on the enormous range of paranormal phenomena to have been reported along Britain's roads and examines the theory that certain areas seem to be hotspots for such occurrences such as the A75 and B721 roads in southern Scotland and the Blue Bell Hill area in Kent He delves into the sightings of apparitional vehicles encounters with

colliding apparitions phantom hitch hikers out of place big cats phantom black dogs UFOs missing time strange memory gaps vehicle interferences such as mysterious breakdowns and incidents in which drivers and passengers seem to have been translocated in space or time This thorough book debates the evidence and theories in a critical but open minded way and is a welcome addition to the genre **Whitaker's Books in Print** ,1998 Phenomenon John Spencer,Hilary Evans,1989 A serious collection of essays and reports from many sources that tries to separate fact from imagination *The D'Antraigues Phenomenon* Colin Duckworth,1986 The Rise and Fall of Rape on the English Stage Anne Greenfield,2024-08-19 This book examines one of the most pervasive and successful dramatic tropes of the Restoration and early eighteenth century sexual violence During this sixty year span there were over fifty tragic and tragi comedic productions that showcased rape and or attempted rape a remarkable number that was unprecedented in English dramatic history Rape was not merely depicted more frequently during the Restoration but it was also placed at the center of more plots given more pathetic emphasis and even staged more centrally Restoration dramatists were the first to revolve routinely entire plots around the rapes of their innocent heroines to give powerful voices to these heroines post rape and to imbue their sexually violent scenes with new and attention getting staging techniques such as discovery scenes As this book argues sexual violence emerged at this time as a highly flexible dramatic trope that could be used to illustrate terrifying political scenarios elicit extreme pathos in audiences and demonstrate the bearing that lost chastity had on social stability It is precisely the rich multi faceted appeal of these productions politically sexually visually and culturally that explains the popularity and significance of this dramatic trope on the English stage This book will be of interest to students and scholars in Restoration eighteenth century studies and theatre and performance studies **Civilized Violence** Dr David Hansen-Miller,2013-01-28 Civilized Violence provides a social and historical explanation for the popular appeal of cinema violence There is a significant amount of research on the effects of media violence but less work on what attracts audiences to representations of violence in the first place Drawing on historical sociology cultural studies feminist and queer theory masculinity studies and textual analysis David Hansen Miller explains how the exercise of violence has been concealed and denied by modern society at the same time that it retains considerable power over how we live our lives He demonstrates how discourses of sexuality and gender even romantic love are freighted with the micropolitics of violence Confronted with such contradictions audiences are drawn to the cinema where they can see violence graphically restored to everyday life Popular cinema holds the power to narrate and interpret social forces that have become too opaque diffuse and dynamic to otherwise comprehend Through detailed engagement with specific narratives from the last century of popular film *The Cabinet of Dr Caligari* *The Sheik* *Once Upon a Time in the West* *Deliverance* and the pervasive violence of contemporary cinema Hansen Miller investigates the manner in which representations can transform our understanding of how violence works *Civilized Violence* David Hansen-Miller,2016-05-23 Civilized Violence provides a social and historical explanation for the popular appeal of cinema
