James Bond Will Return Claire Hines, Terence McSweeney, Stuart Joy, 2024-01-09 For over six decades James Bond has been a fixture of global culture universally recognizable by the films combination of action set pieces sex political intrigue and outrageous gadgetry But as the British Empire entered the final stages of collapse as the Cold War wound down and the War on Terror began and as the visions of masculinity and femininity the series presented began to strike many viewers as outdated the Bond formula has adapted to the changing times Spanning the franchise's entire history from Sean Connery's iconic swagger to Daniel Craig's rougher more visceral interpretation of the superspy *James Bond Will Return* offers both academic readers and fans a comprehensive view of the series's transformations against the backdrop of real world geopolitical intrigue and sweeping social changes Leading scholars consider each of the twenty five films in the series showing how and why Bond has changed and what elements of the formula have stood the test of time Each chapter examines a single film from a distinct position giving readers a full picture of the variety and breadth of the longest running series in cinema history Close formal readings production histories tracings of the political social and historical influences analyses of the series use of then new filmmaking technologies reflections on the star personas that have been built around the character these and many more approaches combine to produce a wide ranging view of the James Bond film franchise Essential reading for Bond scholars and aficionados alike *James Bond Will Return* brings out the many surprising complexities of an iconic character

Global James Bond Klaus Dodds, Lisa Funnell, 2023-12-20 *Global James Bond Re Imagining and Transplanting a Popular Culture Icon* focuses on the ambivalent yet fascinating interplay between the global and the local in the longest running film franchise in history It explores how James Bond established itself as a global standard for action spy film making and even as a minor global cinema i.e. imagining and how the franchise subsequently inspired a series of genre bending blending and breaking in local visual and some literary contexts i.e. reimagining and transplanting The chapters in this collection consider how the world is envisaged in the official series and subsequently reinterpreted on local and regional levels and how investments with alternative meanings might run counter to the dominant representational and geo political logics of the novels and filmic texts *Global James Bond* is a starting point for further conversation and exchange over an extraordinary film franchise
