Young John McGahern Becoming A Novelist:

Young John McGahern Denis Sampson, 2012-02-23 John McGahern was the most admired Irish novelist of the past fifty years. His accessible fiction won him a wide readership throughout Ireland, but the accomplishment of his craft ensured that he also became known as a writer's writer. He set his novels in places he knew intimately: Dublin, London, and the West of Ireland, where he grew up and became known for the intimacy and honesty of his mapping of home truths of Irish life. His first novel, *The Barracks*, was widely hailed as a classic on publication in 1963, and his later work, including *Amongst Women* and *That They May Face the Rising Sun*, and indeed *Memoir*, is built on the stylistic foundation of that novel. The first ten years of McGahern's career were the crucial for it was during this time that he became an artist. This book explores a young man's discovery of literature, McGahern's youthful realization that books provide both intense pleasure and a spiritual lifeline towards a unique kind of knowledge, matured in his twenties. Struggling to overcome desolating experiences in childhood and abandoning conventional beliefs, he found his anchor in European literary classics. His discovery of how a powerful individual personality could be embedded in novels and stories inspired him. He became an impassioned reader of Proust, Tolstoy, and Flaubert, as well as a select few local writers, the poet Patrick Kavanagh, and the novelist Michael McLaverty, whose work more closely mirrored his own experience and aspirations. Denis Sampson recreates McGahern's personal and cultural circumstances in Dublin and London in the fifties and early sixties, his absorption of the lives and the work of classic writers, his shrewd observations of those he encountered, his definition of the kind of poetic writer he wished to become. He considers McGahern's first efforts as an apprentice novelist and weaves the inner story of the writing of *The Barracks* in 1960-62 into a narrative of his imaginative formation. This is an account of McGahern's triumphant emergence from what he called his years of training in the secret Dublin years. In the decades that followed, whilst he experimented in styles and genres, the foundational aspects of his identity as a writer remained constant.

Teaching John McGahern's "The Dark" Anna Teekell, Ellen Scheible, 2025-10-15 *Teaching John McGahern's The Dark* provides an indispensable companion to the classic Irish novel. With an introduction aimed at first-time readers and four critical essays, this edition guides readers through the novel's famously controversial history. While *The Dark* was initially banned in Ireland for obscenity, scholars now demonstrate that McGahern's novel of adolescence is not obscene but revelatory, exposing the corruption underlying authority structures in mid-century Ireland, from the family to the church to the government's willingness to ignore national and communal trauma. *The Dark* is a story of alarming brutality, surprising tenderness, and poetic lyricism, a reflection of Irish society that maintains historical significance as contemporary Ireland continues to build its national identity. An invaluable resource, this edition gives students and scholars a rich source of contextualizing material to address the themes and significance of McGahern's complex novel.

Shakespeare and Contemporary Irish Literature Nicholas Taylor-Collins, Stanley van der Ziel, 2018-09-18 This book shows that Shakespeare continues to influence contemporary Irish literature through postcolonial

dramaturgical epistemological and narratological means International critics examine a range of contemporary writers including Eavan Boland Marina Carr Brian Friel Seamus Heaney John McGahern Frank McGuinness Derek Mahon and Paul Muldoon and explore Shakespeare's tragedies histories and comedies as well as his sonnets Together the chapters demonstrate that Shakespeare continues to exert a pressure on Irish writing into the twenty first century sometimes because of and sometimes in spite of the fact that his writing is inextricably tied to the Elizabethan and Jacobean colonization of Ireland Contemporary Irish writers appropriate adopt adapt and strategize through their engagements with Shakespeare and indeed through his own engagement with the world around him four hundred years ago

The Found Voice Denis Sampson, 2016-05-12 *The Found Voice* Writers Beginnings uses the means of literary biography and criticism to do something rarely attempted to understand how a key creative period establishes the authoritative voice of a unique artist The essays which explore this hidden process of the writer writing focus on some of the major writers of recent times V S Naipaul J M Coetzee Alice Munro William Trevor and Mavis Gallant The focus of investigation is a single work by each author and many of them identify the book in which this turning point was reached The writers have a somewhat different sense of what the voice is a true voice the voice in the mind the writing voice etc yet all of them accept the phrase finding a voice as a decisive and necessary process towards a unique style and vision their raison d'être as artists These essays allow each one to define his or her sense of the process of writing and their style is exploratory Nevertheless certain patterns emerge of migration and cultural displacement of linguistic self consciousness of memory and a reimagining of the first home of absorbing and rejecting mentors and models Crucially the essays rely not just on what led up to the moment of creation but on a sense of the career that emerged from it Most of the writers have written retrospectively in memoirs interviews or essays about the pivotal work and its foundational significance They are the best witnesses to the process although their silence or their commentary is understood in terms of the many strands of the narrative that each essay presents

Narrating Irish Female Development, 1916-2018 Jane Elizabeth Dougherty, 2024-12-31 *Narrating Irish Female Development* 1916-2018 studies narratives of Irish female and feminized development arguing that these postmodern narratives present Irish female maturation as disordered and often deliberately disorderly The first full length study of the Irish female coming of age story the book develops a feminist psychoanalytic narratology derived from the belated oedipalization of Joyce's bildungsheld to read these stories This study argues that all Irish maturation stories are shaped by the uneven and belated maturation story of the Irish republic itself which took as its avatar the Irish woman whose citizenship in that republic was unrealized as indeed was her citizenship in an Irish republic of letters Dougherty takes the
