

What to Do if You Suspect Your Girlfriend May Be Cheating

If you are concerned your girlfriend is cheating on you, there are some steps you can take to address any issues within your relationship. First, bring up your concerns in a way that is not accusatory, and is focused on addressing your own needs and desires in the relationship. You can even plan a structured conversation and set up a specific time to talk about these wants. Come up with an agreement to do "timeouts" if conflict escalates, and use "I statements" to express yourself. Let her know how her behavior impacts you.
