Your First 90 Days in Network Marketing: A Complete Guide to Social Network Marketing Richard Ramos, 2011-01-01 97% of people in network marketing fail, yet network marketing creates more millionaires than any other industry in the world. **Your First 90 Days In Network Marketing** written by industry veteran of 25 years, Richard Ramos provides individuals a blueprint to build a solid foundation so that they can fulfill their dreams of being able to work from home part time, generating a full time income. Richard Ramos has taken traditional offline companies and transformed them into online powerhouses. In recent years, Richard Ramos took a small business and in two years helped them generate over 1 billion dollars in sales. Even though this book focuses on the network marketer, its simple marketing strategies can be used by almost any business. **Your First 90 Days In Network Marketing** helps you identify your WHY and puts it into action with step-by-step instruction to help you create momentum and develop income for life. This book will take you from traditional belly to belly marketing to what we call Social Network Marketing, utilizing services like Facebook, Twitter, Hubpages, Digg, and much more. We conduct presentations to thousands of people around the world at live events, and we always ask the following two questions: you can fill in the blank with your product or service. How many of you are here to learn more about the _____? Please raise your hands. You always get a few people that raise their hands. Then we ask: How many people are here to learn how to make more money? Do you want to guess how many people fanatically raise their hands with excitement at the second question? Almost everyone. Take notice that we use the word learn in both those questions. People want to learn. The one common denominator in this industry is that people get all hyped up after enrolling at an event or home party and don't know what to do next. Most people in this industry are sponsored by someone that just previously enrolled and also has no experience as to how to build a network marketing business. This book will not take you through the history of network marketing. We cover that subject in our other book, **The Ultimate Guide For Network Marketing Your First 90 Days In Network Marketing**, was designed to help you build a strong foundation over the next 90 days. Why 90 days? 90 days is the point where most people give up. Most people give up because they overcomplicate this business, and they have not been shown an easy systematic way to duplicate themselves. Yes, I used the word easy. Just follow the easy steps outlined in the book, and you'll be on your way to a lifetime of residual income. Our mission is to give our fellow network marketing community a strong foundation to help build their empires in today's ever-changing world of technology, help them become dominant players in the industry, and mentor them to help change the perception of network marketing. Our industry of the

home based business with the help of the internet is now converging globally into what we call Social Network Marketing I m convinced that Social Network Marketing is the only way people will build their financial empires now and in the future Businesses that don t use this model will struggle and possibly cease to exist
