Youth Offending And Restorative Justice

S. Gordon Bazemore

Youth Offending And Restorative Justice:

Youth Offending and Restorative Justice Adam Crawford, Tim Newburn, 2013-05-13 This book provides an empirically grounded theoretically informed account of recent changes to the youth justice system in England and Wales focusing on the introduction of elements of restorative justice into the heart of the criminal justice system and the implementation of referral orders and youth offender panels Taken together this amounts to the most radical overhaul of the youth justice system in the last half century fundamentally changing the underlying values of the system away from an exclusionary punitive justice and towards an inclusionary restorative justice The book explores the implications of these changes by using the lens of a detailed study of the implementation of referral orders and youth offender panels to explore wider issues about youth justice policy and the integration of restorative justice principles It draws upon the findings of an in depth study of the pilots established prior to the national rollout of referral orders in April 2002 The book will be essential reading not only for those involved in the task of implementing the new youth justice but others with an interest in the criminal justice system and in restorative justice who need to know about the far reaching reforms to the youth justice system and their impact Youth

Offending and Restorative Justice Adam Crawford, Tim Newburn, 2003 This book provides an empirically grounded theoretically informed account of recent changes to the youth justice system in England and Wales focusing on the introduction of elements of restorative justice into the heart of the criminal justice system and the implementation of referral orders and youth offender panels Taken together this amounts to the most radical overhaul of the youth justice system in the last half century fundamentally changing the underlying values of the system away from an exclusionary punitive justice and towards an inclusionary restorative justice The book explores the implications of these changes by using the lens of a detailed study of the implementation of referral orders and youth offender panels to explore wider issues about youth justice policy and the integration of restorative justice principles It draws upon the findings of an in depth study of the pilots established prior to the national rollout of referral orders in April 2002 The book will be essential reading not only for those involved in the task of implementing the new youth justice but others with an interest in the criminal justice system and in restorative justice who need to know about the far reaching reforms to the youth justice system and their impact

Victim-Offender Mediation with Youth Offenders in Europe Anna Mestitz, Simona Ghetti, 2006-01-16 This book documents the state of the art on Victim Offender Mediation with youth offenders in 15 European nations Austria Belgium England and Wales Finland France Germany Hungary Ireland Italy Luxembourg The Netherlands Norway Poland Spain Sweden It provides an up to date review of current theory and practice and presents a critical discussion of problems and benefits which may help guide future policy decisions and applications The book informs both those who are interested in evaluating the current state of affairs of Victim Offender Mediation with youth offenders in Europe and those who would like to promote Victim Offender Mediation in their own countries The common format used in each chapter facilitates comparison across

countries Per country five areas of investigation are explored and discussed norms and legislation allowing for the implementation of victim offender mediation programmes values and theoretical frameworks of victim offender mediation organizational structure of victim offender mediation services professional characteristics of mediators benefits potential problems and criticisms of current practice **Integrating Victims in Restorative Youth Justice** Crawford, Adam, Burden, Tom, 2005-11-16 Current youth justice policy aims to introduce principles of restorative justice and involve victims in responses to crime The challenges involved in delivering this in a form that is sensitive to victims are considerable This report provides an evaluation of the manner in which one Youth Offending Service sought to integrate victims

Restorative Justice in Practice Joanna Shapland, Gwen Robinson, Angela Sorsby, 2011-07-15 This book analyzes the practicalities of setting up and running restorative justice schemes the costs involved and the key professional and ethical issues involved such as victims and offenders needs and expectations community and desistance **Juvenile Offending** Thom Brooks, 2023-05-31 Tackling juvenile offending has become a key part of crime reduction strategies The articles selected for this volume examine juvenile offending from various critical perspectives and represent the work of the most influential international figures in the field The issues addressed include the different needs and perspectives of youth offenders whether offenders should be treated differently from others because of their age recommendations of policy changes identification of risk factors issues surrounding the sentencing of juvenile offenders and the relevance of restorative justice **Restorative Justice** Eugene McLaughlin, Open University, 2003-06-02 Restorative Justice brings together key international writings that trace the development of restorative justice from its diverse beginnings to current global policies and practices *Effective Practice in Youth Justice* Martin Stephenson, Henri Giller, Sally Brown, 2013-05-13 Youth justice has become an increasingly important part of the criminal justice system and has faced a wide range of challenges in the last few years Practice within the youth justice system has become increasingly professionalized with important roles being played locally by Youth Offending Teams and custodial establishments and centrally by the Youth Justice Board YJB Key to the professionalisation of the workforce has been the YJB s Effective Practice Strategy and associated HR and Learning strategy that seeks to enable youth offending services and individual practitioners within them to work in ways that are evidence based and informed by the most reliable and up to date research This book is an amalgamation significant update and revision of a series of Readers in the key areas of effective practice identified by the YJB It draws together the best available research in each of eleven key areas of practice considers the principles of effective practice as they relate to those areas and identifies the challenges for those working in the youth justice system The book is an essential resource for people working within the youth justice system those training to work in youth justice and students taking courses in youth justice as part of criminology or criminal justice degrees Providing a comprehensive and up to date review of research and the implications for practice it is designed to meet the needs of students taking YJB sponsored courses with the Open University

in particular K208 the Professional Certificate in Effective Practice which forms part of a wider Foundation Degree

Juvenile Offending Thom Brooks, 2023-05-31 Tackling juvenile offending has become a key part of crime reduction strategies The articles selected for this volume examine juvenile offending from various critical perspectives and represent the work of the most influential international figures in the field The issues addressed include the different needs and perspectives of youth offenders whether offenders should be treated differently from others because of their age recommendations of policy changes identification of risk factors issues surrounding the sentencing of juvenile offenders and the relevance of restorative justice

The Role of Community in Restorative Justice Fernanda Rosenblatt, 2015-04-17 Although restorative justice is probably one of the most talked about topics in contemporary criminology little has been written about how community involvement in restorative justice translates into practice While advocates have presented the community as an essential pillar of restorative justice the rationale for why and how this is the case remains underdeveloped and largely unchallenged This book offers an empirical and theoretical explanation of what community involvement means and what work it does in restorative justice Drawing on an empirical case study and the wider sociological literature *The Role of Community in Restorative Justice* examines the involvement of the community in one selected practice of restorative justice and also considers the implications of the English and Welsh experience for development of a more coherent framework for operationalizing community involvement in restorative justice practices It is argued that restorative justice programmes need to start from a more concrete and up to date notion of community While operationalizing community involvement they need to acknowledge all at once the importance of place the importance of family links friendship and other social ties and the importance of similar social traits and identities This book is essential reading for students researchers and academics in the fields of criminology criminal justice sociology community studies policy studies social policy and socio legal studies This book will also be valuable reading for a variety of practitioners and policymakers particularly working with restorative justice and youth justice

Returning Justice to the Community Edmund F. McGarrell, 2000 Youth Justice: Theory & Practice Jane Pickford, 2012-12-06 This innovative text examines contemporary issues in youth justice in the light of the sweeping reforms introduced by the Crime and Disorder Act 1998 and the Youth Justice and Criminal Evidence Bill 1999 It brings together current debates in both the practice and theory of youth justice intervention and in the light of the governments inter agency approach to the problem of youth criminality provides an inter disciplinary examination of these discussions Including contributions from both academics magistrates and social work practitioners it is a useful text for students of criminology law and social work as well as a valuable resource for youth justice practitioners

The Moral Foundations of the Youth Justice System Raymond Arthur, 2016-12-01 When is it fair to hold young people criminally responsible If young people lack the capacity to make a meaningful choice and to control their impulses should they be held criminally culpable for their behaviour In what ways is the immaturity of young offenders relevant to their blameworthiness

Should youth offending behaviour be proscribed by criminal law These are just some of the questions asked in this thoughtful and provocative book In *The Moral Foundations of the Youth Justice System* Raymond Arthur explores international and historical evidence on how societies regulate criminal behaviour by young people and undertakes a careful examination of the developmental capacities and processes that are relevant to young people s criminal choices He argues that the youth justice response needs to be reconceptualised in a context where one of the central objectives of institutions regulating children and young people s behaviour is to support the interests and welfare of those children This timely book advocates a revolutionary transformation of the structure and process of contemporary youth justice law a synthesised and integrated approach that is clearly distinct from that used for dealing with adults This book is a key resource for students academics and practitioners across fields including criminal law youth justice probation and social work

Balanced and Restorative Justice S. Gordon Bazemore,1994 Youth Justice Roger Smith,2013-12-04 The exciting new edition of this well loved textbook offers a fully expanded and revised account and analysis of the youth justice system in the UK taking into account and fully addressing the significant changes that have taken place since the second edition in 2007 The book maintains its critical analysis of the underlying assumptions and ideas behind youth justice as well as its policy and practice laying bare the inadequacies inconsistencies and injustices of practice in the UK This edition will offer an important update in light of intervening changes as reflected in a change of government and shifting patterns of interventions and outcomes This book will be an important resource for youth justice practitioners and will also be essential to students taking courses in youth crime and youth justice

The New Youth Justice Barry Goldson,2000 This text provides an analysis of the most recent developments in state policy response to youth crime in tandem with the implementation of the far reaching provision of the Crime and Disorder Act 1998

Understanding Victims And Restorative Justice Dignan, James,2004-11-01 Although the topics dealt with are complex the author has been very successful in presenting and exploring them clearly Students may find particularly helpful the summary at the end of each chapter of the main points covered in that section The real strength of this book lies in the critical thinking that arises from the juxtaposition of two very much unfinished debates the question of how victims are treated by the justice system and the practices and implications of restorative justice I feel this book is particularly important because it reframes a whole series of debates and practices which otherwise might be in danger of getting stuck That this is also undertaken by someone who is extremely knowledgeable about the subject matter and perceptive in relation to key issues is an added bonus

Two of the principal and most influential developments within criminal justice policy taking in a variety of common law jurisdictions during the past thirty years have been the rise of the victim movement and the emergence of a distinctive set of practices that have become associated with the term restorative justice *Understanding Victims and Restorative Justice* examines the origins of and the relationship between these two sets of developments and seeks to assess their strengths and weaknesses in meeting the needs of victims

as part of the overall response to crime Written in a lively and accessible style this book is of benefit to students from a range of disciplines including criminology sociology and the law Also helpful to professionals practitioners and policymakers working in voluntary agencies within the criminal justice system

Implementing restorative justice in children's residential care Hayden, Carol, Gough, Dennis, 2010-07-01 Restorative justice RJ and restorative approaches RAs are becoming increasingly valued as a way of responding to a wide range of conflicts including problem and offending behaviours The growth in the use of RJ and RAs has been described as a global social movement that sets out to repair harm reduce conflict and harmonise civil society This report takes a close look at the implementation of an RJ approach in the challenging environment of children's residential care homes It will appeal to people who are interested in the use of RJ particularly its use with children and young people as well as those interested in problem and offending behaviours in relation to children in care

Reimagining Restorative Justice David O'Mahony, Jonathan Doak, 2017-09-21 Restorative justice theory has largely failed to keep pace with the rapid expansion of restorative practices worldwide indeed it is remarkable how much support RJ has when so few advocates can even define what it is As such this insightful and comprehensive new contribution from two of the top scholars on the frontlines of restorative justice research is hugely welcome Professor Shadd Maruna Centre for Criminology and Criminal Justice University of Manchester Reimagining Restorative Justice is a reflective and balanced reconsideration of restorative justice It deftly sweeps across the large literature on the subject putting it in perspective seeing anew through its wide angle lens Empowerment and accountability provide a fertile framework for this richly reimagined justice Professor John Braithwaite Australian National University David O Mahony and Jonathan Doak have made a significant contribution to the confusing and over complicated field of restorative justice theory They do so through their use of empowerment theory to bring conceptual and operational clarity to the concepts of agency and accountability in restorative processes and outcomes As a result they develop a convincing argument for face to face dialogue between victim and perpetrator within the core of the criminal justice system Their emphasis upon ethical and skilful practice is a welcome riposte to the rapid spread of restorative justice lite driven by managerialism and the need to cut costs Tim Chapman Lecturer at the University of Ulster O Mahony and Doak convincingly argue that rapid developments in the practice of restorative interventions have outstripped restorative justice theory They provide both an outstandingly helpful review of the literature and a fresh theoretical approach based on empowerment theory Everyone seriously interested in restorative justice will want to reflect carefully on the authors conclusions Anthony Bottoms Emeritus Wolfson Professor of Criminology at the University of Cambridge In recent years restorative based interventions have expanded rapidly and are increasingly viewed as a legitimate and even superior means of delivering justice The result of this swift but piecemeal development has been that restorative justice practice has outpaced the development of restorative justice theory This book takes up this challenge by reimagining a new framework for the operation of restorative justice within criminal justice In essence it is contended that

the core empowering values of agency and accountability provide a lens for reimagining how restorative justice works and the normative goals it ought to encompass Restorative Justice Marian Liebmann, 2007 Provides an accessible introduction to the philosophy of restorative justice and its application in a wide range of settings demonstrating how it can help to rehabilitate both victims and offenders when harm has been done

Recognizing the exaggeration ways to acquire this books **Youth Offending And Restorative Justice** is additionally useful.
