Gods in America Charles L. Cohen,Ronald L. Numbers,2013-09-19 Religious pluralism has characterized America almost from its seventeenth century inception but the past half century or so has witnessed wholesale changes in the religious

landscape Gods in America brings together leading scholars from a variety of disciplines to explain the historical roots of these phenomena and assess their impact on modern American society **Tricycle** ,2000 **Sex Matters** Osho,2003-07-11 Sex Matters offers a vision of sex that is healthy natural innocent and free from guilt and repression Where other books offer tech niques to practice and games to play Sex Matters offers insight into the psychological and spiritual dimensions of sex In responding to questions from people of all ages and from all walks of life Osho shows how we can by accepting and celebrating sex as a gift of nature begin to use it as a valuable stepping stone in a lifelong journey toward greater self awareness and joy *Great Sex for Moms* Valerie Davis Raskin,2002-05-02 The only book from a physician mom with warm practical and medically sound advice that will help moms reclaim their passion for sex There s one thing that almost every mother knows but won t discuss Sex drive diminishes after a baby is born and it s a struggle to reclaim passion in the years that follow In Great Sex for Moms Dr Raskin brings the problem out into the open at last From her fifteen years as a psychiatrist she knows that mothers silently rationalize that sex will return after the baby sleeps through the night then when the children start having sleepovers and then once the kids go to college And she believes that eighteen years is an awfully long time to wait Dr Raskin reveals the reasons that women s bodies and minds betray them resulting in a sleepy libido The great news is that it s easier than you might think to wake it up Insisting that a healthy parental sex life is in the children s best interests Dr Raskin shows you how to Overcome the feeling that you re the only one in America with a boring sex life Leave your mother persona at the bedroom door to rescue your sexual self Banish the inner censor and talk about sex with your partner Stop frenzied on demand mothering so you can nourish your libido Great Sex for Moms is perhaps the most important book a mother can read for nurturing her marriage her children and above all her own sexuality *The Sexual Revolution in Modern American Literature* I. Glicksberg,2012-12-06 1 The Dialectic of the Sex Motif in Literature Sex is a function of culture in literature today it plays only a small though aggressively righteous part Nature long held in bondage periodically breaks out in revolt but its victory is never complete In every society primitive as well as modern the sexual instinct is for good or evil always subject to some measure of regulation and restraint In literature where the battle between love and sex spirit and flesh is fought out in terms of symbolic action the writers support their cause for or against sexual freedom with varying degrees of evangelical ardor and outspokenness On this issue there is no unanimity for the simple reason that American culture is not unified in its beliefs concerning the nature of man The central conflict between instinctual needs and the claims of the ideal between physical desire and the inner check between Dionysus and Christ goes on all the time Sublimation is the cultural process whereby sexual energy is deflected from its biological source and diverted into spiritually higher and socially more useful channels But sublimation is for most men hard to achieve As civilization grows more complex the individual is exposed to a series of increasingly severe moral strains Pitted against Nature while subject to its laws he must hence forth be governed in his behavior by inner as well as outer controls The Publishers Weekly ,2000
