Omar Khayyam's Secret:

Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 7: Khayyami Art Mohammad H.

Tamdgidi,2024-03-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan s North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam s Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan s North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam s other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam s life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not with reporting on past truths but with creating new truths in the spirit of Khayyam s conceptualist view of reality Iran in fact owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan s North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world s most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli s The Prince by centuries the difference being that Khayyam s purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam s philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to

its poet posthumously Khayyam's other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam's Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam

Hafez 1325 1389 the great lyric Persian poet is known for his ghazals He has published about 500 ghazals and 42 Rubaiyees Themes of his ghazals are the beloved faith and exposing hypocrisy His most popular book Divan e Hafez is a pinnacle of Persian literature and is to be found in the homes of most Iranian people Persian poetry lovers learn Hafez s poems by heart and still use them as proverbs and sayings Adaptations imitations and translations of his ghazals exist in all major languages All Hafez s ghazals are provided in this bilingual book in Persian and English languages The translation appearing in this collection is by Henry Wilberforce Clarke 1840 1905 This book can be useful for Persian and English language speakers and enjoyable for poetry lovers of any age The Tongue of the Unseen Dr. Rahmat Mazaheri Seif,2020-03-25 Since the middle ages Persia has produced more great poets than any other country in the world Sir William Jones about two hundred fifty years ago in his introduction on Hafez wrote At Oxford there is a manuscript containing the lives of a hundred and twenty eight of the finest Persian poets of these according to Iranians the fourteenth century poet Hafez is their last greatest and the most beloved of all even though Persia has had poets like Sa di Khayyam Ferdosi Nezami and Rumi to boast about Iranians take Rumi as a Persian They also consider Hafez as their most difficult poet to understand One may ask how could such a difficult poet be so popular among people of all walks of life No Hafez scholar heretofore has directly addressed or adequately answered this question In this book the author for the first time raises and answers this question by bringing convincing examples from different parts of the divan Another unique aspect of this book is in the fact that the author has interpreted some couplets entirely different than what other commentators have done and sometimes the opposite of theirs Still another difference that we find in this book is the sequence of the couplets in some ghazals The author in order to find the natural unity of the poems he has arranged a new sequence for the couplets Something that is lacking in all available divans The translations are accurately and charmingly done in the form of uni rhymed ghazal and each one is preceded by the original and followed by a commentary something that has never been done before This book is written for English speaking people who wish to know Hafez especially the siblings of the Iranians in diaspora whose children have heard the praise of Hafez from their parents but are unable to read him in Farsi It is for them to read him in english and put to test the judgment of their parents
