Apocalyptic Florentino García Martínez,2018-11-26 The present volume contains a selection of studies on the Aramaic texts from Qumran originally published in Spanish but thoroughly revised here which investigate the contributions made by the Qumran manuscripts to the study of the Apocalyptic Tradition The first three papers collected here are concerned with apocalyptic texts belonging to the Enochic Tradition Book of Noah Books of Enoch Book of Giants and show how the fragmentary copies found at Qumran have radically altered the way in which we understand them The next two studies deal with two texts which were previously unknown and which stem from the Danielic Tradition 4QPrNab 4QpsDan Ar they both notably enrich our knowledge of the traditions of Daniel The last two studies discuss two Qumranic apocalypses 4Q246 11QNJ which reveal the richness and the diversity of the theological conceptions circulating within the Apocalyptic Tradition The book offers a most up to date survey of research on these manuscripts and makes a fresh contribution to the understanding of Qumran and of the Apocalyptic Tradition Alchemist of the Avant-Garde John F. Moffitt,2012-02-01

Acknowledged as the Artist of the Century Marcel Duchamp 1887 1968 left a legacy that dominates the art world to this day Inventing the ironically d gag attitude of ready made art making Duchamp heralded the postmodern era and replaced Pablo Picasso as the role model for avant garde artists John F Moffitt challenges commonly accepted interpretations of Duchamp s art and persona by showing that his mature art after 1910 is largely drawn from the influence of the occult traditions Moffitt demonstrates that the key to understanding the cryptic meaning of Duchamp s diverse artworks and writings is alchemy the most pictorial of all the occult philosophies and sciences **An Introduction to Metaphilosophy** Søren Overgaard,Paul

Gilbert,Stephen Burwood,2013-03-07 A clear and comprehensive introduction to what philosophy is how it should be done and why we should do it **Liberation of Dogma** Juan L. Segundo,2004-08-04 In a playful foreword that isn t Juan Luis

Segundo calls his present work posthumous both because the sensitivity of the topic puts any future works in jeopardy and because it provides the logical key to all his previous theological work Thirty years a theologian Segundo has tried to interpret the meaning of the gospel for believers today One of the pioneers of Latin American liberation theology he has tried especially to discern the relevance of faith to the emancipation of human beings from conditions of oppression In The Liberation of Dogma he turns to foundational questions of Christian faith seldom addressed by liberation theology the meaning of revelation and its articulation in dogma Beginning with a brilliant historical survey of the development of scripture Segundo lays the basis for his understanding of revelation as a process of divine pedagogy an interaction between God and the human community in which the latter learn how to learn The subsequent history of dogma reflects a continuation of the biblical story as the church learns to test and apply paradigms of faith to the challenges of an unfolding

cultural and historical situation Segundo examines the collision that occurred in the Middle Ages when Greek dogmatic formulations carefully worded to address problems posed by Hellenistic culture were imposed on the new barbarian tribes as ready made truths This resulted in the loss of a dynamic understanding of revelation and faith from which the church has only emerged since Vatican II In his conclusion Segundo develops a theology of revelation attuned to the signs of the times a perspective influenced by the experience of Latin America s base communities According to Segundo Knowledge of God as revealing something occurs to us when we are discovered to have a historical sensitivity that converges with God s own intentions It is from a perspective and practice attuned to the Reign of God that we are free to discern God s revelation in history today
