Narratives of Mediterranean Spaces Silvia Caserta, 2022-10-31 *Narratives of Mediterranean Space Literature and Art across Land and Sea* presents a comparative analysis of contemporary literary and visual narratives of movement and migration produced in Italian Arabic and French It analyzes how these works create a dialogue across the Mediterranean Sea By paying attention to the multiple ways in which the Mediterranean is being narrated by contemporary writers and artists Silvia Caserta aims to propose a reconceptualization of the Mediterranean as a polyphonic space of movement and resistance The Mediterranean space that emerges from this study is a space that by virtue of the instability and porosity of its geographical and cultural borders is able to overcome normative dichotomies between north and south east and west local and global This book proposes the Mediterranean is a fruitful area from which to investigate the wider contradictions of the contemporary global world while avoiding the traps of Mediterraneanism For this reason the book highlights the contradictions and dissonances that emerge from reading Mediterranean works opening up multiple perspectives on the Sea and on the different lands that surround it

Desert Voices Kenneth Perkins,1934 **The Bible's Cutting Room Floor** Joel M. Hoffman,2014-09-02 There s more to the story A scholar and translator reveals the history of the Bible and the parts that were left out by accident or design The Bible you usually read is not the complete story Some holy writings were left out for political or theological reasons others simply because of the physical restrictions of ancient bookmaking technology At times the compilers of the Bible skipped information that they assumed everyone knew Some passages were even omitted by accident In The Bible s Cutting Room Floor acclaimed translator Dr Joel M Hoffman gives us the stories and other texts that didn t make it into the Bible even though they offer penetrating insight into the Bible and its teachings The Book of Genesis tells us about Adam and Eve s time in the Garden of Eden but not their saga after they get kicked out or the lessons they have for us about good and evil The Bible introduces us to Abraham but it doesn t include the troubling story of his early life which explains how he came to reject idolatry to become the father of monotheism And while there are only 150 Psalms in today s Bible there used to be many more Dr Hoffman deftly brings these and other ancient scriptural texts to life exploring how they offer new answers to some of the most fundamental and universal questions people ask about their lives An impressive blend of history linguistics and religious scholarship The Bible s Cutting Room Floor reveals what s missing from your Bible who left it out and why it is so important Hoffman also provides an accessible and entertaining history of the context in which the rejected works arose a fascinating account of how the Dead Sea Scrolls came to light in the mid 20th century and what they include an analysis of

Landscape as Sacred Space Steven Lewis,2005-07-15 Steven Lewis's Landscape as Sacred Space Metaphors for the Spiritual Journey invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity Landscape metaphors provide a common and accessible language to articulate one's spiritual journey Spiritual mountains deserts and valleys are dominant landscapes on our journey through life Most people have experienced the joy of a mountaintop spiritual experience the pain of spiritual deserts or perhaps the dreariness too often associated with spiritual valleys There is a tendency however to highlight spiritual mountaintops while avoiding spiritual deserts and ignoring spiritual valleys This leaves many Christians ill equipped either to deal with crises or to integrate God into ordinary life Each landscape offers rich lessons that when combined together lead us toward a maturing faith and into a deeper relationship with God Landscape as Sacred Space is intended to aid those who search for more meaningful ways to articulate their faith journey The book grants permission to struggle with life's landscapes provides safe spaces to reflect on the journey and introduces language that enables exploration and discovery **The Poems of T.
