You Are More Spiritual Becoming:

Spiritual Being and Becoming Eric J Kyle, 2017-05-25 As many as 100 billion neurons make up the human nervous system a system that is incredibly complex and a fundamental part of what makes us who we are But there is far more to human beings than biology Many academic disciplines study the human condition and there are many schools of thought within that study We must also appreciate that the study of human nature did not begin in contemporary times History is full of texts that offer detailed explorations of the human condition However no consensus has yet emerged Consensus or not those working towards religious and spiritual formation pursue the transformation of their communities This book offers a fuller understanding of some of the common views of human nature and also insights into how we might utilise this knowledge in our ministries ministries that strive towards the spiritual being and becoming of our world The Habit of Being in the Spirit ISAIAH MACWEALTH, And immediately I was in the spirit and behold a throne was set in heaven and one sat on the throne Revelations 4 2 The life a believer ought to be a supernatural one We have been born into a heavenly or spiritual realm and thus should be able to interact with that realm and access the fullness of its powers and glory In other words the believer should not be disadvantaged in any way as we have the ability to fully function in and from the realm of the spirit where everything that manifest in the physical realm is determined Also just like the fictional superman a believer should be able to by pass time and space and be transported into different parts of the world and into different realms by the Spirit The scriptures clearly show us this But sadly this is not the reality as some believers are limited and manipulated by Satan and his cohorts where they are supposed to reign This is largely because they do not understand the realms of the spirit how to function in it and the limitless possibilities when one lives or functions from that realm this Satan and his demons understand Thus Satan will do anything to stop the believer from attaining full spiritual faculty functionality I want you to know that there are limitless possibilities to a believer who understands the realm of the spirit However full functionality in the spirit requires the believer to develop the habit of being in the spirit In other words the believer has to learn how to enter stay or spend more time in the spirit This is what the Holy Spirit will have me reveal to you in this book I will share with you the necessity of being in the spirit the different levels and dimensions of being in the spirit and the effects of being in the spirit I will also share with you some amazing experiences I have had in the realms of the spirit Just like John in the scripture shared above I have been transported in the spirit countless times to see hear interact and experience life in that realm and I am so excited to be able to share these experiences with you in this book One thing is for sure this revelation will change your life if you will give yourself to reading and deeply meditating on it by the Spirit The Spiritual Life - Grow & Nurture Your Soul and Relationships Kelly Wallace, 2018-09-01 The subject of spirituality is huge It s also different from one person to the next But every human on this planet has something in common They want to be happier and healthier It seems like it should be such a simple thing to pursue yet so few accomplish it in any big way Why is it so difficult Because up to this point you ve

been attracting negative people or events or being stagnant or riding a roller coaster of highs and lows In this short book I ll show you how to grow and nurture your soul and relationships It doesn t take a lot of time or effort to do it either Honestly it s as easy as changing a few habits and your current ways of thinking It s like switching a light from off to on Soon you ll see life and everything in it more clearly Goals will be easier to pursue Relationships will transform or fall away as needed Money and success will flow steadily as you live a spiritual life

I Am Stronger Than Strong Man Joseph Ngoma ,2025-10-17 I am stronger than strong man is an exploration of the dogma of the strongman a metaphor for the forces of evil that challenge believers in their daily lives The Powerful Guide by Joseph Ngoma stresses that without a deep abiding fear of God and a commitment to living a sanctified life no one can successfully overcome these forces Heavily drawn from biblical scriptures the book illustrates how individuals can harness their God given power to defeat the strongman He reminds readers that through the Holy Spirit every believer has the strength to resist evil and live victoriously I am stronger than strong man addresses the modern day challenges faced by Christians including materialism spiritual immaturity and the lack of genuine leadership in the church He highlights the need for true spiritual leaders who fear God and live lives of humility and sanctification By doing so they can inspire and train others to become stronger than the strongman The book encourages readers to meditate on God s word

as it is through this meditation that one gains the wisdom and strength needed to overcome life's challenges. He also underscores the importance of understanding one's true identity in Christ, which is essential for living a life of victory and power. *I Am Stronger Than Strong Man* is not just a book but a call to action for Christians to awaken to their spiritual potential. It offers practical guidance on how to live a life that reflects the power and authority that comes from being a child of God.

Hagiography and Religious Truth Rico G. Monge, Kerry P. C. San Chirico, Rachel J. Smith, 2016-09-16 The hagiographic materials from the world's religions can tell us much about the beliefs and practices of the people, yet the limited degree to which hagiography has been used as an instrument for understanding diverse religious traditions is surprising. *Hagiography and Religious Truth* provides a clearer understanding of the ways hagiography functions to disclose truth for practitioners and suggests various ways that these underexploited sources enrich our comprehension of broader issues in religious studies. This volume provides a much needed cross-cultural and interreligious comparison of saints' lives, iconography, and devotional practices. The contributors show that hagiographic sources can, in fact, be truths of manifestation which function as vehicles for prefiguring, configuring, and refiguring religious social and cultural life. The editors argue that some meanings simply cannot be communicated effectively through historical-critical methodologies. By exploring how hagiography functions throughout several of the world's religious traditions, this volume illustrates how various modes of hagiography articulate religious ideas and uniquely represent conceptions of sanctity.
