Or will she become another one of his victims? Readers of Patricia Cornwell will love K Moore's gripping crime thriller novella *Killer at Dark Hollow Lake*.

Swede Hollow Ola Larsmo, 2019-10-01 A riveting family saga immersed in the gritty dark side of Swedish immigrant life in America in the early twentieth century. When Gustaf and Anna Klar and their three children leave Sweden for New York in 1897, they take with them a terrible secret and a longing for a new life. But their dream of starting over is nearly crushed at the outset: a fire devastates Ellis Island just as they arrive, and then the relentlessly harsh conditions and lack of work in the city make it impossible for Gustaf to support his family. An unexpected gift allows the Klars to make one more desperate move: this time to the Midwest and a place called Swede Hollow. Their new home is a cluster of rough-hewn shacks in a deep wooded ravine on the edge of St. Paul, Minnesota. The Irish, Italian, and Swedish immigrants who live here are a hardscrabble lot, usually absent from the familiar stories of Swedish American history. The men hire on as poorly paid day laborers for the Great Northern or Northern Pacific railroads or work at the nearby brewery, and the women clean houses, work at laundries, or sew clothing in stifling factories. Outsiders malign Swede Hollow as unsanitary and rife with disease, but the Klar family and their neighbors persevere in this neglected corner of the city and consider it home. Extensively researched and beautifully written, Ola Larsmo's award-winning novel vividly portrays a family and a community determined to survive. There are hardships, indignities, accidents, and harrowing encounters, but also acts of loyalty and kindness and moments of joy. This haunting story of a real place echoes the larger challenges of immigration in the twentieth century and today.

Sleepy Hollow Steven Schnur, 2006-09 That dream again: the clanging clattering donkey, the gypsy peddler, the storm, then waking in a pool of sweat, panting, panic-stricken, disoriented, still hearing the sound of his own terror-filled voice shouting "Mama" as lightning flashed and cold rain coursed down his tear-streaked face, soaking his hair, his shirt, his shoes. He was lost. His heart raced, his breath came in spasmodic gulps. There was no Mama. Mama was dead. And somehow it was his fault. No, it was just a dream, just a terrible dream. He was not that child, not anymore, not now, as he peered through the steamy summer darkness seeking reassurance. Where was he? His sleep-saturated brain told him he was floating on a cloud surrounded by fluttering, filmy waves, flickering lamps, twinkling dots of distant light, and just there, almost directly overhead, a great white beacon drawing him upwards. Was this heaven? Was that beacon? Mama. Don't be silly. It was the moon, and there, her back turned to him, lay Evie, and beyond her, Papa and Mama Vera, and the girls all sleeping soundly on the crowded fire escape from the Prologue to *Sleepy Hollow*. Plagued by feelings of guilt over the death of his mother, intimidated by the foreignness and pace of life in America, the young immigrant protagonist of this novel, set in New York City's Lower East Side at the turn of the last

century finds unexpected redemption in the landscape and language of a literary classic from his adopted home Hearings
