Tails Are Not for Pulling Elizabeth Verdick, 2005-09-15. Pets may not have words but they can communicate. Paying attention to an animal's cues—a joyful bark, a scary growl, a swishing tail—can help a child understand what the animal is saying and what an appropriate response might be. That's part of what this book is about. But mostly it's about showing children how to love pets gently because pets are for loving after all. Kids learn that teasing isn't nice that they can choose to be kind to animals and that if you want to touch someone else's pet there's one important rule you should know: Ask the owner first. A special section for adults includes ideas for teaching kindness to animals, activities, and discussion starters.

While screens can be helpful and fun, they are not intended for use all the time. The American Academy of Pediatrics recommends consistent limits on screen time for children, and adults should take steps to ensure online safety for kids. With straightforward suggestions, children will learn valuable information about online safety, setting healthy screen time boundaries, and the importance of screen-free time. With her trademark mix of empathy and encouragement, author Elizabeth Verdick offers appealing and healthy alternatives to using screens, as well as ways to stay safe and happy when online.
