Art of Understanding Your Building's Personality Wayne P. Sayer,2020-05-14 Wayne reveals how the human body was
used as the model for creating the buildings and high rise structures we live and work in today Yet more telling he walks us
through scientific evidence that shows how our buildings and structures can communicate with people He uses a number of
analogies and real life experiences to reveal how buildings and facilities operate and communicate He systematically
interconnects your cognitive functions with facilities related processes These interrelated functions encompass reasoning
memory attention and related facility engineering terms which lead directly to the attainment of information and in turn
enhance your understanding as a current and future facilities professional as well as that of a novice that would just simply
like to know of Wayne's exploits or a basic curiosity of just how buildings work Daisy Gallagher a global Who's Who within
the built environment and Washington DC insider advances the Foreword of this book to introduce a number of Wayne's
achievements and teachings that includes Wayne being recognized by the 114th Congress of the United States She shares
how Wayne takes the wrapper off some of America's most prestigious companies and organizations to share a few of his
insights and dealings with some of these recognizable structures while ultimately convincing you that buildings are people
