medicine on the edge of a lesser known but equally exciting field that of the power of the mind Certainly the theories presented here may seem avant garde far fetched astonishing and perhaps even criticizable from a medical point of view The fact remains that medicine recognizes the power of the placebo and in doing so it also recognizes those it has not yet mastered Joe Dispenza claims to have made extraordinary healings possible Will you be next Buy now the summary of this book for the modest price of a cup of coffee *You Are the Placebo Meditation 2 -- Revised Edition* Joe Dispenza,2016-02-09 After introducing the open focus technique Dr Joe Dispenza moves into the practice of finding the present moment When listeners discover the sweet spot of the present moment and forget about themselves as the personalities they have always been they have access to other possibilities that already exist in the quantum field That s because they are no longer connected to the same body mind to the same identification with the environment and to the same predictable timeline
