Description Caught up in the migration boom of the 1960s the small child moved as a Ten Pound Pom for this better life promised by her quarrelling parents From their first new home a dry dusty mineral mining town in North Western Australia Riannon relocated to a small harbour city already aware of feeling like a fish out of water After training in hospitality and nursing as more of her essential self grew and unfolded she became an exotic dancer captivating the minds of powerful businessmen across the Far East In an underworld alternative community of gay lesbian transgender and everything in between Riannon followed the standards of others finding herself exploring every area of the sex industry from high class escort to internationally intimidating bondage Mistress She wandered the many twisted often dirty paths Her journey and all those she met befriended lost or buried along the way add to the triumph of self discovery and a woman's true worth Through the eyes of the mysterious veiled Unknown Dancer she became Rehana Incognito now taking your hand on the journey to that point we can all reach which started for herself as a little boy About the Author From a coal mining village in the North of England to a mineral mining town in Western Australia Riannon was dragged by brawling parents as a small child to an unfamiliar upside down world where her parents had come for a better life in the 1960s Experiencing incomprehensible racism along with an awareness of not fitting in her world seemed shattered in many directions Through childhood teens and into adulthood she looked at life from many sides Good or bad light or dark power or helplessness and all it could mean to be male or female The journey down many of those paths took her through a unique perspective of personal growth and discovery to create her own dance and tune for the person she is today Always keeping an open mind of observation understanding and compassion she tugged herself from one end of these spectrums to the other Riannon who

became the celebrated bellydance performer Rehana Incognito unravelled and absorbed the essence of her own powerfully respectful femininity through the unfolding steps of Middle Eastern Dance She now lives in Notting Hill West London There with warmth humour and hope she encourages others searching for their centre and true self either through the confident power of dance or the guidance of a caring hand reaching back in friendship *Crossing Sexual Boundaries* J. Ari Kane-Demaio,2010-12-31 Transgender has become a convenient umbrella term to cover a collectivity of individuals including cross dressers transvestites transsexuals and intersexuals who do not conform to traditional norms of gender identity or behavior Until recent centuries transgender behavior has rarely been the subject of scholarly or public attention During the 20th century medical advances in hormone therapy and reconstructive surgery the worldwide publicity generated by the Christine Jorgensen story in the 1950s and the popularity of such plays and movies as *La Cage Aux Folles* and *The Birdcage* make the subject much more visible for society This book is a compilation of autobiographies of women and men who openly describe their different and often very difficult journeys frankly Using a decade by decade format the contributors provide the reader with critical insights into the process of realization that led to their various gender expressions The contributors include homosexuals heterosexuals and bisexuals and their life stories make clear that a good deal of diversity exists within the gender community A thorough introduction by the editors provides many insights into gender issues from a biological socio anthropological and historical perspective **Losing Culture** David Berliner,2020-05-15 We re losing our culture our heritage our traditions everything is being swept away Such sentiments get echoed around the world from aging Trump supporters in West Virginia to young villagers in West Africa But what is triggering this sense of cultural loss and to what ends does this rhetoric get deployed To answer these questions anthropologist David Berliner travels around the world from Guinea Conakry where globalization affects the traditional patriarchal structure of cultural transmission to Laos where foreign UNESCO experts have become self appointed saviors of the nation s cultural heritage He also embarks on a voyage of critical self exploration reflecting on how anthropologists handle their own sense of cultural alienation while becoming deeply embedded in other cultures This leads into a larger examination of how and why we experience exnostalgia a longing for vanished cultural heydays we never directly experienced *Losing Culture* provides a nuanced analysis of these phenomena addressing why intergenerational cultural transmission is vital to humans yet also considering how efforts to preserve disappearing cultures are sometimes misguided or even reactionary Blending anthropological theory with vivid case studies this book teaches us how to appreciate the multitudes of different ways we might understand loss memory transmission and heritage *Sporting Gender* Joanna Harper,2019-12-03 The Tokyo Olympic Games are likely to feature the first transgender athlete a topic that will be highly contentious during the competition But transgender and intersex athletes such as Laurel Hubbard Tifanny Abreu and Caster Semenya didn t just turn up overnight Both intersex and transgender athletes have been newsworthy stories for decades In

T. Project Marie Newman,2019-09-13 Have you ever looked in the mirror and realized that your interior had nothing to do with your exterior That that outfit that haircut even your posture was imposed on you from the moment you were born It takes a lot of strength to break parameters and create new paradigms for your story As much as you have support from friends family and loving relationships the only person who is born and dies with you is yourself Then why not be happy for you Being trans is not a choice it is something natural and totally inherent only to the human race that has the ability to think and therefore to better adapt to the uniforms imposed by the society in which we live While homosexuality occurs in various animal species around the world deciding which sex you belong to or whether you belong to some definition of normative gender is something totally human and it s up to you Through reading I describe my daily life since I was a man in his twenties raised within male standards until the period I find myself in transition

Yes, You Are Trans Enough Mia Violet,2018-06-21 With entertaining anecdotes and thoughtful observations this memoir depicts the realities of being a trans woman from bullying and botched coming out attempts to self acceptance and love whilst exploring the most pressing questions in the transgender debate

Life Without Pockets Carla Anne Ernst,2018-02 Life Without Pockets My Long Journey into Womanhood is a deeply personal story written to help all audiences better understand gender dysphoria identity and transformation The book is an intimate true story chronicling Carla Ernst s journey from male to female She offers her take on what it s like to transition in the context of societal expectations while candidly revealing the mental emotional and physical impact that gender change can have on a human being This memoir is an inspiring and thought provoking view on being transgender and the challenges of pretending to be someone society says you are until you eventually become the person you know you are The author uses her own experiences to convey the unique challenges of being transgender while providing a broader framework of the many influences that gender has on the individual and people around her In response to the countless questions that Ms Ernst like most trans people receives about being transgender the book is written in an FAQ style Through these experiences Ms Ernst has found her own sense of joy peace and happiness
