Poker is played in many variations but there are three large families. They differ firstly by the way of distribution of playing cards. Cards can be shared by all players or private for each player. They can also be closed, visible only by the owner of cards or open, visible to all. There are also differences in the game base on stakes. The winning hands can be high, low or both high/low. In some embodiments where poker is played high and low, hands certain conditions are imposed on low hands. For example, a player's hand can not contain card over eight, eight or better, or aces can count only as high card, deuce to seven. Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough hewn or polished, warm or cold, charitable and caring or hard and impersonal. It is fickle and elusive but ultimately it is fair and right and just. Lou Krieger *The No B.S. Guide To Winning Online No Limit Texas Hold'em*, **Texas Hold'em**
