- How does ELD fit?** Include an explanation of how each lesson links to where students are currently (academically, or with respect to interests, age, and/or developmental issues), or other learning issues, and how the lessons build on prior content learning and one another.
- Learning activities:** Use bullet points to outline what students will do and how you will ensure they have equitable access to content (e.g., learning activities students will do, how, when appropriate, your students will use educational technology; how you will affirm and validate individual student needs and learning needs).
- Instructional strategies:** Use bullet points to outline what you will do to provide instruction (e.g., modeling, scaffolding, modeling, demonstrating, reading). Identify essential key questions you plan to ask students during the lesson.
- Grouping strategies:** Describe how you will group students for learning.

Describe academic language development considerations and specific adaptations you plan to provide to address ALD.
- Instructional adaptations:** Describe what you will do to support the range of learners in your class who may need adaptations that might support English learners, Standard English learners, students with identified special needs, and other students who need additional scaffolding to address academic or well-being needs.
