Song Interpretation in 21st-Century Pop Music Ralf von Appen, André Doebling, Allan F. Moore, 2016-03-03 Existing books on the analysis of popular music focus on theory and methodology and normally discuss parts of songs briefly as examples The impression often given is that songs are being chosen simply to illuminate and exemplify a theoretical position In this book the obverse is true songs take centre stage and are given priority The authors analyse and interpret them intensively from a variety of theoretical positions that illuminate the song Thus methods and theories have to prove their use value in the face of a heterogeneous contemporary repertoire The book brings together researchers from very different cultural backgrounds and encourages them to compare their different hearings and to discuss the ways in which they make sense of specific songs All songs analysed are from the new millennium most of them not older than three years Because the most widely popular styles are too often ignored by academics this book aims to shed light on how million sellers work musically Therefore it encompasses a broad palette highlighting mainstream pop Lady Gaga Ke\$ha Lucenzo Amy McDonald but also accounting for critically acclaimed indie styles Fleet Foxes Death Cab for Cutie PJ Harvey R. B. J. By concentrating on 13 well known songs this book offers some model analyses that can very easily be studied at home or used in seminars and classrooms for students of popular music at all academic levels

No Poems for Giants

Zeddie Slater, 2014-03

Ryan Frankovic and his best friend, eight-foot-nine giant Luther Brightwell, live in a small midwestern town in the late fifties, surrounded by basketball enthusiasts. In the otherwise ordinary summer of 1956, Ryan and Luther witness the discordant relationship of Ryan's neighbors, Sidney and Claire McMillan, but think nothing of it. But several weeks later, Mrs. McMillan goes missing, and her disappearance leads to months of speculation and even suspicion of murder. About to begin their senior year, the boys soon forget about her in order to prepare for the upcoming sports season, while Luther struggles with his gargantuan height and strength. As the sports season commences, however, the boys start to realize women in other nearby cities have gone missing as well. Despite the distractions of school and college prep, they put together the pieces that soon point to murder and possibly to the killer. What's more, they are shocked to realize that these missing women have something to do with their basketball team.
